MANY MOTOR COPS INJURED ON DUTY

RECORD IN LAKE COUNTY

Dozen Hurt in Past Year And Several Killed in Other Seasons, According To Report

The job of motorcycle policeman is so dangerous in Lake county it is regarded as a wonder anybody can be found to take the positions. A record of the season's activities is truly alarming, but the fortunate thing about it is that there were no fatalities this year. During the past few years several motorcops were killed.

More than a dozen motorcycle officers were injured this season, a check-up shows, among the injured being:

Henry Peterson, Deerfield, broken ankle.
Ambrose Beaudin, Highland Park, broken leg. Worked out of sheriff's office.
Thos. (Red) Burnette, Antioch, worked out of sheriff's office, three broken ribs.
Ralph (Pat) Smith, North Chicago, injured twice. Broken leg and arm, still in hospital.

Walter Repkow, Waukegan, state motor police, broken ankle, still on crutches.

David Peters, North Chicago, badly sprained leg. On duty again.

William Blaylock, Waukegan motor police, twice injured, two badly sprained wrists.

Percy McLaughlin, Deerfield, broken leg, last week, in hospital.

Among those killed in Lake county during the past few years were William Hana, North Chicago, who was burned to death at Lake Villa, and William Peterson, of Winthrop Harbor, shot to death while trying to capture Ignatz Potz, now serving life sentence for murder.

Practically all of the above accidents occurred while the officers were in pursuit of law violators. Speed demons, bright light specialists, and drunken drivers, not only have they taken heavy toll of persons in private life, but the list shows that the officers who are trying to protect them run great risks every day in performance of duty.

ADVICE TO RED AGITATORS

If Citizens of This Country Thoughtfully Compare It With Others, They'll Vote Right

If the citizens of the United States will stop and contrast conditions in this and other countries, they will recognize the fact that the United States is the most prosperous nation in the world today. In savings banks alone there is on deposit \$18,000,000,000.

Some body must have received good prices for their labor or their products. A recent statement by the American Automobile association showed that in the first six months of 1924 there were 15,552,077 automobiles registered in the United States.

This is an increase of 20% over the corresponding period of a year ago and when one takes into consideration that there are only about 110,000,000 people in the United States, this fact alone indicates that there has been prosperity somewhere in our great land.

The voters of the country have at last awakened to the danger that confronts this nation. They realize that many of those in charge of the third party movement are encouraged and aided by the teachings of Trotsky and other individuals who seem to have a mania for destroying, not building. If the individuals are not content to live in this, a country where every child has an opportunity to secure an education, every father has a chance to earn for his loved ones a good livelihood; where every mother has an opportunity to escape the everlasting toil and other things not mentionable that exist in Russia today, there is no law to prevent them from sailing to the land where the Soviet government exists.

An examination of the personal records of some of those who are loudest in their demands for the success of the third party socialist ticket, will undoubtedly disclose the fact that they are in direct communication with the Soviet regime and also that many of them are not citizens of the United States, nor taxpayers at all.

This is a christian nation, not an aggregation of barbarians, and those who believe in Calvin Coolidge have as their slogan, "For God and country."

VOTE FOR COOLIDGE

Mark a Cross in the Republican Circle

CALVIN COOLIDGE

Republican party candidates were chosen by the voters of their party; the party is responsible for their selection; they are responsible to the party as well as to the public.

Calvin Coolidge for President, was the overwhelming choice of the Republican National Convention at Cleveland. For his steadfast adherence to national traditions, his sturdy honesty and executive genius, he has the confidence of the American people.

Charles S. Deneen for United States Senator, was nominated in a direct primary by the Republican voters of Illinois. His record as Governor for eight years and as States Attorney of Cook County for eight years is a part of the history of the state's progress to greatness; his accomplishments in office are the boasts of Illinoisans as citizens.

Len Small for Governor, was renominated by a majority vote of the Republican men and women of Illinois. The building of 4,600 miles of paved road in four years without cost in direct taxes; the reduction of rates to utility patrons of \$25,000,000 per year, with improved service; the reduction of the death rate in Illinois from 13.6 to 11.4 per thousand; the reduction of the tax rate from 47.5 cents to 43.3 cents in the \$100 are historical accomplishments of his administration.

Taxes will be of utmost importance for the next four years. At Washington, following a Democratic administration, a Republican administration has cut the income-tax \$1,380,000,000 per year. At Springfield a—

Democratic administration after four years of an average tax rate of 63.25 cents in the \$100, left a balance in the general fund of **\$528.82**

Republican administrations in seven years (including the war period), have had an average tax rate of 53.38 cents in the \$100, and on October 1, 1924, there was in the general fund **\$11,557,729.54**

To back Coolidge with Deneen in the Senate and a Republican majority in the House; to back Small with administration officials committed to Republican policies and a Republican Legislature; for lower taxes, more good roads, better and cheaper utility service and efficient administration: Vote. And because the straight ballot is the easy ballot and is always counted,
