JANS MANAGER FOR CONSUMERS COMPANY

Prominent Evanston Alderman Head of North Shore Business

Peter N. Jans, prominent Evanston civic worker and alderman, who is best known to north shore residents for his efforts in the interest of the development of community golf facilities, has been appointed north shore district manager of the Consumers company, well known coal dealers.

Mr. Jans has devoted a wealth of his time to the promotion of semi-public golf clubs. He was one of the founders of the community course which flanks the drainage channel at Evanston and Wilmette and was later identified with such projects as the Playmore Golf Club (now the Wilmette Golf club), and the Dempster Golf club.

Mr. Jans is a member of the Evanston lodge of Elks, Newman council Knights of Columbus, Evanston Kiwanis Club, Evanston Chamber of Commerce, North End Men's Club, the Izaak Walton League, the recently organized Meridian club, and also represents the fifth ward as alderman in the city council. He is married and resides at 1229 Leonard place, Evanston.

TO WIDEN SHERIDAN ROAD IN GLENCOE

Decision of Supreme Court Upholds Village Position, Report Says

The condemnation proceedings for widening Sheridan road in Glencoe by acquiring certain corners, removing sharp angles and widening the street to a 66 foot street, which have been pending by appeal in the Illinois Supreme Court, have now been finally decided, the Supreme Court having upheld the contention of the village and establishing its complete jurisdiction over Sheridan road within the village limits. The court has this week denied a petition for rehearing of the cases, which makes final disposition in favor of the village in every particular urged. This action prepares the way for the paving improvement of the street, proceedings for which are pending.

GRACE M. E. CHURCH

North avenue and Laurreta place.
William B. Doble, minister.

Wednesday, July 1—Mid-week service. Monthly official board at the close.

WAR ON MOSQUITO WAGED VIGOROUSLY

GOOD WORK IS ADVANCED

Winnetka and Glencoe Exerting Every Effort Through Organization for that Purpose

Mosquito abatement work is being carried on steadily in Winnetka and funds are slowly coming into the treasury of the Winnetka Mosquito Abatement committee, which is directing the fight against the pests. A circular issued last week telling of the war which is to be waged against the mosquito, and appealing for a contribution from each resident for that purpose stated that the amount which it is hoped to raise this year is \$4,000. The response of the residents of the village indicates that little trouble will be experienced in raising this amount, it is said.

Spent Much Money
Winnetka has carried on mosquito abatement work in former years but this is the first year that it has been necessary to spend such a large sum of money on the work. Village employees are already at work draining pools of stagnant water, where possible, and oiling all standing water which it is impossible to drain away. Included in this work every catch-basin in the village will be oiled.

The necessity for repeating much of the work every seven days is what makes it necessary to raise the amount of money which has been asked, it is explained. All standing water must be sprayed every seven days, and in many places it is necessary to drain pools which form in low places at least that often. The work is being supervised by H. L. Woolhiser, village manager, with the assistance of an expert sanitary engineer from the state department of health.

At Glencoe
One of the biggest pieces of work accomplished this year at Glencoe in connection with the mosquito abatement work is a 600 foot tile drain completed this week. The drain runs along Skokie road, draining a portion of the land which was under water all last year, and this spring, in spite of the comparatively dry weather. Ditching has now been completed from the village limits to the first bridge.

More than \$4,000 has been received by the Glencoe Mosquito Abatement association in response to its circular letter asking for contributions to the fund to fight the pests. G. J. Miller announced Friday that \$3,591 had been received up to the close of the banking hours, Thursday, June 11, adding that more than \$700 had been received Friday morning.

GLENCOE ARCHITECT HELP BUILD SCHOOL

Chosen by Board of Education to Assist in Extensive Program Planned

J. A. Armstrong, of Glencoe, has been chosen by the board of education as architect to associate with Walter E. McCormack in the public school building program. The appointment was approved at the last meeting of the board, so supervision of the plans and the work of construction will be performed by a resident of Glencoe.

Mr. Armstrong is well known in Glencoe and along the north shore. He was in charge of the building of the addition to the Glencoe Union Church, which is to be begun shortly. The plans for the enlargement of church facilities, insured by the success of the recent drive for funds, were made by him.

Well known for his activity and interest in the development of Glencoe, through his membership on the building committee of the village, Mr. Armstrong is prominent also in architectural circles in Chicago. He has been active as an officer in the Chicago Chapter of the American Institute of Architects and the Illinois Society of Architects. He is a graduate of the Department of Architecture Armour Institute of Technology. Several years ago, on the death of Horatio R. Wilson, one of Chicago's older members of the profession, he succeeded to the practice of H. R. Wilson and company, of which firm he was the junior partner.

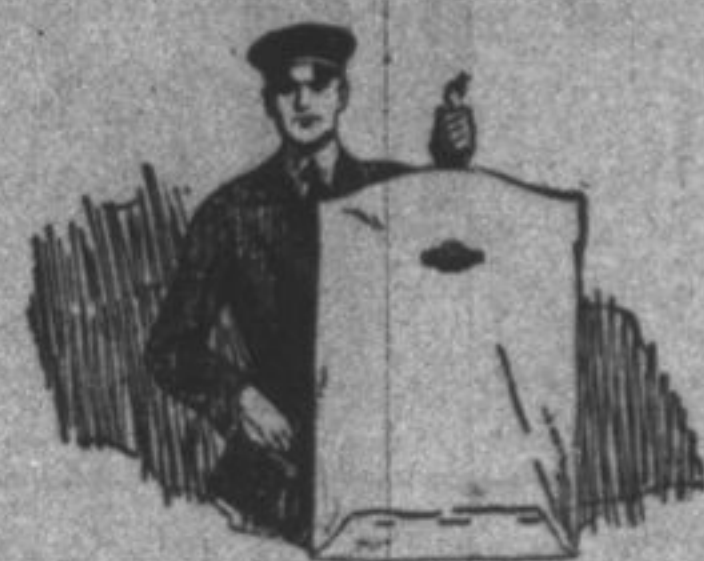

EVANSTON POLICE BREAK UP GANGS

Believe they Have Dispersed Organized Auto Stealing Band by Arrests

Evanston police believe they have broken up one of the largest gangs of auto thieves in the country with the arrest recently of five men, said to be heads of the ring. Eight motor cars were recovered by the authorities, who have been working night and day on the case since July 3.

The men arrested are Erven S. Jansig, Arthur Proudlove and Pat Keefe of Chicago, and Eric and Nels Johnson of Glenview. The latter two were arrested as accessory to larceny of the automobiles.

The large number of machines stolen recently in communities between Chicago and Waukegan led Chief D. J. McEnery of the Evanston police to assign detectives George Durgin, Henry White and Herman Wynn to the case, and arrests soon followed. Two of the eight cars recovered belonged to Winnetka residents. One was that of W. F. Carter, 903 Willow street, and the other the property of B. W. Blow, 813 Elm street. The men implicated have been released on bond.

How the Dry Cleaner Cleanses Your Garments

A scientifically compounded soap which lathers freely in benzol refined to the satiny softness of newly fallen rain-water—a gentle sousing in this rich, fluffy suds—that's the secret of the renewed life and freshness so much admired in clothes that are dry-cleaned.

Of course, there are many other processes, and there are different formulas for fine party dresses of silk and satin and rare old lace; for flannels and Palm Beach cloth—and there are still others for the cleaning of gloves of kid or suede.

But the principle's the same.

And it's surprisingly simple and wonderfully efficient, as you will learn if you have your outer garments dry-cleaned as regularly as you send your more intimate wear to the laundry.

What have you for us tomorrow?

MONDAY TO FRIDAY
9:00 to 11:30—Daily Vacation Bible School.

CHRISTIAN SCIENCE

Subject for next Sunday's lesson, sermon, "Christian Science".
Services are held in this church, 387 Hazel avenue, every Sunday morning at 10:45. Sunday School meets at nine-thirty o'clock and is open to pupils up to the age of 20 years. The Wednesday evening meeting, which includes testimonies of Christian Science healing, is at 8:00 o'clock.

You are cordially invited to make use of the reading room at 387 Central avenue, which is open every week day from nine o'clock in the morning until six o'clock in the evening and Sunday afternoon from two-thirty to six o'clock.

NORTH SHORE YOUTHS COMPLETE TRAINING

Two north shore youths, students at Northwestern university, have completed the university course in military science, and received their rewards last week. One, Robert H. Wienecke, 78 Vernon avenue, Glencoe, was commissioned a second lieutenant. The other, Paul M. Corbett, 78 North Abbottsford road, Winnetka, was awarded a certificate for his work. He could not be commissioned a second lieutenant, not being 21 years of age.

Twenty-two students of the university were in the group which received these honors.

HORACE MANN SCHOOL CLOSING EXERCISES

Pupils of the Horace Mann school, Winnetka, who have completed their courses there and will enter Skokie school in the fall are as follows: James Alsdarf, Florence Anderson, Betty Augdahl, William Brackett, Ballard Bradley, Helen Bratschi, Robert Chapman, Mary Alice Clehman, Robert Conway, Eleanor Elmer, Hugo Hartmann, Maryanna Hilts, Richard Houren, Helen Larsen, Dorothy Lum, Mary Jane Mess, Jamie O'Dell, William Onderdonk, Robert Pierce, Eugene Schuett, Gladys White and Leona Yoder.

Burley Shops

Specialists in Genuine Antiques

87 Years in Chicago

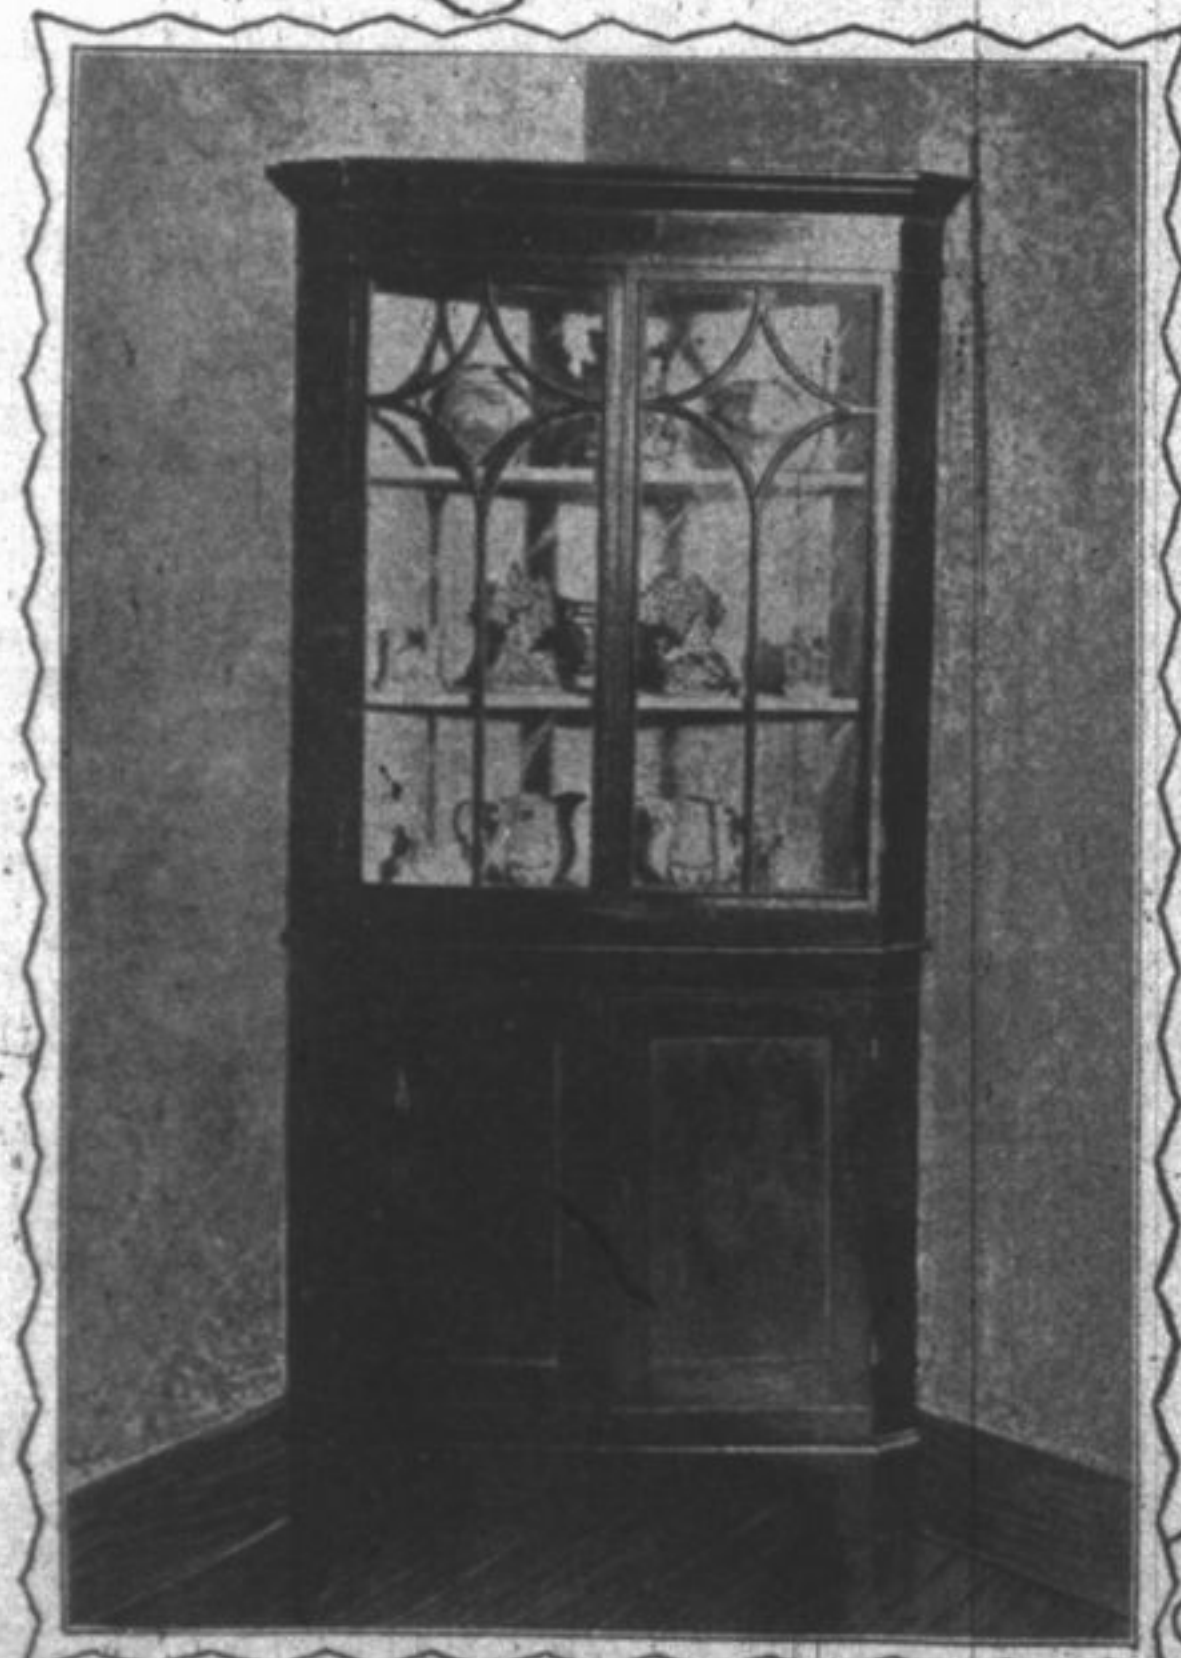

NEW arrivals, in splendid array, of furniture, quaint objects and decorative accessories from Spain, England, France and Italy, make the Burley Antique Shop one of Chicago's most interesting places.

Here one may make a happy selection of antiques, the discriminating use of which assures distinction and complete success to the room.

Among the many attractive offerings is this eighteenth century English corner cupboard of native oak. Its rich color, perfection of line, and excellent condition make it especially desirable. The home which it graces will be the fortunate possessor of an enchanting bit of old furniture.

In this shop you will also find the unusual in pottery, porcelain, glass and metal wares, and leather and fabrics—all antique rarities. There's mutual pleasure in a visit to the Antique Shop.
