### LOCAL HOCKEY TEAM DEFEATS EVANSTON

Score 1-0, Played at Exmoor; Will Meet Lake Forest Team Here Sunday

The Highland Park team of the North Shore Hockey League playing the best it has displayed all season, defeated the Evanston team last Sunday morning at the Exmoor rink 1 to 0. The game was fast and hard fought and kept the spectators on edge throughout. The two teams were on even terms throughout the three periods of the regular game neither side being able to score and two extra periods were necessary before Highland Park finally won, "Gene" de Bronkart getting the needed point.

The Highland Park team lined up with "Mal" Vall, goal, "Boola" Cobb, and "Ed" Knox, defensive, "Char" Palmer, center and "Nat" Corwith and "Gene" de Bronkart, wings.

The team's next game will be against Lake Forest at eleven o'clock Sunday morning at the Exmoor rink and a fast, exciting game is sure to take place.

### BOX SOCIAL TO BE HELD FRIDAY NIGHT

The Ladies' Aid of the Grace M. E. church will hold a box supper and social in the church parlors tomorrow evening (Friday), January 23rd at seven thirty o'clock. This social is open to the public.

### EVANSTON SCOUTS TO BE HERE SATURDAY

Guests of Local Troops; Hare and Hound Hike, Saturday Enjoyed by Troop 3

Eighteen boys from Evanston will come to Highland Park Saturday afternoon. These boys will be picked from the various scout troops of Evanston, according to their ability, and will be under the direction of Ralph Baker. The boys will be entertained in the homes of members of Troops 2, 3 and 4, of this town for dinner. At 7:30 p. m. Troops 2, 3 and 4 will meet in the Lincoln school gym where the Evanston boys will demonstrate their ability in fire building without matches (twelve ways), signaling (using Morse and semaphore codes), advanced first aid and drilling. The evening will be closed with a fireplace barbecue. The exhibitions should be highly instructive to the boys here as the Evanston boys have been active in scouting for some time and are therefore much better informed. It is expected that lasting friendships will be made through this meeting. Parents of boys are invited to come if they would like to see the exhibitions.

Troop 3 had a lively time last Saturday afternoon when twenty-four boys and two leaders turned out for a hare-and-hounds hike. The first group, under Mr. Anspach's direction, made a trail from Lincoln school to the forest preserve just south of the county line. With false trails, signs, and a treasure all to be watched out for by the boys of the second group were all in the highest excitement. Mr. Anspach's party hid the treasure on a hill in the preserve and then surrounded it to protect it from Mr. Borg's group who had trailed them to their stronghold and were willing to give up their lives to secure the treasure. Any boy hit by a snowball was counted as dead and required to remove himself from the field of battle. It was roughly estimated that about twenty brave warriors were killed in such a manner before the raiding party secured the treasure. After the battle all the dead came to life (one of the advantages of this battle) and some passed their test in firemaking (with only two matches) while others busied themselves with roasting wieners and devouring them.

### LAKE SHORE TEMPLE INSTALLS OFFICERS

Meeting Held in Santi Hall, Highland; Mrs. Ethel Hepburn Installing Officer

On Thursday evening, January 15th Lake Shore Temple Pythian Sisters held their installation of officers in Santi hall, Highland. Ethel Hepburn acted as installing officer assisted by Carrie Peterson and Jennie E. Cummings as grand manager and grand senior.

The work was splendidly done and enjoyed by the members and Deputy Elsa Budd and many visitors. All officers, past, chief, and deputy, were presented with flowers. The past chief Gertrude Gossman was presented a large basket of flowers. Gifts were also given to the installing officers. After the meeting a dainty luncheon was served.

### URGING SUPPORT FOR CIVIC MUSIC SERIES

Response Has Not Been Adequate And Appeal Is Issued By Association

Special attention of the people of Highland Park is called to the following statement by the Civic Music association, under date of Jan. 19, 1925:

The association has completed three of its musical programs which included the best obtainable talent. The remaining concerts are equally as desirable. We need not impress upon you the untold value of making such music not only available to you personally, but to the community of Highland Park. The response to this year's efforts of the association has been generous but has been insufficient, in view of the low prices at which these programs have been purposefully offered, to furnish the financial support required to avoid a deficit. If the community desires the continuance of the opportunity to enjoy this splendid music it will be necessary for increased individual interest among those who wish these advantages for themselves and their children.

In order that this year's program may be carried out in its entirety it was decided at a meeting held following the concert of January eleventh at the Elm Place auditorium, consisting of the committee, guarantors and a large number of patrons to make a further appeal for the necessary finances. You are, therefore, urgently requested in the interest of the community and of good music to arrange for the disposal of one or more additional tickets for the remaining concerts. The cost of each series being \$15.00. The remaining concerts include:

Delamarter solo orchestra.  
 Mina Hager, soloist, Feb. 8, 1925.  
 Business Men's orchestra, March 8, 1925.  
 Civic Music orchestra of Chicago, Frederick Stock, conducting, April 5, 1925.

Can you ask for more splendid music so conveniently and economically offered? The future of community music in Highland Park rests upon the individual response to this appeal.

Please reply promptly to Mrs. Jay S. Glidden, secretary, 347 Central avenue, Highland Park, Illinois.

### MANY ORGANIZATIONS HEAR TALKS ON DRIVE

Speakers Bureau of Hospital Drive Report; Mrs. Kline Is Chairman

During the past week the following meetings were covered in the interests of the Hospital Drive as reported by Mrs. W. L. Kline, chairman of the speakers' bureau of the Highland Park Hospital campaign.

T. A. of Highwood, Wednesday. Tonight the American Legion, Pythian Sisters of Highwood and Scandinavian Society will be addressed.

### JOHN LAING DIES SUNDAY MORNING

Had Made His Home With Frank Laing Family; Funeral Held Tuesday

Mr. John W. Laing, brother of Mr. Frank A., and Mr. Edward M. Laing passed away at the home of the former on Sunday morning, January 18th, as a result of heart trouble with other complications.

Mr. Laing will be remembered in the community as having made his home with the Frank Laing family a few years ago. Before his recent illness, he resided in Chicago. Services, at which the Rev. Frank Pitt officiated, were held at the Laing home Tuesday afternoon at half past one, with burial at Rose Hill cemetery, Chicago.

Mr. Laing leaves to survive him, two brothers, Mr. Edward M. Laing, and Mr. Frank Laing, both of this city, four nephews, and eight nieces.

### YOUNG GIRL SHOWS ARTISTIC TALENTS

These interested in art work here are notably impressed with the remarkable talent exhibited by Miss Margaret Jacks, daughter of Dr. and Mrs. Robert Jacks, who, though but 13 years of age, has made wonderful progress in drawing, her reproductions of both animated and still life being far above the work of many students of adult years. This remarkable child was born in the Philippines, where her father was then in the U. S. Army Medical corps, and from early years she has shown marked artistic talent. A brilliant future in this line is predicted for her.

### NEW PHONE MEASURE TRANSMISSION UNIT

Takes Place of Mile of Standard Cable Hitherto in General Use

The "mile of standard cable," which has been used in telephone engineering in this country for more than twenty years and has been adopted in other countries as the unit for expressing the transmission efficiency of telephone circuits and apparatus, has lately been replaced in the Bell system by another unit which is becoming known as the "transmission unit," abbreviated "TU."

The "mile of standard cable" served its purpose for a long time, but in the last few years the advent of carrier telephony and carrier telegraphy, together with the development of improved transmission measuring devices, have made it advisable that a new unit be standardized. The new unit differs from the "mile of standard cable" by only a few per cent in magnitude and is an improvement in other important respects. Already the new unit is receiving favorable consideration from some of the more important European telephone administrations.

### IS JAIL RESIDENCE OR OFFICE? QUERY

Nebraska Utilities Commission Has Puzler When Sheriff Installs Phone

Should a county jail be considered a residence or an office is a question which is perplexing the Nebraska Utilities commission.

Certainly the Sheriff would consider the jail a place of business, for it serves as his headquarters during the time he is holding his office. On the other hand, do the prisoners regard their cells as homes? The frequency with which some prisoners get back in jail after once they get out might seem to indicate that they hunger for the joys of home life, but the Nebraska commission is not yet convinced that the county jail is entitled to a residence telephone rate.

### The Winter Supplies

The old tradition had it that on "Groundhog Day," February 2, the householder should have "half his wood and half his hay." About this time in midwinter, the old timers used carefully to survey all their stocks of provisions and fuel, to see if they would hold out through the winter.

At present many families put in their stocks of fuel for a year, but as a rule the habit of stocking up in advance has lapsed. The public buys in small quantities as a rule, and pays more for its stuff in that way. Many families remark that they cannot do otherwise, as they lack suitable storage places for supplies. If they bought fruits and vegetables and groceries so far ahead, the stuff would often spoil, as they think. Probably if we ran our households in the careful ways the old timers followed, we would have suitable storage places through which the advantages of buying in larger quantities could be gained.

### The Sun Worshipers

The sun is not a popular member of the heavenly fraternity around July Fourth.

But during the winter and spring, the sun is looked at as a dispenser of comfort and happiness. Travelers journey long distances to winter resorts so that they can sit on porches bathed in his rays. At home the housewife values her sunny rooms, she places her plants under his influence, and even the cat follows his light around from one side of the house to the other. People are happy on bright days with clear sunlight, and depressed when the same is obscured by clouds.

### PUBLIC LIBRARY

Winter Sports

The crunch of glistening snow under foot — the ring of steel on sparkling ice — the keen exhilaration that comes from tobogganing down a long grassy incline — the thrill that you get when ski-jumping — the fun that always accompanies snowshoeing and coasting parties — is it any wonder that winter stands out in your mind as one of the best times of all the year? Somehow there's no pastime better warranted to make you glad you're alive than the fun of snow and ice sports — no list of books for winter reading which will be more genuinely popular with an outdoor sportsman than the following:

Vivian Caulfield—"How to Ski."  
 W. D. White—"Book of Winter Sports."  
 Elgin Jessup—"Snow and Ice Sports."

MILDRED H. CREW, Librarian.
