### TAKE FIRST LEAGUE GAME

**Fine Triumph for Locals Last Saturday on Opponents' Ground; Play Next at Bloom**

Playing straight football, the Deerfield-Shields gridders were the first game of the Suburban league schedule last Saturday at Riverside defeating that team 13 to 0. Their next opponent is Bloom high school, which they play on Bloom field next Saturday.

Last Saturday's game was played under fine weather conditions and the local team was accompanied by a good-sized crowd of rooters. The high school paper, The Shore Line, thus describes the battle:

**Story of Game**  
Albert Warren, one of Coach Peel's new stars, made his debut as a football player by smashing through Riverside's forward wall for innumerable gains. Early in the first quarter Warren, with the help of John Boylan, carried the ball down the field and finished the parade by going over for a touchdown. Lindenmeyer missed the entire first period, except for one down which Riverside was forced to punt, the ball was in the possession of the Deerfield players.

The second quarter was marred by quite a bit of fumbling and penalizing. Captain Martin replaced War-

## MOVE TO ORGANIZE BANK AT HIGHWOOD

**Permit Obtained from State and Selling of Stock Is Proceeding Well**

Preliminary steps are being taken by a group of Highwood business men and capitalists with a view to organization of a bank in that city to be known as the Highwood State bank. V. Garrity and J. J. Flannigan, two of the leaders in the movement. Sale of the stock is limited to ten shares to an individual, the idea being to get as many Highwood citizens as possible interested financially in the venture, which has every prospect of success.

Excavation has been begun for a building, which Mr. Flannigan is building on Highwood avenue, just south of his other buildings, and this structure, it is planned, will be used as a bank and will be modernly equipped for this purpose.

As soon as the requisite amount of stock is sold a meeting of the stockholders will be held to effect a permanent organization and obtain a charter. Those who signed the application for the original permit are J. V. Garrity, J. J. Flannigan, Richard O'Connor, Casper Santi, Harry Olander, Emil Carlson and George Rettig.

## ELM PLACE P. T. A. MEETING TONIGHT

### DISCUSS MOVIE SITUATION

**Mrs. Merriam, President of Film Council of America Will Deliver Address; Parents Invited**

Mrs. Charles E. Merriam, president of the Film Councils of America will be the speaker tonight at the first evening of the Parent Teacher Association of the Elm Place school. The program has been arranged in accordance with the request for intelligent study of the movie situation, made by both parents and teachers.

For three years Mrs. Merriam was state chairman of motion pictures for the Illinois P. T. A., and for two years the national chairman of the National Congress of Parents and Teachers. She next organized the Film Councils of America, realizing that the problem of children and their use of the movies could never be solved until all the men and women of the country, who were interested in its solution, joined together to try to unite on some policy. Mrs. Merriam found that every club was tackling the problem in its own way, and were getting nowhere.

**Active Career**  
In an attempt to help to unite all these forces, Mrs. Merriam joined the church groups and is now a director in the Federal Motion Picture Council, which is putting on a national conference in Chicago, Feb. 10 to 12, at the Congress hotel.

Aside from her years of effort to bring the best films to young people, this distinguished woman has done excellent work in getting wholesome recreation for boys and girls in other lines. She worked to establish playgrounds and a library in her own community, and then was drawn into the very necessary work of making the public dance halls safe.

**Urges Co-operation**  
It is the hope of the Elm Place P. T. A. that the community will appreciate the interest of the local theatre owners in bringing the best

## GOOD FOOTBALL GAME AT HIGHWOOD SUNDAY

**Locals and Rogers Park Team Tied at Close of Hard Fought Battle**

Rogers Park ex-university and college stars got the surprise of their lives Sunday when they messed up with the Highwood gridders Sunday. The game was not what the score indicates; Highwood made 18 downs to the collegiates' 3.

The game was most exciting. In the first quarter Charley Stewart recovered a fumble, ran forty yards around left end, but got stuck in the mud on the 15-yard line. The mud was so bad here that the locals were unable to make any headway against the heavy visitors. Rogers Park kicked a long punt out and Highwood spent the rest of the quarter taking it back to the 15-yard line.

The second quarter opened with Highwood on the 15-yard line, they tried passing but the Rogers Park defense was too good for the locals to get away with. Rogers Park punted out of danger and Highwood again started the steady march down the field. Les Allen played the best game of his career, smashing through both tackles for long gains. He never was stopped by the first tackler but twisted and fought until he was downed.

The third quarter was almost a repetition of the second, except that Rogers Park had the ball for two downs but Highwood's fighting defense led by Lauridsen at tackle held them helpless.

**ests from Every Section Country Urge Uselessness of Measure Emphasized**  
positive effort to repeal the public clause of the income tax law be made at the coming session of press. Protests from every section of the United States against publicity of income taxes has this inevitable.  
Originally it was claimed that the city would fore the larger tax rates to pay more honestly. A further theory was that the neighbors tax payers would, through jealousy, advise the tax collectors of delinquents. Treasury officials say the city has not resulted in the discharge of any additional revenues. On the contrary, to meet this situation men and women of wealth have this money in tax exempt securities, which do not yield revenue to the government, state, county, or city, and thus escaped the publicity.
