These times of automobile accidents remind us of those relatively safe days when old Dobbin used to so frequently jump at a piece of paper and climb the wall.  
 Claimed many automobile drivers don't use their heads, but what are they going to do if they haven't any?

**No Way to treat a candle, or yourself**

You wouldn't light a candle at both ends and expect it to last very long. And you can't attend to all of your many duties as wife and mother, then pile on washday labor, and expect to keep yourself fresh and vigorous. Why not let us take care of washday toil and trouble? One of our many services will fit exactly both your needs and your purse. And you can "keep the home fires burning" without lighting the candle at both ends.
