CHRISTMAS MAIL; HOW TO SEND IT

POSTAL DIRECTIONS GIVEN

Shop Early, Wrap Securely, Address Plainly; Other Regulations Which Must Be Observed

Postal authorities urge shopping now and mailing Christmas parcels early for early delivery.

The postoffice will make every effort to handle the Christmas mails without congestion and delay, but, owing to the enormous volume, this can be done only with the co-operation of the public.

Compliance with the following suggestions will greatly aid the postoffice and insure the prompt handling of your mail.

Wrapping and Packing
All parcels must be securely wrapped or packed in order to reach their destination in good condition. In wrapping ordinary parcels strong paper and heavy twine should be used.

Special Packing
Umbrellas, canes, golf sticks should be re-infused their full length by strong strips of wood tightly wrapped and tied to withstand transportation.

Hat: Pack in strong corrugated or fiber boxes. Ordinary pasteboard hat boxes must be crated. Ladies' hats and stiff hats easily damaged should be marked "FRAGILE."

Shoes: Pack in strong boxes, preferably corrugated cardboard. Wrap with strong paper securely tied with heavy twine.

Cut flowers: Place in strong suitable boxes of wood, tin or heavy corrugated cardboard. Wrap with tissue to retain moisture.

Candles: Inclose in strong outside boxes or containers.

Drawings, paintings, unmounted maps, etc.: Pack or wrap in strong material to avoid damage. When not flat, roll around a wooden core and then wrap and tie carefully or place in strong cardboard tube.

Sharp-pointed or sharp-edged instruments or tools must have points and edges fully guarded to prevent injury to clerks in handling or damage to other mail. Crate suitably or thoroughly wrap so that they can not cut through the wrapping.

Fragile Articles
Articles easily broken or crushed must be crated or securely wrapped. Use liberal quantities of excelsior, or like material in, around and between the articles and the outside container.

Glassware, fragile toys, crockery, must be packed so as to prevent the escape of particles or pieces if broken in transit.

Cigars: Ordinary boxes of cigars wrapped in paper only will not be accepted. Pack in a manner to prevent damage by shock or jar. Wrap in corrugated pasteboard or similar material.

All articles easily broken or damaged must be plainly marked "FRAGILE."

Articles likely to spill within the time reasonably required for transportation and delivery will not be accepted for mailing. Wrap or pack

carefully, according to contents, and plainly mark all such parcels "PERISHABLE." Use special delivery stamps to expedite delivery.

Addresses
Addresses should be complete, with house number and name of street, post-office box or rural route number, and typed or plainly written in ink. A return card should be placed in the upper left-hand corner of every piece of mail. If a tag is used, the address and return card should also be written on the wrapper for use if tag is lost, and a copy of the address should be inclosed inside the parcel.

Postage
Postage must be fully prepaid on all mail. Affix the required amount of postage in the upper right-hand corner. Full information concerning postage rates can be obtained at the parcel-post or stamp window.

Limit of Weight and Size
No parcel may be more than 84 inches in length and girth combined. For delivery locally and in the first, second and third zones, 70 pounds is the maximum weight; in all other zones, 50 pounds.

Where To Mail Parcels
Uninsured parcels four ounces or less in weight may be mailed in street letter or package boxes, at all classified stations and branches, and at such numbered stations as are designated to receive parcels. Parcels weighing over four ounces can not be mailed in street boxes, but must be taken to the main postoffice or classified station or branch. Parcels containing meat, food products, cut flowers, or other perishable matter should be mailed only at the main postoffice or one of the large classified stations.

When to Mail
Christmas gifts and cards addressed to points within one day's travel should not be mailed later than Dec. 20; within two days' travel, not later than Dec. 18; within three days' travel, not later than Dec. 16; for more distant points not later than Dec. 14. Parcels and cards for local delivery should be mailed not later than Dec. 22.

Christmas Cards
The early mailing of Christmas cards is just as important as parcels. Millions of these cards, separate and in envelopes, are mailed each Christmas. Consequently, great congestion and delay occurs in large postoffices, where they are all mailed within a day or two of Christmas. Therefore, if you want your Christmas greetings to reach your relatives and friends on or before Christmas day, follow the instructions in the preceding paragraph relative to mailing early and be certain of delivery before Christmas.

Christmas Stamps and Stickers
Character must not be placed on the address side of mail matter. Posters or stickers resembling postage stamps are not permissible on mail matter. In using Christmas stickers they should be so placed as not to seal the parcel.

Not Mailable, Parcel-Post
Written matter in the nature of personal correspondence can not be inclosed in parcels.

Miscellaneous printed matter
POUNDS can not be mailed as parcel-post. Such matter weighing OVER 4

POUNDS may be mailed as parcel-post.

Communications attached to parcels: A letter placed in an envelope, addressed to correspond with the address on the parcel, and fully prepaid at the first-class rate, may be tied or otherwise securely attached to the outside of the parcel in such manner as to prevent separation therefrom and not obscure the address on the parcel.

Special-Delivery Service
Special delivery service is obtained by affixing a 10-cent special-delivery stamp or 10 cents' worth of ordinary stamps in addition to the regular postage. When ordinary stamps are used, the words "SPECIAL DELIVERY" must be written or printed directly below, BUT NOT ON THE STAMPS. Special delivery is for speed and not for safety. Valuable mail should be registered or insured.

Insure or Register
All valuable domestic parcel-post mail should be insured.

Insurance fees: Value not exceeding \$5, 3 cents; not exceeding \$25, 5 cents; not exceeding \$50, 10 cents; not exceeding \$100, 25 cents.

Coin, currency, jewelry, and articles of similar value should be sent as sealed first-class registered mail.

Collect on Delivery Service
Registry fees: Value not exceeding \$50, 10 cents; not exceeding \$100, 20 cents.

Parcel-post matter may be sent C. O. D. from one money-order postoffice to another; also third class.

Fees (in addition to regular post-office): value not exceeding \$50, 10 cents; not exceeding \$100, 25 cents, to be prepaid with stamps affixed. The C. O. D. fee also covers insurance against loss or damage up to \$50 for a fee of 10 cents, and up to \$100 for a fee of 25 cents, actual value.

Parcels For Foreign Countries
Parcels of mailable merchandise may be sent (subject to certain limitations and conditions) by international parcel-post to all foreign countries except Arabia, Spanish Guinea and Tristan Da Cunha. Parcels weighing 4 pounds 6 ounces or less may be sent to Cuba subject to the domestic parcel-post rates and conditions. Foreign parcel-post packages should be mailed at the main office or large classified stations.

Owing to the long sea travel involved in most instances and customs inspection abroad, foreign parcels should be most carefully packed and mailed in November.

Information
For further information on any of the above subjects or concerning any other postal matter, inquire at the proper window; stamp, parcel post, money order, registry, etc., or see the postmaster or one of his assistants.

URGING PASSAGE OF GAME REFUGE BILL

Sportsmen Interested in Plan To Provide Sanctuaries For the Birds

Sportsmen and conservationists were urged to work for the passage of the game refuge—Public Shooting grounds bill by representative Robert Scholes of Pecunia in an interview yesterday.

As the title of the bill indicates, it provides for purchase by the federal authorities, of game sanctuaries, and rest grounds for migratory birds, and at the same time provides for shooting grounds where any man carrying a federal license may hunt, subject, of course, to such regulations as may be necessary.

According to Mr. Scholes this legislation if passed will mark a great stride towards maintaining the American ideals of sport for all, in contrast to the European system where only the wealthy have an interest in the game or are permitted to shoot. Such a condition is rapidly developing in the U. S. and, if immediate action is not taken to secure large areas of land for conservation of our game as well as providing a reasonable amount of sport for all of us, all hunting will soon be in the hands of a very few wealthy clubs.

This bill comes up for a vote at the next session of congress in December. All expense of purchase of land, control and maintenance will be borne by the hunters without one cent added to general taxes. Write your senator and representative in congress at once, enclosing a marked copy of this newspaper and tell them that you want them to support this bill.

At the next session of the Illinois legislature the sportsmen will submit a similar plan for Illinois, but the passage of this federal law must come first. Get behind this finest piece of conservation legislation ever introduced in state or nation; and see that it becomes a law.

FIRE AT COBB HOME CAUSES LITTLE LOSS

Woodwork Beneath Fireplace Is Ignited; Department Arrives in Good Time

A small blaze under the hearth of the fireplace at the home of Daniel Cobb, Jr., Forest avenue, called the fire department early Monday afternoon. Woodwork in the brickwork under the hearth had become ignited from the fire in the fireplace. Fortunately the blaze was discovered in time, and no serious damage resulted.

UDELL PRINTING CO. GETS FINE WRITEUP

Continued from page one
years publisher of the Rantoul News, at Rantoul, Ill. The sons are twins and learned the printing business in their father's shop. About 20 years ago they removed to Chicago and worked for several years in some of that city's leading printing plants. Mr. Cope, the secretary of the company, is a brother-in-law of the twins. He is an expert accountant and is experienced in connection with the printing business.

"Sixteen years ago John L. Udell bought out a small job plant in Highland Park and he was joined by his brother a couple of years later. About 14 years ago the Highland Park Press was established by John L. Udell. The newspaper has enjoyed healthy and rapid growth, keeping pace with a rapidly growing suburban community. "In the job printing department growth of this company's business also has been phenomenal, and besides doing all kinds of work of this character, the company publishes about 10 different publications each week, besides its own newspapers. These publications include college, academy and school papers, and in addition several monthly periodicals are printed in this plant. A large percentage of their job printing business and advertising comes from Chicago.

"Three years ago the company purchased the Lake Forester newspaper and job plant at Lake Forest, and the business of that office also has been greatly increased in that period, the circulation of the Lake Forester having been tripled. Both the Press and the Forester cover their territory thoroughly and are among the most modern of suburban newspapers, all home-print, showing excellent workmanship in both editorial and mechanical departments.

The company's employes number about 30 in all departments, all experts in their respective lines.

"The business of the company continues to show rapid increase and further additions to both buildings and equipment are planned at an early date."
