

JUNIOR RED CROSS SWIMMING PROGRAM

OUTLINE PLANS FOR 1925

Individual and School Awards To Be Given; Details Given of Preparations for This Annual Contest

Plans for the swimming program of the American Junior Red Cross have now been completed and the campaign will shortly be actively prosecuted throughout the country. The plans embrace individual and school awards to stimulate the competitive spirit among the juniors.

The pupils of any school enrolled in the Junior Red Cross may participate in the program and a school may begin work at any time. Applications for awards, however, are to be sent in not later than Oct. 31, 1925.

Individual Awards

Beginner's and swimmer's buttons will be awarded free to all pupils who demonstrate to a senior member of the Red Cross Life-Saving corps their ability to pass the required tests.

School Awards

A school banner will be given to every school which engages in one or more water safety activities and in which the required percentage of individual pupils are swimming regularly and the required percentage pass beginner's, swimmer's or Life-Saver's tests during the swimming program.

This school award offers opportunity for closely linking up the Chapter with the work of both Junior Red Cross and Life-Saving services. The banners will be distributed from National Headquarters to divisions and chapters, but it is hoped that in a majority of cases the chapter will be glad to pay for the banner and to participate in appropriate exercises at the time of its presentation.

Simply Designed Banner

The banner will be of special design, will be simple and will not cost to exceed \$5. In the few instances where the chapter may not be able or willing to pay for banner

the cost will be defrayed by National Headquarters.

A pamphlet giving complete information about the "All American Junior" swimming program will be forthcoming soon. This program, to be successful, will require the most effective co-operation between Life-Saving and Junior Red Cross services.

RADIO FARM CLUB IS PLANNED BY STATION

Sears-Roebuck Foundation Will Increase Agriculture Aid By Programs

To make radio the handmaiden of agriculture is the object of a national farm club just organized by the Sears-Roebuck Agricultural Foundation station W L S, according to an announcement by Edgar L. Bill, director of the station. The name of the club, to be selected from suggestions being submitted by its listeners, will be announced December 4, according to Mr. Bill.

"For seven months this station has been sending out programs for farm folk," Mr. Bill says, "and experience has convinced us that these programs are the most important we can put on. Radio means more to rural America than any other group and we are proceeding with our program to make W L S more than ever the farmers' station."

"At present we are devoting thirteen broadcasting hours a week to farm subjects, embracing market reports, agricultural news, weather forecasts and talks by leaders in the agricultural world on matters of vital concern to the farmer. It is to tie the various farm features of W L S together, as well as to provide a meeting place for the discussion of farm problems that the farm club idea is being formed. Every W L S listener is eligible to membership."

"The tremendous interest in radio was well demonstrated at the recent Chicago Radio show. The attendance for the week was enormous and it was surprising to witness the attention given the new science by the people out in the country. A good percentage of the attendance was of people from farm and small town and gave added proof that the man in the field has had his fancy caught by radio to no lesser extent than his brother of the crowded city centers."

COLOMBIA EDUCATION SURVEY

A commission of three German educators employed by the government of Colombia to make an exhaustive survey of educational conditions of that country have arrived at Bogota and have taken up their duties.

CHRISTMAS MAIL RECORD EXPECTED

Postal Department Aiming To Give Improved Service; Ask Co-operation

Last year, through the generous co-operation of the press, the movies and other advertising mediums, Christmas mailers were induced to dispatch their Yuletide presents earlier in the month than ever before in the history of the institution of gift exchanging in the holiday season.

As a result, the spectacle of the last minute rush of former years, with its attendant heartbreaking labor on the part of wearied and nerve worn store clerks and postal employees, was avoided.

This year Postmaster General New and First Assistant Postmaster General John H. Bartlett have determined to make an even better record and to banish for all time the suffering undergone in past years by those engaged in the sale or transportation of gifts. They hope to make "Shop Early" and "Mail Early" a habit with the American people.

Mailing early does not mean December 1 or before, but if everyone could get their holiday tokens in the mail between December 10 and De-

ember 20, the post office could not ask more.

Particular attention this year will be paid to greeting cards. Despite the success last year it was noted that the last-minute mail consisted largely of cards. Possibly many of them were returned greetings to friends, heard from on a previous mail, but overlooked on the original Christmas list. Unlike parcels and letters containing money orders, cards, of course, can not well be marked "Do Not Open Until Christmas." Therefore, it is possible that the many mailers hold them until the last to insure delivery on Christmas Eve. This class of mailers this year, however, may find their cards undelivered until after Christmas day.

Believing that the energies of postal employees should not be sapped to the last degree for any avoidable reason, and, intent upon securing for them the same Christmas privileges enjoyed by others, Postmaster General New asks the hearty cooperation of the public. The last-minute, or zero hour has been moved up so that all postal employees may eat their Christmas dinners at home. Rural carriers deliver no mail at all on Christmas day and clerks and carriers in the city offices will stop work promptly at noon.

Beacon Falls Rubber Goods
