Curiosity of a lot of people is going to be satisfied this week. Any-way indications point in that direction. Ever since the announcement of the improved Ford cars was made just about every man, woman and child in town has been on the alert for a glimpse of the new cars.

A few of the touring cars reached dealers during the last week, but not enough of them were distributed to satisfy the curiosity of the populace. In the first place, every dealer experienced some difficulty in securing cars—some were only able to get one—and in the second place, after the dealer got the car he had a hard time keeping it—some one wanted to buy it right away.

Several hundred people, however, have been able to get a peep at the new touring car and everyone of them is firmly convinced that they sure are attractive automobiles.

Springer & Person, Ford dealers of Highland Park, are expecting the coming week will bring them all the new body types, both open and closed. If this transpires, it is certain that the dealer show rooms are going to be the most popular places in town, for everyone is eager to see and inspect all the new Fords.
