MATZENAUER STAR OF RECITAL SERIES

Will Appear at New Trier High School Next March in Song Features

If the artist-recital series of 1925-26, sponsored by the Winnetka Music Club, has one star which shines more brightly than the others most people will agree that Margaret Matzenauer is that star. She will appear in a song recital next March at New Trier high school auditorium. Mme. Matzenauer, the well known prima donna of the Metropolitan Opera company, comes by her great gift most logically. Her father was a director of the orchestra and her mother a singer in the Royal Opera House of the small town in Hungary where she was born.

At the age of 20 years she made her operatic debut at Strassburg as "Puck" in "Oberon." Three years later she received a call to the Court theatre in Munich, a signal honor. For seven years she was leading contralto at the Wagner festivals in Munich, and during that time guest singer in the leading cities of Europe. She came to America at the request of the Metropolitan Opera Company, and made her debut in 1911 as "Amneris" in "Aida" and has been re-engaged for every season since.

The dictatorship of the proletariat may come in some future age, but just at present it is not considered a disqualification for leadership if a person has had successful experience.

SUMMER SCHOOL IS BEGUN AT NEW TRIER

Indications Are That About 500 Students Will Enroll for this Season

Summer school is in session at the New Trier high school from June 22 to August 14. Classes will be held in the morning from 8 to 12:30. The preliminary enrollment indicates that about 500 students will be in attendance.

Students of the "funker" type are rapidly being replaced by the ambitious student who is desirous of taking up work which he could not crowd into his course during the regular school year, it is explained. Then too, the tendency on the part of colleges and universities to pick their prospective students, requires more thorough work. Each year more parents realize that to loaf for three months is demoralizing, and that it is no hardship for the normal boy or girl to study one or two subjects for a period of eight weeks, under ideal conditions.

The instruction is given by the members of the regular faculty, which guarantees the quality of the work. The regular semester's credit towards graduation is given in the subjects completed during the summer session.

Some folks feel a sense of duty done when they pay a bill with a check which is later returned marked "insufficient funds".

Always possible to get speakers for community events, but often difficult to find doers who will accomplish the things they recommend.

From the class prophecies made at the graduations, the business world can expect startling events when the new recruits take hold.

Give Your Children a Chance in Music

at Little Cost

It hardly seems possible that children can take piano lessons for 25 cents a lesson, and learn to play delightful melodies in two or three lessons. A piano at home not essential at the start.

Class Instruction the Melody Way

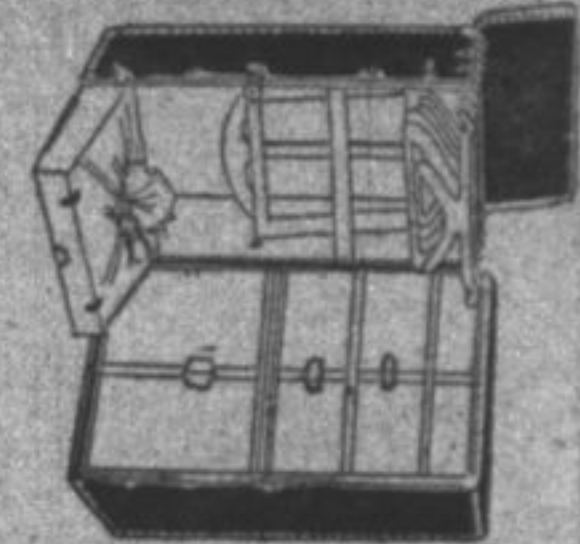

has brought about this great progress. The lessons are fascinating. It's easy to play the Melody Way. Term consists of 12 lessons. Only a limited number to each class. Enroll your child at once. coupon will bring you full information.

Mother Goose Sand Set

A happy thought to keep the little Folk busy right under mother's eye, out on the lawn—is this Sand Box, constructed of wood with a modeling board extending around the box. An ornamental mixing bowl fits in each corner and the umbrella is of alternating green and orange decorated with the nursery figures: Jack Horner, Bo Peep and Little Red Riding Hood. The chairs are of metal and will, therefore, resist the weather.
