HARMONY MARKING G. O. P. COMMITTEE

FUNCTIONS EFFECTUALLY
Satisfactory Operation of National Body of Party Seen Under Chairman Butler; President Aids

In contrast to the drum-beating demonstrations which are the striking features of political organizations, the low-speaking and effective functioning of the Republican organization under Chairman Butler, marks a happy and satisfactory departure. It can be said without fear of contradiction that the Republican National committee has an operating efficiency record today which is quite extraordinary. While Chairman Butler has trimmed the expenditures to a modest figure on the theory that the people who contribute to campaigns are entitled to a careful expenditure of the monies which they give, the lines of connection throughout the country and into the Republican centers have been materially strengthened.

Wide Vision
Chairman Butler unconsciously has the habit of really surprising the newspapers by the length of his vision. Because they had failed to note the burning of red fire, a group of New York newspapermen recently called on him to discuss the campaign in '26, and in five minutes he spread before them his program for not only holding all that the Republicans now have, but making gains, a program so complete in its way that they expressed their admiration for it in the newspaper stories which they wrote.

Important Fact
An important fact, well worth noting, is the complete association of thought between the president and the chairman. While the president is president of all the people of the United States, he is also the titular head of the Republican party, and it is a matter of congratulation to the Republican party that in this case the chairman and the president have this complete unity of thought. This was made evident the other day, when the president during a newspaper conference voluntarily spoke in a most complimentary manner of the work which the chairman was doing and of the confidence which he had in him.

SCHOOL PILGRIMAGE
A third annual school pilgrimage this year will bring 130 public-school boys from Australia to England. The boys will also visit France, Italy, Switzerland, and Belgium. These tours are arranged by the Young Australia league to broaden the educational life of young people of the Commonwealth.—School Life.

IN MEMORIAM
In loving memory of my dear husband who passed away two years ago May 8. Mrs. Fred C. Juhrend. 10

The people thrown out of a job because the women are wearing short dresses, may have to work overtime next year to provide trailing skirts for them.

WHEN BETTER AUTOMOBILES ARE BUILT, BUICK WILL BUILD THEM

Question:
What indicates best what people think of their motor cars?

Answer:
Whether they buy another of the same make when they come to buy a new one. More than 75% of the Buicks built each year are purchased by former Buick owners.
