## NEWS OF INTEREST ON THE NORTH SHORE

### North Shore Society

The marriage of Miss Mildred Lucile Heydecker, daughter of the late Roy C. Heydecker and Mrs. Cora Pili-fant Heydecker of Waukegan, to Ralph Eugene West took place on Wednesday, July 15 at St. Ignatius' church and was followed by a wed-ding dinner in the Prince of Wales room at the Sovereign. Mrs. Frank G. Smith, the bride's aunt, was her matron of honor and Joseph Layden was best man. Mr. Smith served as master of ceremonies and gave the bride in marriage. Mr. and Mrs. West left Wednesday evening for Quebec and are sailing for a two months' honeymoon trip abroad. Upon their return they will make their home in Wilmette.

Mrs. M. H. Lieber, of Winnetka, who has been secretary and member of the Winnetka board of education for many years, and who is also a member of the faculty of the National Kindergarten and Elementary college, attended the Industrial and Business Girls' conference at Camp Okoboko, Milford, Ia., the latter part of last week. Mrs. Lieber spoke before the conference Thursday evening on "Woman's Responsibility in Legis-lation." Delegates to this confer-ence came from seven states west of the Mississippi river. The conference is sponsored by the National board of the Y. W. C. A. in New York.

Mrs. Joseph Cornack, of Glencoe, and her brother-in-law and sister, Mr. and Mrs. John Jeffrey, and their two daughters, Louise and Ethel, are traveling through Yellowstone park and California, planning to return home sometime during the latter part of August.

Miss Bertha Alling has selected Sept. 19 for her debut at the resi-dence of her parents, Mr. and Mrs. VanWageningen Alling in Lake Forest. Miss Alling will return to Bryn Mawr on Oct. 1, to continue her studies, fol-lowing her formal presentation to so-ciety.

Blake Roberts, son of Mr. and Mrs. Seth Blake Roberts, 629 Gregory ave-nue, Wilmette, has been awarded the Harvard scholarship tendered by Har-vard university. Roberts was for four years an honor student at New Trier high school and took an active part in athletics. He was elected a member of TNT honor society in his junior year at high school.

The many Winnetka members of the Mu chapter of the Alpha Epsilon Phi sorority of the University of Illi-nois will motor in a body to the mu-sical and tea to be given at the Rog-ers Park hotel next Saturday after-noon. This will be the first of a series of summer "get together" par-ties. Miss Viola Lang is in charge of the summer activities of the chapter.

Mrs. Thomas E. Donnelly and her daughter, Miss Clarissa Donnelly of Lake Forest, will return the last week in September from a motor tour through England.

Mrs. J. A. Ball, mother of Mrs. Ed-ward D. Buell of Glencoe, is spend-ing a week at the Chicago club at Lake Geneva, Wis.

Mr. and Mrs. Dain D. Fuller of Glencoe have as their house guests, Mrs. Horace Smith and her daughter, Ann Franklin Smith, of Louisville, who will remain a num-ber of weeks. Many social affairs are being given for Mrs. Smith. Mrs. Charles Fuller was hostess at a bridge luncheon in her home Wednesday last, at Indian Hill Golf club.

Mrs. Byron S. Harvey will be a luncheon hostess preceding the On-wentia club horseshow in Lake For-est on Friday, July 24.

Mrs. Norman MacLeish and her son, are arriving in Glencoe next Friday from their home in Wynnewood, Pa., for a visit of several weeks' duration with Mr. and Mrs. Andrew MacLeish at their home, "Craggie Lea."

Friends of Mrs. G. C. Kingsley, of Glencoe, are much concerned over her recent illness. Mrs. Kingsley's moth-er, Mrs. L. W. Crossett of Jeneso, N. Y., arrived Monday, and will as-sume the care of the household while Mrs. Kingsley is undergoing treat-ment at the Evanston hospital.

Mrs. Charles Anderson (Jane Van Doren Wright) is the guest of Mrs. Albert Bailey Potter (Margaret Sweet) of Hubbard Woods, at the

### GLENCOE MOSQUITO WAR IS STILL ON

Four Students Engaged to Make House to House Canvass; Fund is Growing

Four university students, under the direction of C. W. Edwards, sanitary engineer, of Evanston, have been en-gaged by the Glencoe Mosquito Abate-ment association to make a house-to-house canvass of the village, inspect-ing the premises of all residents for possible mosquito breeding places and instructing them in methods of con-trol. This plan was suggested by A. E. Dappert, assistant state sanitary engineer, who was assigned to help Glencoe this year. These men are now making the rounds of the village and it is the request of the association that they be accorded the courtesy of the householders and their advice followed.

Officials of the Glencoe State bank announced this week that the mos-quito abatement fund had risen to approximately \$6,300. This leaves on-ly a little more than \$1,000 of the \$7,500 fund to be collected, and mem-bers of the association are confident that this amount will be raised be-fore the summer is over. All kinds of mosquito abatement work, such as spraying and oiling pools and catch basins, is going steadily forward, and much permanent work such as the drainage and tiling of ravines along the lake and Skokie valley has been done.

### WOMEN'S GOLF MATCH HELD, SUNSET RIDGE

Tourney in Progress all This Month; Winners Last Week in the Classes

During this month, women golf de-votees at Sunset Ridge club have been busily engaged in a July tournament of net handicap play in two divisions, the 18 hole class and the 9 hole group. Last week the former group had played into the third bracket with the four following players still in the run-ning: Mrs. R. E. Donnan who was to play Mrs. F. D. Coombs, and Mrs. C. D. Wagstaff who was paired with Mrs. A. T. Goodman.

The players in the 9 hole match reached the semi-finals with Mrs. Dorr C. Prie and Mrs. H. L. Stricker the winners. This week the first group will play into the semi-finals with the second class playing off the finals.

### WATER CARNIVAL AT WINNETKA AUGUST 9

Annual Feature of Village to be Better This Year Than Ever

Sunday, August 9, has been set as the date for this year's municipal water carnival, Winnetka's fourth annual affair of the type. The carnival will be held at the Winnetka beach, beginning at 3 o'clock in the after-noon, and will be in charge of Tom Robinson, famous swimming coach of Northwestern university.

An all-around program of water sports is being arranged for the occa-sion, and the events will probably be largely the same as last year, with the addition of several contests for the younger children. In addition to taking charge of the program, Tom Robinson will also give a demon-stration of resuscitation methods.

### HOME-COMING WEEK AT GLENCOE SOON

Big Celebration Scheduled for Some Time in September; Plans Under Way

Glencoe is to have a Home-coming Week in September, if plans outlined by members of the Glencoe Chamber of Commerce at a dinner at Glen Gables tea room, last week mature. There was a large attendance at this dinner and sentiment in favor of the idea of a home-coming observance was very strong. Another special meeting of members of the Chamber of Commerce was held at the William Edwards hardware store Wednesday evening at 8 o'clock, at which time more definite plans were discussed and committees to carry them out ap-pointed. It is expected that the work of preparation for this event will be started immediately.

Many of those who were saved from getting hurt by the Safe and Sane Fourth movement, succeeded in get-ting smashed up by automobile ac-cidents.

### FAMOUS NET CHAMPS ON SKOKIE COURTS

FOR STATE CHAMPIONSHIP

William Tilden, Helen Jacobs and Many Other Noted Tennis Experts Compete in These Matches

Virtually all of the ranking tennis players of the country are represent-ed in the Illinois State Tennis cham-pionship tournament at Skokie Coun-try club this week. When entries for the event were closed, tournament officials declared that this year's com-petition on the Glencoe courts would witness the greatest field of net stars ever assembled at any but the na-tional championship meet.

Rumors that Vincent Richards would not appear for the tournament were set at rest at the eleventh hour when the youthful phenom's name was affixed to the Skokie register.

William T. Tilden, II, and his coterie of youthful proteges were among the earliest registrants for the tourna-ment and the men's singles' list boasts the names of America's best net tal-ent, augmented by at least one fore-ign player in the person of W. J. Webb of London, England.

The boys', girls', juniors' and wom-eh's sections are crowded with en-tries from Chicago and the north subur-ban communities. Winnetka is contrib-uting a formidable array of players and every other village in the township is well represented. One family—the Holloways—is represented almost in its entirety as a glance over the en-try list will readily indicate.

Perhaps the greatest single attrac-tion in the week's play—excepting only "Big Bill" and the great "Viny"—is Helen Jacobs of Berkeley, Cal., the greatest girl player since Helen Wills and a formidable con-tender for national junior tennis honors.

Miss Jacobs will be accompanied by her mother, Mrs. Roland Jacobs, and her first tournament play will come on July 20.

Under the watchful eye and guid-ing hand of William C. (Pop Fuller), veteran coach at Berkeley, Miss Jac-obs has advanced in several short years of intensive play to a most prominent position in the tennis world and experts of the game en-thusiastically predict that it may be in the net procedure for this wonder girl of the court to some day displace the sterling Helen Wills, national women's champion and one of the most remarkable young women in the game today.

Has Phenomenal Record

Unique, indeed, would be such a turn in events for "Pop" Fuller is also coach of Miss Wills, and it is he whom court followers here credit for the rapid advance in the game of these young women who have come fast to the head of the tennis class, both to win national fame and titles.

Miss Jacobs met Miss Wills in play at the Berkeley Tennis club during the recent Pacific coast champion-ship, but the time was not yet ripe for her to sweep on to victory past the powerful serve and return of "Lit-tle Pooker Face."

Charlotte Hosmer, also of Califor-nia, and ranking player for women's honors on the Pacific coast, is also among the women's entries.

Other leaders in the men's division are such notables as "Little Bill" Johnston, Howard and Robert Kinzie, national doubles champions; and Wil-lard Crocker, and Jack White, the Canadian Davis cup players.

Among "Bill Bill" Tjiden's proteges are the notable Sandy Weiner, Donald Sprachen, Forest Orber and Walter Thomas.

### N. U. GOLF TEAM IS BIG TEN WINNER

Northwestern university golf team won the Western Conference "Big Ten" golf championship recently at the tournament held at the Sunset Ridge Country club. The final re-sults were as follows: Northwestern, 669; Michigan, 673; Chicago, 676; Illinois, 690; and Wisconsin, 698. The final play was run off during a drench-ing rain, but despite this handicap, the Northwestern men played a bril-liant game and won. Capt. Dick Skaer and Don Heppes of the Purple were largely responsible for the victory, as Northwestern had trailed behind Michigan all morning. Heppes made the lowest scores of the day, 158.

### WINNETKA MASONS HAVE FIELD DAY

First Annual Affair of Kind is Held at Foss Park, North Chicago

Tuesday, July 21, the Winnetka Masonic lodge held its first picnic and field day for members and their families. The picnic was held in Foss Park, near North Chicago, instead of at Deer Grove as at first announced. Foss Park is an ideal spot to hold a picnic, and the picnic committee was fortunate in being able to secure the grounds on such short notice, mem-bers declare.

It was an old-fashioned basket pic-nic, each family or group bringing its own lunch. The lodge provided hot coffee and cream. Ice cream cones were served to the youngsters.

There were races for old and young, with prizes for the winners. Foot races at various distances; sack race; three-legged race; fat men's race; married couple's relay race; baseball; horsehoes; golf driving; clock golf, and tug-of-war were some of the events.

### BOGUS CHECK ARTIST CAUGHT IN WINNETKA

Is Held to Grand Jury on Total of Five Counts; Several Other Cases

Sergeant John Iverson of the Win-netka police put a stop to the activi-ties of a chronic "n.g." check passer last week when he arrested Jack Reid of the Chicago Y. M. C. A. hotel at the Wilmette Cafe. Reid, identified in Winnetka as having given bad checks to several merchants in the neighboring suburb, was held to the grand jury by Magistrate C. T. North-rop under \$2,000 bonds on a total of five counts. Efforts to identify the man in connection with similar per-petuations in Wilmette, were unsuc-cessful. Reid was committed to the County jail to await the action of the grand jury.

The effort of Wilmette police to identify Reid followed a check-passing episode Tuesday evening of this week when a man gave what proved to be a "phony" check at the Baldwin Hardware store on Greenleaf avenue. He received a good check from the store in lieu of cash after having made a small purchase and im-mediate conveyed the Baldwin check to the Snider-Cazel Drug company where he received the cash.

### ANNUAL FIELD DAY FOR GLENCOE MEN

Being Held Today and Features are Numerous and Entertaining, Report

The annual field day of the Glen-coe Men's club, which is held at the Glencoe Community Golf course to-day. There will be 36 holes of golf, and a general good time is assured all who attend, it is announced. The program begins at 9 o'clock in the morning and will last all day. Lunch-oon and dinner will be served at the club house. Nine valuable prizes will be awarded. Members of the club are urged to send in their reservations early so that the committee on ar-rangements may be guided in its preparations. This field day has al-ways been a great success, the mem-bers declare.

### LEAGUE OF WOMEN VOTERS IS ACTIVE

Already plans are in the making for next year's convention of the Na-tional League of Women Voters. Ac-cording to a recent announcement from the headquarters at Wash-ington, D. C., the 1926 session will be held in St. Louis, April 14 to 21. In- vitations were received, it is stated, from the governor of Missouri, the mayor of St. Louis, and the St. Louis and Missouri league of women voters. This prospective meeting will be of especial interest in that it was at St. Louis, that the organization of the National League of Women Voters was proposed by Mrs. Carrie Chap-man Catt in the spring of 1919.

### WINNETKA YOUTH GETS SCHOLARSHIP

Blake Roberts, son of Mr. and Mrs. Seth Blake Roberts, 629 Gregory ave-nue, Wilmette, has been awarded the Harvard scholarship tendered by Har-vard university. Roberts was for four years an honor student at New Trier high school and took an active part in ath-letics. He was elected a member of TNT honor society in his junior year at high school.

### SUBURBS LIKELY TO DISTANCE BIG CITY

PREDICTION COMING TRUE

Evanston Paper Points to Great Increase in Building on North Shore in Six Months as Sign

It looks from happenings here-abouts as if Prof. Bailey's and Roger W. Babson's recently announced judgment concerning the flattening out of great cities was about to take place, says the Evanston Index, and continues, applying theory to present conditions on the North Shore:

"Prof. Bailey, it will be remember-ed, told the real estate men at their Detroit convention that the suburbs would absorb the city, and that the ideal city of the future might con-ceptually stretch out to 100 miles to include the homes of city workers which would dot the countryside in this 'suburbanized' idea. Mr. Bab-son recently issued a warning to busi-ness firms in big cities to be look-ing for branches in the suburbs, for it was there, with the trend coun-tryward, that much of the future busi-ness would be transacted.

"Now comes the news of the pro-ject for a \$25,000,000 building year on the North Shore in 1925. The re-cord for the first six months of this year are \$12,573,185, and the building record of every city and town from the north limits of Lake Forest has been broken during this period, one city only—Glencoe—excepted.

"Kenilworth's building program is three times that of the highest year in its previous history. Every record for building in Wilmette has been shattered. Highland Park, Lake For-est and the rest have gone over with big increase over their figures for last year. Evanston, with its high record of nearly \$12,000,000 for 1923 has already reached \$6,620,370, which rate, if maintained, promises a total for the year of close to \$14,000,000. And Evanston's biggest building pro-jects for the year are yet to come, it is predicted.

"The outstanding feature about the record building operations of the North Shore towns, and the feature that makes it look as though the promised hegira to the suburbs had begun is that in all the North Shore towns except Evanston the great pre-ponderance of building has been in homes. In Evanston it has been apartments and hotels—which means almost the same thing.

### BUILDING NEW HOMES RAPIDLY IN WINNETKA

Permits for Five Large Residences Issued Last Week; Also Others

Applications for building permits for five new homes were received at the Winnetka village hall last week. T. A. Buenger, of Winnetka, will build a brick residence at 268 Ridge avenue to cost \$15,000. H. G. Crow-der, also of Winnetka, will build a frame residence on Greenwood ave-nue to cost \$10,000 and C. A. Lowry, of Cleveland, Ohio, will build a frame residence on Scott avenue at a cost of \$7,000. Other permits for garages and additions to existing buildings have been issued.
