**FOREMAN IS KILLED
BY SCOOP SHOVEL**

**Railroad Workman Is Crushed
Against Freight Car by
Loading Machine**

Crushed against the side of a
freight car by a 4400-pound scoop,
Riley Ransom, foreman of the bridge
and building department of the E. J.
& E. railroad was killed instantly
late Monday afternoon near the
roundhouse at the foot of "Belvidere
street in Waukegan.

Mr. Ransom, whose home was in
Joliet, was directing the construction
of a 50-ton coal chute about 200 feet
north of the roundhouse. He had
been engaged on the work about two
months.

Sand was being unloaded from
freight cars as a foundation for the
chute, and he was in one of the cars
superintending the operations. The
sand was being lifted by a huge
scoop, known as a "clam shell," ex-
tending from a hoisting machine
mounted on a nearby car.

He was killed when the scoop was
let down in his car to take out a
load of sand. By some mishap the
scoop toppled over and crushed him
against the side of the car. His skull
was fractured by the blow, and he
was dead when other workers reach-
ed him.

Apparently the scoop toppled over
because of "slack" in the cable oper-
ating it. Had it rested solidly in the
sand, however, the tragedy would not
have occurred.

Mr. Ransom was 47 and unmarried.
His body was removed to Joliet after
an inquest disclosed he died from a
fractured skull and broken neck.

**NORTH SHORE LINE
ONE OF THE FASTEST**

**Only One Electric Railway
Makes Better Time Be-
tween Terminals**

The Chicago North Shore and Mil-
waukee railway is numbered among
the three speediest interurban rail-
road lines in the country. The Chi-
cago, Aurora, and Elgin railway and
the Galveston-Houston Electric rail-
way are the other two.

These awards have just been an-
nounced by Electric Traction, with
formal presentations to be made at
the forthcoming convention of the
American Electric Railway associa-
tion.

The Galveston-Houston line gar-
nered first prize with an average
speed of 40.3 miles an hour between
terminals on the basis of elapsed
time. Second place went to the North
Shore with an average speed of 39.7
miles an hour, while the Chicago, Au-
rora and Elgin was third with an av-
erage speed of 38.3 miles an hour.

Electric Traction's speed contest
was inaugurated in the fall of 1924,
in the belief that faster schedules
could, on many interurbans, bring in-
creased revenues and eliminate com-
petition from the private automobile
and the bus. This belief has now been
fully corroborated in the actual oper-
ating experiences of a dozen or so
interurban lines which have continued
to attract increased patronage in
spite of all competitive transporta-
tion.

**FINED FOR GOING
BACK ON OLD JOB**

**Former Employee Found Prowl-
ing About Special Chemi-
cals Company Office**

George H. Guildersleeve, 541 Oak-
wood avenue, a former employe of
the Special Chemicals Co., was fined
\$100 and costs on a charge of disor-
derly conduct in Justice A. E.
Smith's court Monday morning. The
fine was suspended for one year, how-
ever, pending good behavior.

Guildersleeve had been employed
by the Special Chemicals Co. as an
auditor, but had been discharged July
15. Late on the night of Tuesday,
Aug. 4, he was discovered in the com-
pany's office. He had obtained en-
trance by using a duplicate key. The
man was taken to the police station
the following morning.

**Abe Levine and Morris Blumkin
of Bronx are Enroute to
California**

Abe Levine and Morris Blumkin,
youthful hikers, of Bronx, N. Y.,
stopped in Highland Park, Monday
on their way to California. They left
their home town Sunday, August 2,
arriving in Elizabeth, N. J. where
they remained all Monday. Tuesday
they left Elizabeth for York, Pa.,
going from there to Chambersburg
stopping at Gettysburg. From there
they went to Canton, Ohio, to Akron
through Cleveland to Toledo and Wan-
scon, and on to Chicago. During their
trip they were picked up by motorists
a number of times, the longest ride
they had being over 300 miles. From
Highland Park they left for Milwau-
kee where they will visit Morris
Blumkin's uncle. They will then leave
for the west coast.

**VISITING NURSE

**FATHER KILLS SON;
DAZED BY LIQUOR**

**George Drummond Commits
Murder at His Home North-
east of Grayslake**

An old feud between father and
son, fanned into new fury by moon-
shine, ended in the killing last Sat-
urday night of Ralph Drummond, 23,
by his father, George Drummond, 57,
at the latter's home 2 1/2 miles north-
east of Grayslake.

The father, arrested after he threat-
ened to shoot another son and him-
self, was held on a charge of murder.
He was dazed from drinking, but de-
clared he did not mean to shoot his
son. He is a painter.

He shot from a bedroom window
after he and Ralph, who had arrived
that night with his wife from Chic-
ago, had quarreled in the yard. The
only witness was another brother,
Herbert, 27.

The father fled the home, and was
arrested several hours later, by a
policeman at the home of his son-in-law,
Thomas Mogg, near Gages Lake.
When ordered to come out he came
to the front door and asked, "How's
my boy?"

When told of his death, the father
collapsed, sinking to the ground.

Later in the county jail he said he
shot in a spirit of boast, "I was try-
ing to bluff him," he said. "I don't
believe I pulled the trigger."

**POLICE ASKED TO

**Reward Offered for Drake Kil-
ler; Inmate Removed from
R. R. Men's Home**

The Highland Park police have re-
ceived a notification from Chicago
police authorities offering a reward
of \$7,000 for the arrest of Wasel J.
Melnechuck, alias William Wasel
Marks, alias Richard W. Strong, who
is wanted for the murder and robbery
at the Drake hotel in Chicago. Mel-
nechuck is described as follows: Age
23, five feet eight inches tall, weighs
165 pounds, dark chestnut hair and
eyes, smooth face, tattoo mark (dag-
ger piercing flesh) on left forearm.

Catching Melnechuck may be a
tough job but this one wasn't. Last
Thursday night Officers Driscoll and
Flinn responded to a call from the
Paulsen residence, 620 Central av-
enue. They were told that a "drunk"
was loitering about the premises,
making peculiar noises. The two po-
licemen arrived on the scene post-
haste and found a lonesome six-week-
old pup howling for company.

Joseph Oldham, an inmate at the
Railroad Men's Home was removed
from that institution Monday by the
police, at the request of Supt. O'Keefe.
Oldham was later taken to the state
hospital at Elgin.

**MAN IS KILLED IN
GRAYSLAKE CRASH**

Walter Gagweski, 37, of Chicago,
was killed, dying almost instantly
and his wife and daughter were in-
jured when their automobile ran into
the ditch at the south end of Grays-
lake, on the new concrete road shortly
taken, on the new concrete road shortly
a clear road ahead and indications
were that the steering apparatus
broke.

Gagweski died from a broken neck.
He was an employe of the Western
Electric company. With his wife and
daughter, Lillian, he was on his way
to Loon lake for a vacation.

Ahead of them was another car,
also headed for Loon lake. After the
accident a motorcycle officer was sent
ahead to notify the occupants.

The car was completely wrecked.
Those who observed it said the steer-
ing apparatus had apparently broken.

In a recent burglary trial the jury
was composed of twelve women. It
was the first time in this section that
a criminal case was entirely in the
keeping of the fair sex. But the de-
fense in this hearing was an alibi
and what girls don't know about
men's alibis is hardly worth listening
to.—Los Angeles Times.

The Business Men's association dur-
ing the past fourteen years has lived
up to its early principles. It has al-
ways been in the vanguard in any
movement toward betterment in the
community, and a good spirit of co-
operation has always existed between
members. During the past few years
the association has annually taken
charge of Highland Park Day, and
has made this yearly festival the big-
gest thing in the line of municipal
celebration along the north shore. At
its own expense the organization in-
stalled the system of ornamental
street lights throughout the business
district. The Business Men's asso-
ciation has contributed generally to
charities and to community benefit
funds, and has for years given a good
sum of money to the Ravinia Opera.

Better Lights Coming

Some time ago the business men
petitioned the city authorities to in-
stall lamps of higher candle-power in
the business district. Mayor Hast-
ings reported at the meeting Mon-
day that this was being done, and
that in addition the lamp posts would
be inspected carefully and repaired
where it is necessary. Street lamps
throughout the city will also be gone
over carefully, and all weak bulbs
replaced by new ones of greater can-
dle-power.

Four new members were initiated
into the Highland Park Chamber of
Commerce Monday night.
