A sum of \$115 was appropriated to provide for the donation of a flag pole to Camp Roosevelt by the city.

Will Install Sewers

The council listened to the reading of a complaint made by Thomas E. Sheridan relative to the construction of septic tanks on private property in Forest avenue between Wade street and Linden avenue, and voted to instruct engineers to make an investigation of the complaint and to prepare plans for the construction of a sanitary sewer to serve property on which these tanks are located.

Winder and Marsh were appointed engineers to check over plans submitted by the Chicago North Shore and Milwaukee railway company for the construction of their newest west branch line through Highland Park. A report will be made to the council after the engineers have completed their work.

An ordinance was passed providing for the installation of water mains in the territory recently annexed to the city on the west. These mains will be constructed in the following streets: Central and Deerfield avenues, Deerfield, Ridge, County Line, Clavey, and Skokie Valley roads, and Compton avenue.

Plats were approved for several new subdivisions in the city including Ross's and Nixon's.

In the blind bogey yesterday Frank L. Cheney and Laegeler tied. Their scores were respectively 108-30-78 and 93-15-78. William Becker made low net with a 105-32-73; and A. Olson made low gross with an 84.

The first foursome on the new course was composed of Mayor Samuel M. Hastings, Commissioner Frank Cheney, President Edward M. Laing of the club, and Paul L. Udell of the Highland Park Press.

Thirty-seven players completed in the blind bogey.

Mayor's Address

At the official opening of the course Mayor Hastings addressed the crowd as follows:

"July 1, 1921, it was my privilege to be present and make a short address and dedication at the new municipal golf course. I watched with great interest the development of this playground and wish to congratulate the management for the wonderful progress that has been made.

"We are greatly indebted to Mr. Laing for his patient work. This course has developed good golfers and golf is a good game. It is a game for sports, and sports play the game square and straight. It's a game for health and adds years to the lives of those who play it and it goes without saying that Highland Park should have the best and finest municipal golf course on the North Shore.

"The Sunset Valley Golf club affords a place for all ages, for our boys and girls and our men and women, and I predict a growing interest in this beautiful course filled with beautiful trees and beautiful fairways in our wonderful Skokie valley."
