GARBAGE NOT BURNED OUT OF INCINERATOR

City Officials and Employee Say
Report is Without
Foundation

City officials and employees deny emphatically the report at the meeting of the business men's association that garbage is burned outside at the incinerator. They state that probably somebody reported this and that it was not properly investigated, as everybody familiar with the situation at the incinerator knows that conditions reported are not existent. J. H. Taylor, in charge of hauling garbage to the incinerator, says he visits the place seven or eight times daily and has never seen garbage burned outside, except perhaps once a year while necessary repairs to the incinerator are in progress. This is confirmed by city officials, who declare that the incinerator has done good service since installation.

MEETING OF MEN'S CLUB AT DEERFIELD

Held Tuesday, April 28; Lecture
on "Land of Evangeline"
Feature

The forthcoming meeting of the Deerfield Men's Club to be held at Masonic Hall, at eight o'clock, next Tuesday evening, April 28th. (day-light saving time), promises to be one of unusual interest, as Clarence A. Hough, noted traveler and lecturer, has been booked to deliver a lecture, well illustrated with colored slides, on the "Land of Evangeline," the romance and history of which are known to everyone.

Mr. Hough spent the major part of last summer in Nova Scotia, giving special attention to the scenes of the various incidents in the story of "Evangeline," and he has gathered first-hand many interesting facts bearing thereon which he will relate. He will exhibit a large number of pictures illustrating this picturesque country of Nova Scotia and the quaint customs, dress and other outstanding characteristics of those interesting French-Canadian people, whose mode of living has undergone very little change during the last century.

In addition to the usual spirited singing of popular songs, there will be some special musical numbers rendered by the Men's Club Orchestra.

The Deerfield Men's Club is especially honored in that this will be the first exhibition of Mr. Hough's "Evangeline" pictures. Vice-President Getty, with whom he is acquainted, persuaded Mr. Hough to have slides of these pictures made especially for showing in connection with this lecture.

Mr. Hough broadcasted a talk on his experiences in Evangeline Land through the Daily News radio station several Saturdays ago, where it was so popular that he has since received requests to deliver the lecture before numerous clubs and other organizations.

On account of the general interest in a lecture of this kind, the members of the club will be privileged to bring their families.

PERFORMANCE FRIDAY DRAWS LARGE CROWD

Junior Class Reports Entertainment
Huge Success; Appreciate
Assistance Given

The junior class of the Deerfield-Shields high school gave a performance last Friday afternoon at the Highland Park theatre for its annual Promenade. Mr. Swanson, manager of the theatre, flashed on the screen "The Air Hawk," a feature and a comedy, an orchestra of school boys rendered several selections and there were two chorus acts by junior girls. The arrangement was that Mr. Swanson give "The Air Hawk" and that all returns be divided between him and the class. Thus he was willing to share loss with the class. However, the matinee drew a large crowd and it is to him that the class owes much of its success.

ELM PLACE SCHOOL PAGEANT IS TONIGHT

To be Given in Auditorium and
Success Expected; Is For
Building Fund

The processional and pageant being given this evening at Elm Place auditorium promises to be a great success in every way. It is the most ambitious undertaking in the history of the school and the children and the members of the Elm Place P.T.A. who are behind it have not spared themselves in its production. Nearly every seat has been sold beforehand and one of the big purposes of the entertainment seems much nearer realization—the lifting of the debt on the auditorium.

Every pupil in the school, from kindergarten through the eighth grade, has a more or less conspicuous part as the play program unfolds. The program is entitled—a Processional—the Spirit of Beauty and Happiness in Public Schools. Most of this reproduces scenes at Elm Place, on the play ground, in class room, or at formal public exercises in the auditorium. A program gotten up in this fashion is one way, and a very vivid one, for pupils to review those of their school topics that led themselves to dramatic reproduction. The preparation of all this, heavy as the requirements have been, has therefore taught the children many things giving them valuable training in co-operation with others and in appearing in public.

The costumes to be worn are nearly all accurate for the period represented and add to the educational significance of the event. Many mothers have been working assiduously under the leadership of Mrs. Carey Wood Thomas to insure this correct costuming and an important result will be the addition of a large and varied equipment to the wardrobe at Elm Place.
