NUMBER 46

THURSDAY, JANUARY 15, 1925

COOLIDGE URGES ECONOMY

Coolidge has adopted the policy in enforcing his campaign of economy, as promised to the people, in calling the leaders of his party as well as department chiefs to the White House and personally impressing on them the necessity of what he himself has said, "economy and still more economy." Recently when the chiefs of one bureau attempted in congress to "log roll" for a larger appropriation than the Coolidge budget had allowed he lost no time in impressing on them that a repetition of this offense might result in some vacancies.

The fact that at the head of the nation there is a man anxious to save millions of the people's money and yet fully appreciate it that such savings can only be made piece by piece has already had the effect of curbing and dissipating many departmental day-dreams. As a result all departments of the government are beginning to reflect not perhaps willingly but with a little element of fear the President's ambitions. Meanwhile his basic rule is that with economy there must be increased efficiency.

The co-operation of Secretary of the Treasury Mellon, of course, is genuine and originates within himself. Announcement is now made that the treasury has reduced the public debt by almost a billion dollars within the last twelve months. This makes on a 4 per cent basis an additional saving of nearly \$40,000,000 a year interest charges. Quite a saving of the peoples money.

YOUR INCOME TAX

Your income tax for the year 1924 is less, in proportion to your income, than was the tax for 1923. A rate reduction, however, is not the only benefit afforded by the revenue act of 1924. Increase in the exemption for married persons, a 25 per cent reduction on "earned income," and other changes in revenue legislation are of immediate interest to every taxpayer.

The revenue act of 1924 requires that returns be filed by every single person whose net income for 1924 was \$1,000 or more, or whose gross income was \$5,000 or more, and by every married couple whose aggregate net income was \$2,500 or more, or whose aggregate gross income was \$5,000 or more. Last year returns were required of married couples whose aggregate net income was \$2,000 or more. Husband and wife, living together, may include the income of each in a single joint return, or each may file a separate return showing the income of each. Net income is gross income of less certain specified reductions for business expenses, losses, bad debts, contributions, etc.

The period for filing returns is from January 1 to March 15, 1925. The return, accompanied by at least one-fourth of the amount of tax due, must be filed with collector of internal revenue for the district in which the taxpayer has his legal residence or has his principal place of business.

three months, the other was Mrs. Reed of Glenview.

Miss Marjory Garrity has accepted a position as stenographer in the local office of the Gilbert Johnson and Brother real estate firm.

Mrs. John P. Schneider, Sr., of Jefferson Park visited friends in Deerfield on Thursday.

Mrs. Harry Olendorf and two small sons, Jimmie and Billie returned to St. Louis, Friday after a three weeks visit with Mrs. Olendorf's parents, Mr. and Mrs. W. B. Carr. The Olendorfs are living at Woodlawn Inn in Kirkwood, a suburb of St. Louis. Mrs. Carr accompanied her daughter to Missouri and returned on Saturday.

The body of William Duffy arrived Tuesday noon from Prescott, Arizona, accompanied by Miss Annie Duffy and Messrs. Peter and James Duffy. Funeral services were held Thursday morning at nine o'clock at the Holy Cross church with burial in Mooney's cemetery. (St. Mary's).

Evangelical Bungalow Church

The union services held at the Presbyterian and Bungalow churches closed Sunday evening. They were well attended and all seemed to enjoy the fellowship. Rev. Stakemiller said, "You would not care to live in Deerfield if there were no churches, why not, then, support these institutions of your community, which are for its benefit and uplift? The churches of Deerfield are one in spirit, working for the good of our community. Are you backing these organizations? If not, why not?"

The Christian Endeavor society will hold its monthly business meeting, Thursday evening, January 15 in the church basement.

Some of the people of the Evangelical church attended a meeting in Barrington, Tuesday evening, at which Rev. Favro spoke. A special bus was chartered for the evening. Evangelist Favro, who is conducting special meetings in the Evangelical church in Barrington, had a very successful campaign in the Deerfield Evangelical church last October.

The monthly meeting of the Friendly Bible class will be held at the home of Mr. A. F. Merner, Tuesday evening, January 20.

ROAD CONDITIONS IN THIS REGION

Road conditions have changed since last week's report. The severe cold which for five days reigned in the heels of a sleet and snow storm, leav-northwest eastward on the ing the highways coated with ice. Snow and milder weather has made driving possible but dangerous still and caution must be used, especially on grades.

Warmer weather is predicted for this section of the country, so motorists will have no trouble in and around Chicago. Minnesota highways are still slippery, due to the extreme cold; and touring is uncomfortable. Roads are open however, and tourists are going through.

In Illinois

Dirt roads in Madison county not cindered or oiled, very poor. Paved roads all open but slippery. Chains necessary on some roads. Caution going over hills or on sharp turns.

Ill. 3—Paved between Alton and Jerseyville except 360 feet, which is being cindered by the Alton Automobile Club. This will open route 3 between Alton and Jacksonville about Dec. 28.

Ill. 10—Detour east of Riverton lifted. This is now an all-weather route.

Grundy county paved road open between Wilmington and Coal City.

Indiana Roads

Paved and oiled roads open but slippery.

Ind. 1—Detour at Noad's Corner near Peru lifted. Detour 7 miles north of Kokomo scheduled for opening Dec. 24. South of Indianapolis detour via Dudleytown, Seymour and Crothersville on account of construction.

Ind. 4—Detour just west of Seymour lifted.

Ind. 27—Detour poor around bridge over Elkhart river 3 miles south of Goshen, scheduled to be lifted Dec. 24.

In Wisconsin

All roads open but slippery and dangerous due to sleet and ice. Tourists advised to inquire at clubs for local conditions. Extreme cold in northern section.

Route to Minneapolis and St. Paul is via Wis. 41, Milwaukee to Mavison, Wis. 12 and 29 to state line. Open all the way but slippery.

Time for bargain sales now, but if there are some merchants who desire to carry over their goods until another season, they don't have to worry about advertising them.

Claimed there are many idlers in this country, but the idlers say it is dangerous to hustle and get out of breath.

F. L. Ayer and wife to W. G. Brown and wife jts. WD \$10. St. \$3. Lot 2, Brierhill Subdn, Sec. 33, Deerfield twp.

EXPORTING PHONES WAS BEGUN IN 1878

Although the first commercial telephone exchange in the world was not established until Jan. 28, 1878, at New Haven, Conn., Bell telephones were shipped to Japan, China, Cuba and France some months before that date. The first foreign shipment consisted of two telephones which were sent on September 25, 1877, to Ravier & Company Yokohama, Japan. Shipments followed soon afterwards to Havana, Cuba; Paris, France; and to China, the latter being sent at the request of Cheny Brothers, silk manufacturers of South Manchester, Conn.

Among the earliest commercial users of the Bell telephone in this country was the Farragut House at Rye Beach, N. H., dating from June 15, 1877, the firm of Washburn and Moeen at Worcester, Mass., beginning on July 11, 1877, the city messenger of Boston in August, 1877, the Boston public library dating from August 7 of the same year, and the Forbest Lithograph Company, dating from September 6.

The first public utility company to adopt the telephone was the Boston Gas Company which inaugurated the service on October 15, 1877. The Fitchburg Railroad Company also installed a telephone in October of 1877. Harvard College dates its services from October 3 of that year and the Lewiston, Me., Gas Company from November 15. Evidently the first fire department to make use of the service was that of Fall River, Mass., which dates from September 18, 1877.

In 1877, beginning in June, an average of about 25 telephones was built a day and, as the demand grew greater, the number was increased to between 40 and 50 a day before the end of the year. In 1924 the Western Electric Company was manufacturing nearly 1,000,000 telephones and using 30,000,000,000 feet of wire a year in the construction of telephone cable, but still the demand exceeds the supply.

Scientists declare that 1925 will be a dry year, and if the bootleggers are properly pursued, it will be in this country anyway.

The college students who get married before graduation, will have to take courses of instruction at home as well as in the classroom.

This country may have all the easy chairs and tractor seats occupied by active workers could be made use of.

Your Plans for 1925

No doubt you are planning for the New Year.

Let us suggest that you consider the high grade 7% Investment of this company before closing your arrangements for the year.

This investment combines SAFETY, DEPENDABILITY, STABILITY AND REGULARITY.

This investment consists of the 7% Preferred Shares of this company and they may be had on either a cash basis or on a SAVINGS plan at \$100.00 per share.

These shares are free of the Normal Federal Income Tax and are exempt from Personal Property Tax to residents of the State of Illinois.

Get in touch with us at our nearest office or send us the coupon below and let us explain this investment to you.
