**LOCAL BOYS MAKE  
SHOWING IN TOURNEY**

Harry Moroney and J. P. Rouse, Jr., who attended the National Open Tournament at Worcester, Mass., last week, made a very good showing, even though they did not come through with the winning score. Rouse played the first day of the tourney and turned in a score of 163 on the first 36 holes. He withdrew then, realizing he could not win. Moroney played the second day and made 171 on the first 36 holes. He also withdrew. Highland Park is proud of these boys for they competed with many of the best players of the country, and made a splendid showing. Their records promise much for the future.

**THREE TEACHERS OF  
H. S. STAFF LEAVING**

**Veteran Instructors of Faculty  
Who Will Not Be Here  
Next Year**

Three veteran members of the Deerfield-Shields faculty will not be with the school next year, having made other plans:

Miss Slattery, who came to Deerfield-Shields in 1919 and with the exception of the school year, 1921-22 has been teaching second year English and directing dramatics is leaving. The senior play, to be given Saturday evening is the last one to be produced under her direction.

As yet, Miss Slattery's vacation plans are uncertain, depending upon her friends and family, with whom she will spend the summer in the east. Her plans for next year are as tentative, but she expects to either teach or study in New York.

Miss Proudfoot, who has been an English teacher here for four years, is leaving Deerfield for San Diego, California. It is possible she may attend the California State university this fall. If she goes to the university, Miss Proudfoot will study such subjects as history and French, which she likes very much. Miss Proudfoot has made no definite plans for the following year.

Miss Baldwin and her mother will spend the summer months at the sea shore at Bass Rock, Massachusetts. Miss Baldwin has been the school librarian for six years, but next year she intends to be a lady of leisure. She promises to keep an eye on Deerfield-Shields and to keep up with its events during her absence.

**One-Minute Sermon**

**Being Spiritually Minded**

A spiritually minded person is not necessarily one who lacks red blood corpuscles, suffers from malnutrition and talks of heaven. Spirit makes things go. It warns of impending dangers, redresses wrongs, explodes errors, discovers the truth, denounces follies and superstitions. To be spiritually minded is to have a mind obedient to a conquering spirit. Thus was Jesus, Paul, Luther. Thus is the prophet in all ages.

**YOUNG MEN'S CLUB  
PLANS FOR SUMMER**

Getting Life-Saving Crews, Boat House, and Equipment Ready; Open House

The Young Men's club of Highland Park are preparing the club's boat house, located at the foot of Central avenue, for the summer. Leonard Eichler, the new chairman of the Boat House committee, expects to have the boat house newly painted by the end of this week.

Several members of the club have already been to the beach and were assigned lockers in the boat house. Many of these members who own canoes which they keep in the boat house have been grayly canoeing in the afternoons and evenings of our recent hot spell.

The officers of the Young Men's club and Walter Reed, captain of the Life Saving crew, had planned to have two crews for this summer, but if members keep on applying for membership on the life saving crew at the present rate, it looks as if they will have at least three full crews.

The boat house is open to inspection every Sunday afternoon and any member of the club will be glad to answer questions concerning the life saving crews, boat house or membership in the club.

The boat house committee of the Young Men's club expects to hold open house at the boat house in the near future, and wishes all residents of Highland Park interested to watch for the date which will be announced later in the Highland Park Press.
