DEERFIELD—OUR NEIGHBOR ON THE WEST

Deerfield News

Muhleke Reunion
The annual reunion of the Muhleke family was held last Saturday afternoon, July 25 on the Lake Front at Highland Park with 44 persons present, representing three generations. The afternoon was spent in reminiscences and in playing games, after which a picnic lunch was enjoyed. The families participating were: Mr. and Mrs. Geo. Brand and Mr. and Mrs. Leslie Brand of Highland Park; Mr. and Mrs. Irving Brand, Mr. and Mrs. William Clark, Mr. and Mrs. R. M. Vant, Mr. and Mrs. William Kreh, Mr. and Mrs. Arno Frantz, Mr. and Mrs. A. H. Muhleke and Mr. and Mrs. Harry Muhleke of Deerfield; Rev. and Mrs. H. Samuel Fritsch of Cleveland, Ohio, Mr. and Mrs. E. S. Muhleke and Mr. and Mrs. Orin Muhleke of Libertyville, Mr. and Mrs. Arthur Muhleke of Racine, Wis., and Miss Laura Muhleke of River Forest.

Missionary Society
Ferns and mid-summer blossoms of gay colors made a background for the Young People's Day program given in the lecture room of the Deerfield Presbyterian church, Thursday afternoon at the August meeting of the Woman's Missionary Society. Mrs. Fred Haggie, the Vice-president presided.

The aim of the missionary program was to promote the interests of His kingdom through reaching the eyes, minds and hearts of the listening group. The devotional period carried out the theme of the service, "Signs of Promise."

A comprehensive view of the home field shows intensive development and signs of promise that will make it possible to reach more people in more ways and with greater influence than ever before. Signs of promise in the Woman's Missionary organization itself were also cited by the leader, Miss Amelia Petersen. This organization has gone forward loyally this past year in gifts of money, service and prayer. The gift of money from the Woman's and Young People's organizations for the work committed to them by the General Assembly of the Presbyterian church was approximately \$1,174,000. Gifts from other sources amounted to \$138,000, making a grand total of \$1,312,000.

The work of National Missions involves many sorts of institutions and services and many types of workers. Miss Mary Hood, one of the Junior girls who attended the Daily Vacation Bible school, presented a few facts that every person should know about Mountain work. The mountain story, which was dramatized by six Daily Vacation Bible school boys and girls, told of the work that is being done by the Board of National Missions to teach these Americans of purest stock the Christian standards of life. The following children took part in the playing of the story: Buddy Barefoot, a mountain boy; Sookie, Buddy's little sister.

Jean Pettis, Lelah Kreh, John Derby, Missionaries who persuaded the children to attend the Mission school: Joseph Andrews, Mark Andrews.

An article that presented the needs of the colored people and the results and progress of the Board's work among the negroes was read by Miss Ethel Kreh.

An expression of vital interest in Missions was shown by the children who participated in this meeting. The Missionary society realizes the importance of training youth in a knowledge of the great missionary enterprises which the Church of Christ is engaged in promoting. It is hoped that a Junior Mission Study class will soon be organized.

Mr. Hoyt who lived in Deerfield years ago in the Edwin Easton house, sends the following letter to Deerfield friends:

Winnetka, Ill., July 26, 1925
My Dear Relatives and Friends:
This being my eighty-eighth birthday I feel it a pleasure to address you on this occasion. I will do it by printed letter as it would require the writing of about two hundred names, which is more than I feel equal to. I am very well, but feel that I may pass away at any time (my heart being weak). I also feel that I may survive a few years longer—time only can tell. I know and feel that I am getting pretty old—some older than any of my family or friends. However, I am enjoying nature, life and pleasant memories, although I miss my dear wife who passed away last spring. I am made comfortable by the attendance of my Doctor Lash (and his wife) whom I brought from Florida, and Sophy who is our housekeeper.

Having given away all of my property, I am again a poor man. I have nothing more to give than good advice and example. I would have you know that I found as much pleasure in giving as I did acquiring—I only wish I had thousands more to give to help others who are appreciative and deserving.

In my establishing trusts, I have reserved for my own use as much as I feel that I may require, if I practice economy as I have always believed in doing.

We are having fine summer weather and crops are reported good from most sections of the country.

I still think I may make my annual trips to New York and Vermont before going back to Florida. I take a motor ride nearly every day all around the nearby country. I like it and it agrees with me.

Since my return to Winnetka and occupancy of "Ash Lodge" I have distributed keepsakes, and all personal family belongings where they would be most appreciated. This being done, and as I have no desire to occupy this large home longer, I have taken steps to dispose of it. My best wishes will go with it to some family who may find the comfort and pleasure that I did for so many years. Although I still have good reasons to be pessimistic I will not repeat them at this time.

I must tell you of the great enjoyment I find in listening in on my Radio, hours at a time and daily. It is wonderful. Being a lover of music I find it convenient and comfortable. A great future awaits this air development.

I enjoy letters and hearing from my friends often. I expect to be back in Florida early in October.

Your sincere friend,
W. M. HOYT
