The principal prize is a four years' university scholarship, and the contest is open to all high school students. The essay, not exceeding 700 words, must be in the hands of school principals or teachers by May 1, 1925. Further information may be obtained from the Highway Education Board, Willard Building, Washington, D. C.

## THE MAN WHO HAS VISION

The man without vision will never achieve success in the highest sense of the term. No man who does not cherish the hope of greater and better things to be accomplished in life by himself and others, through the right kind of effort, can ever hope to achieve anything worth while. The man who does succeed is the man who recognizes the material things of life with all their narrowness and sordidness and utilizes them to make his dreams come true.

Such a man does not shrink from his task, no matter how irksome, because the labor of achieving is less attractive than the pleasure of dreaming. Instead, he faces forward with courage and looks upward with high and holy determination to realize in his own experience and by his own efforts the splendid things which he has seen in dreams and strives to make out of the realities of life the perfect things which he knows are possible to be made, if only hope is high enough and courage strong enough.

No great success in the long, hard history of human endeavor was ever attained that some clear-eyed seeker after truth did not first visualize in his innermost brain recesses; no decisive victory in the battle of life was ever won that was not first planned and worked out by the mind of some dreamer who had the courage of his convictions.

## AN EASTER WISH

May this and every Easter day bring to us all renewed joy in life; and if there be any Gethsemane, may it blossom forth with into lilies of peace beneath the sunshine of love and happiness. For every sacrifice may there be doubly precious reward, for every tear a thousand smiles.

## RADIO PROMOTOR OF CRITICAL JUDGMENT

Visiting English Member of Parliament Discusses Its Influence

"I have heard it said that the last presidential election was determined by the 'radio mind,'" writes H. A. L. Fisher, British Parliament member and educator, in describing his impressions of the changes in America during the past fifteen years for the April Scribner's Magazine, "that the listeners-in' being immune from the temperamental excitement which is generated by a great meeting, conceived a disgust at the extravagance of the Democratic convention and determined to vote Republican by way of protest. I cannot believe this. The result of the presidential election is capable of a very much broader explanation. America said to herself, 'We are very prosperous as we are, why change?' The mammoth plural-

ity of Mr. Coolidge requires no further diagnosis. "Still it would be idle to deny to this new and wonderful invention great potentialities of influence in the future. The listener-in forms his own judgment in the quiet atmosphere of his own home. His verdict, therefore, is likely to be less emotional than that of the frequenter of public meetings; the 'psychology of the crowd' has less influence; prose counts for more; poetry weighs lighter in the balance. One might expect then that the listening-in habit will tend to reduce the value of mere oratory and to strengthen the reflective elements in the public opinion of the nation. If so, its influence will be all to the good."

The gilded youth are getting ready to accept positions, but the business men are looking for those who are merely going to work. The sentimental crowd who are looking for love nests, frequently develop into the setting hens that won't stay on the eggs.

## DEERFIELD

The next meeting of the Garden Club of Deerfield will be held at the home of Mrs. James Hood on Wednesday afternoon, April 15. The leaders will be Mrs. C. W. Boyle whose subject is to be "Shrubs from Cuttings," and Mrs. R. B. Patterson, who will speak on "Vines and Trellises." Members who were not at the last meeting are urged to be present to receive the seeds to be planted for the fall exhibit.

H. Newcomb and Mrs. George Engstrom. Mrs. Walter Metcalf will give a report on the conservation exhibit held last month in Chicago at the Davis Store.

Mrs. R. E. Pettis is very ill with septic sore throat. Stanley Anderson, who is employed in Knaak's Drug Store, is running for village clerk against the present incumbent, Chester Wessling.

The party given at the Deerfield Grammar School on Saturday evening by the teachers was a splendid success. The money raised is to be presented to the P. T. A. to increase their exchequer. Nearly \$100 was raised by the affair.

Work has started on the sewer. Tile has been distributed to all the streets, and digging started.

Now that the sewer question is settled the next step should be to number all houses and re-name and straighten out the location of the streets.

Mrs. J. A. Reichelt, Jr., was the luncheon guest of Mrs. Grant Beebe of Chicago, state chairman of education of the Illinois Federation of Women's Clubs, who entertained the district chairmen of the state.

Many complaints have been received of the large number of children who play on the Highland Park to Deerfield road, thus endangering their lives. Motor traffic is too heavy for the use of the road as a ball ground.

## Presbyterian Church

The Missionary Society of the Deerfield Presbyterian Church will serve a thirty-five cent luncheon at noon Thursday, April 16, from 12 to one o'clock in the assembly room of the church. This will be followed by an address on Africa and the American negro, by Mrs. Stone of Chicago.

The service on Palm Sunday was very well attended. Twelve persons united with the Church and ninety-two partook of Holy Communion. During this week services are conducted every evening at 8 o'clock with the exception of Saturday evening. Children of the Church-school are asked to bring a colored egg or two next Sunday which will be sent to needy children in Chicago.

ly business meeting and social in the church basement. Mr. Floyd Stanger joined the society as an active member.

Mr. Stanley Anderson rendered a beautiful solo entitled Jerusalem Sunday morning in the Bungalow church.

Next Sunday evening, April 12, the choir will render their Easter cantata entitled "The Disciple" under the direction of Mr. Stanley Anderson at 7:45 p. m.

Rev. Eldon A. Ramige will not be pastor of the Bungalow church, as expected. He has accepted a charge in Chicago, and will attend school in the city. He was a former pastor when the services were held in the old church so he will not come on the field as a perfect stranger.

Mr. Williams, a student at the Moody Institute has been occupying the pulpit for the last three Sundays in the Bungalow church.

The Women's Missionary society held their monthly meeting at the church Tuesday afternoon, April 7. Evangelical Bungalow Church

## DISCUSSES FOLKS WHO TELL TRAVELS

Says Most of Them Are Bored and Quotes Quip by Chesterton

"People who talk about their travels are bored," says William Lyon Phelps in "As I Like It" in the April Scribner's Magazine. "Three hundred years ago, the dean of St. Paul's, John Donne, in a burlesque will, bequeathed 'my silence to any that abroad hath been.' But literary pilgrimages have an especial interest to lovers of books, and the only travels that I venture to talk about are the journeys that I have made to literary shrines. I suppose there is no man in the world who has less of the frontiersmen in him than I; I have not the smallest inclination to visit wild or waste places, or to be the first man to climb a mountain. I had rather be the last man up the mountain; for the mountain becomes to me more steadily interesting in direct proportion to its human associations. I had a good deal of sympathy with G. K. Chesterton when he said: 'I will lift up mine eyes unto the hills, but I will not lift up my carcass thither.'"

## NOT PACIFIST STYLE

In an effort to curb bank robbing the Illinois Bankers' association will purchase weapons to arm town guards. According to the pacifist doctrine the proper way to handle the situation would be to arm all the town guards with tracts and powder puffs.
