DEERFIELD NEWS

Mr. and Mrs. Nichols were the guests of their neighbors, Mr. and Mrs. C. C. Brackett at tea, Sunday. Mr. and Mrs. B. C. Nichols and daughter, Miss Winnifred, have returned to their home on North Wilnot Road, from a ten days' trip to Florida. Mr. Nichols has purchased property at Holly Hill, Florida.

Mrs. E. B. Jordan, Mrs. George Truitt, and Mrs. C. C. Brackett, were the guests of Mrs. Blasier at a benefit card party at the Moraine hotel on Monday afternoon.

Mrs. E. J. Ginter of Wilmette was the guest of Mrs. C. C. Brackett on Wednesday and attended the Garden Club tour.

Sunday visitors at the C. C. Brackett home were Mr. and Mrs. Blasier of Ridge road, Mrs. E. B. Jordan, Mr. and Mrs. George Truitt, Mr. and Mrs. Paul Fuller, Mr. and Mrs. W. W. Clark and three children and Mr. E. J. Ginter of Wilmette.

Mr. and Mrs. Murray Bennett, who resided in Deerfield thirty years ago, visited at the Bert Easton home on Sunday. Mr. and Mrs. Bennett, who are now living in California, are relatives of the Hoyts and Wilnots and at one time owned the Hoyt house, now occupied by the Edwin Easton family.

Miss Eva Ender is visiting Miss Rosella Pleus of Cross Plains, Wis.

The Garden Club of Deerfield made an inspection tour on Wednesday of the beautiful gardens of the C. C. Bracketts, Albert Torbets, Kenneth F. Towlers, and William Aitkens and ended at the home of Mrs. Guy H. Newcomb, who acted as hostess to the members and their guests. They also visited Mrs. Newcomb's very attractive and artistically arranged garden.

Mr. and Mrs. J. E. Flannagan of Rosemary terrace announce the birth of a baby girl on July 29 at the Evanston hospital.

T. J. KNAAK PUTS IN NEW SODA FOUNTAIN

Among the many new improvements being made in Deerfield is the installation of a new soda fountain in Knaak's pharmacy—an all-white Knight vitreous soda fountain with the Frigidaire system, and a new Nizer ice cream cabinet. This fountain is one of the most sanitary fountains and will give Knaak's the most modern equipment in any of the stores on the north shore, being the first of its kind installed in this vicinity.

The cabinet will accommodate forty gallons of ice cream in addition to the thirty gallons carried in the fountain itself, with not a pound of ice for the entire seventy gallons. With the installation of the Frigidaire, the patrons are assured of ice cream free from salt as well as never being soft.

Mr. Knaak is to be congratulated upon his aggressiveness in adopting modern methods and for his willingness to give the citizens of Deerfield the advantage of the latest and best methods of merchandising.

AWARD MEDAL TO AMERICAN TRACTOR

Association of Armenian Farmers Present One to Machine of N. E. Relief

A silver medal, the gift of the National Association of Armenian Farmers, has been presented to an American tractor operated by the Near East Relief in one of its orphanage farms in Russian Armenia.

The tractor, given to the American relief organization three years ago by the National Grange of America, was the first machine of its kind used for farming in Armenia, and is the oldest of a group of twenty tractors now used on the American farms here. It was the pioneer of a movement for the importation of American farm machinery into this backward country, a movement which has already effected a revolution in farming methods. For three years, this tractor has done the work of fifty horses without a day's lay-up for repairs.

Giving the medal to the tractor rather than to the organization which introduced it, was a peculiarly Oriental touch to the ceremonies which accompanied the award. The medal has been riveted to the framework of the machine, alongside a bronze plate which it already bears, indicating it to be "the gift of the American Grange towards restoration of agriculture in the Near East."

RUSSIAN AIR MAIL PLAN IS ANNOUNCED

The Near East Relief has been notified by the Caucasus government that a regular air mail service between Armenia and Moscow will begin this year. Mail for America by paying a slight additional postal fee, will reach New York nearly a week earlier than under present conditions.

A New York man, aged 102, disappeared after having tried hard to get a job with the highway department. Maybe the I. W. W.'s kidnaped him to use as a horrible example.

Isn't the fact that France, Germany and Great Britain are trying to arrange a security pact, a sort of slam on the league of nations? What's it for anyhow?
