LIBRARY NOTES

Most in demand, perhaps, among the new books of non-fiction at the Public Library, is Lowell Thomas' "With Lawrence in Arabia." Col. Lawrence is a Kipling hero in real life, being his British Majesty's "Adviser on Arab Affairs." Mr. Thomas tells the story of this twenty-six year old poetic dreamer, the retiring scholar who, previously, had chosen to lose himself in the desert, examining ruined cities, how he felt the call of the World War, turned up long enough to join the British army, and then disappeared again into the desert. When next heard of he was the trusted advisor of wild old Hussein, King of the Hedjaz, virtually head of his armies, idol of the Arabs, who believed that he bore a charmed life. "When we were very young" by A. A. Milne, has just been added to the poetry shelves. In this delightful book of children's verse, Mr. Milne reveals a delicate fancy and ingenious imagination. The charm and humor of the poems—to say nothing of their irresistible rhythm—puts them in the very front rank of verses for and about children.

"The Mother's Recompense" by

Edith Wharton bids fair to lead the list of spring fiction at the Library. In this book Mrs. Wharton reveals with incisive strokes the life of the fashionable society that today has followed that of Old New York of which she wrote a year ago. On the Skokie and along the Des-
Plaines, there is a stirring in the bloom, and the lure of the out-of-doors makes itself felt. The enjoyment of the spring and the outdoor life can be much enhanced by the knowledge of who's who among the birds. The following books, all well illustrated, are the means of that end, and are on display at the Public Library:
Baily, W. L.—Our own birds.
Baynes, E. H.—Wild bird guests.
Chapman, F. M.—Camps and cruises of an ornithologist.
Chapman, F. M.—Travels of birds.
Coale, H. K.—Birds of Lake County, Illinois.
Doubleday, N. B.—Bird neighbors.
Doubleday, N. B.—Birds worth knowing.
Finley, W. L.—American birds photographed and studied from life.
Job, H. K.—The spect of bird-study.
Kutchin, Victor—What birds have done for me.
Nuttall, Thomas—Birds of the U. S. and Canada.
With the official opening of spring

CITY ELECTION AT HIGHWOOD APRIL 21

Two Parties in Field, Peoples and Citizens; Candidates and Policies

Two tickets are in the field in the city election at Highwood to be held next Tuesday, April 21, the People's Progressive party and the Citizens party. The candidates are as follows:

For mayor—Joseph Severson, Citizens; Thomas E. Welsh, People's.

For city clerk—Fred Ehrens, People's; Citizens, no candidate.

For treasurer—John J. Flannigan, Citizens; John Meyers, People's.

For police magistrate—George Rettick, Citizens; Sam Santi, People's.

For Aldermen
First ward—John A. Bond, Citizens; Charles Glass, Peoples.

Second ward—Emil Carlson, Citizens; John Llewellyn, People's.

Third ward—Citizens no candidate; Robert Botner, People's.

The following information regarding the respective parties and candidates is furnished by friends of the two tickets:

Citizens Ticket

Mayor Severson has agreed to again be a candidate for mayor upon the many requests from citizens and friends in Highwood. In his term as mayor the last two years there has been a great deal of progress made toward improvements—19 streets have been paved and two water mains and two sewers laid, with contracts let recently for two water mains and two sewers on which construction will start in a few days, it is understood. The changes brought about by the efforts of Mayor Severson on improvements as well as in police service has been noticed and appreciated by outsiders along the North Shore as well as by local citizens, his friends report, and they hope such improvement work and good management may continue.

The Severson campaign committee gives out this statement:

Peoples Progressive Ticket
The Peoples Progressive party has issued a statement as follows:

The principle of this ticket is to see that Highwood progresses in the future the same as it has in the past five years; also this ticket is supported by five of the present city officers: Joseph Bleyer and Charles Glass, aldermen of the first ward, Fred Ehrens, city clerk; William Rudolph and Robert Botner, aldermen, third ward. All appointments will be made by the city council and approved by the mayor; also to see that the city is properly patrolled by day policemen and a night policeman, who will be in a position to drive our fire truck when an alarm is given at any hour of the night; as we all know that our city is in need of a new fire truck, and in this respect it will enable us to protect our investment at all times.

All matters of importance will be left to the citizens to decide. We are bitterly opposed to the roundhouse and also to any annexation to any other community, as we all feel that we are strong enough to maintain our city affairs. This is our pledge to the citizens of Highwood. Trusting that we will receive all your support by voting the Peoples Progressive ticket straight; election to be held Tuesday, April 21.

Peoples Progressive Party.
WLS RADIO STATION TO BE IN WILL CO.

Crete, Illinois, in Will county, has been selected as the site of the new super-power station to be erected shortly by the Sears-Roebuck Agricultural Foundation, it has been announced by Edgar L. Bill, director of the station. The new station will replace the 500-watt equipment now in use by WLS.

The location of the station is considered by engineers ideal from every point of view, states Mr. Bill. Embracing more than four acres of ground on an elevation just outside the southern city limits of Crete, it will be the most outlying station in the Chicago territory. An amplifier station is to be maintained at Harvey, Ill.

Work on the building to house the station will begin at once, according to Mr. Bill, and it is hoped to have it ready for use before many months. In addition to the 200-foot aerial towers, the station proper will be housed in the most modern quarters, provision further being made for additional units as may be required by advances in the science of broadcasting. Constant touch will be kept with the Chicago studios of the station by a system of remote control from the Sherman hotel very much along the lines used at present.

Pearson, T. G.—The bird study book.
Porter, C. S.—Homing with the birds.
Reed, C. A.—Bird guide—land birds east of the Rockies.
Thompson, Maurice—By-ways and bird notes.
Weed, C. M.—Birds in their relation to men.
Wright, M. O.—Birdcraft.
Mr. H. K. Coale, an ornithologist and resident of Highland Park, has recently presented the library with an owl which he himself caught in Lake county and stuffed and mounted. Mildred H. Crew, Librarian.

HOSPITAL PLANNING ANNUAL CELEBRATION

To Observe National Hospital Day on May 12; Will Keep Open House

Officers of the Highland Park hospital are already making plans for the observance of the fifth annual National Hospital Day on the anniversary of Florence Nightingale's birthday, May 12, according to an announcement by Mr. Sellar Bullard, the president of the hospital.

National Hospital Day has been celebrated each year for the past five years in order to enable people to get better acquainted with what hospitals stand for in the community, and the many services they render. The Highland Park hospital is most anxious to have as many people as possible come to the institution on the afternoon of May 12 between the hours of two and five to see how well the hospital serves this community.

According to word received by the Highland Park hospital from Dr. William H. Walsh, executive secretary of the American Hospital association, the headquarters of which are in Chicago, the observance of National Hospital Day has spread not only through the United States and Canada but also to Australia, Alaska, China and Egypt. National officials, governors of states, local authorities, clubs and business houses are co-operating with the 7266 hospitals in the United States and Canada in an endeavor to spread knowledge of the importance of hospitals to their communities, while the hospitals themselves have entered into the movement with unbounded enthusiasm.

The Highland Park hospital has already made tentative plans for an open house on the afternoon of this day at which time a baby party will be held for all infants born in the hospital in recent years. Several of the departments of the hospital, such as the X-ray department, the operating suite and the laboratory, will be open for inspection.

Preliminary plans are being made for a mass meeting in the auditorium of the Elm Place school on the evening of May 12. There will be music, an address on some phase of public health by a prominent speaker and several one-reel moving pictures.

Details of the program of the day will be made public from time to time but in the meantime the institution issues a cordial invitation to everyone to come to the hospital on May 12 and get better acquainted.

ART LEAGUE MEETS THIS AFTERNOON

The North Shore Art league will hold its monthly get-together today at Community House, Winnetka. Mr. Emory P. Seidel, the well-known sculptor and winner of the Shaeffer prize for Sculpture at the Art Institute, Chicago, will give a complete demonstration of the art of the sculptor.

This will include making the armature modeling, casting, how moulds are made; in short everything up from the inception of the idea to the finished product. Come and bring your friends. The time is 3 o'clock p. m.

The North Shore Art league recently held a successful exhibit at Elm Place school.

On Saturday, April 18, Mr. Ben Marshall will keep open house for the members of the North Shore Art league in his magnificent studio at Wilmette, from 2 to 4 o'clock in the afternoon.

ORGAN CONCERT IN EVANSTON TUESDAY

Herbert E. Hyde Presents Seventh Recital at St. Luke's Church, April 21

The seventh North Shore community organ concert is to be given on St. Luke's great organ Tuesday, April 21, at 8 p. m., by Herbert E. Hyde, dean Illinois Chapter American Guild of Organists. The program is a "bow to the season," every number having been selected as appropriate spring music. It includes the Gullmunt "Sonata No. 1" with its exquisite Pastorale movement; two MacDowell numbers "To a Wild Rose" and "To a Water Lily"; a number by the Chicago composer, Stebbins, "In the Lifting Spring Time"; the Mendelssohn "Wedding March" from Mid-Summer Night's Dream; the Bach "Bourne" transcribed for the organ; Godard's "Berceuse from Jocelyn"; Schumann's "Traumerel"; the familiar Mendelssohn "Spring Song"; and a new composition "Spring" by Mr. Hyde. The concerts are free and the public is cordially invited.

Claimed the federal government should own and operate everything, but we positively decline to allow them to operate the cookstove, as they wouldn't have dinner until next day. Questions asked what becomes of all the lost baseballs?irate householders could tell where a large number that came over on their lawn have gone to.

CARD OF THANKS
The family of the late Charles L. Hendricks acknowledges with sincere thanks the flowers and kind expressions of sympathy shown by their friends.
