"Nobody can say I wasted my money"--

Peter De Paolo_

1925 Indianapolis Race Winner This statement from the young race driver, who pur-chased a Buick a week after he wheeled his car to victory at Indianapolis and broke the record of that famous Speedway, sums up the nation-wide opinion of Buick.

For, just as De Paolo recognizes the superiority of valve-in-head engines for the race track and personal use, so too have more than a million every-day motorists recognized the dependabil-ity and performance of Buick and the Valve-in-Head type of engine upon which Buick has concentrated for 21

De Paolo bought a new Buick with the motor car expert's discriminating eye for performance, for dependability and for genuine value. And his purchase is further evidence of the regard in which Buick is so universally held.
