

# The Highland Park Press

Published weekly by The Udell Printing Co. at Highland Park, Lake County, Illinois

Entered as Second Class matter March 1, 1911, at the post office at Highland Park, Illinois, under the Act of March 3, 1879.

THURSDAY, NOVEMBER 5, 1925

NUMBER 86

## OUR PLATFORM FOR A BETTER HIGHLAND PARK

1. All Night Lighting.
2. New Ornamental Lights to cover the entire business zone.
3. Widening and repaving Green Bay Road to at least 40 feet from city limit to city limit.
4. Widening and repaving West Central Avenue from Green Bay Road west to first Skokie Bridge or Blodgett.
5. Ornamental Lighting System all over town. (Similar to Baird & Warner's Deere Park Subdivision.)

We wonder when the Public Service company is going to remove their unsightly poles from our business section.

The committee on ornamental lights tell us that they are going to put Highland Park on the map when it comes to lights if they are given half a chance.

### WHAT ABOUT GREEN BAY ROAD?

Are we going to have it widened and repaved?

It is our only practical auto route to Chicago and in its present condition is very dangerous. South of Stipes' house it is a case of "bump the bumps." We can see no reason why this stretch to the county line cannot be repaved and widened at once, or at least the preliminary work started.

The stretch between Central and Vine avenues can be done by special assessment, and, we believe, will meet with very little opposition.

From Vine avenue north and from Central avenue south to the end of the brick pavement is more of a problem, for the fact that the residents living on the brick pavement are still paying assessments on that pavement and it doesn't seem exactly right to ask them to assume an additional burden that is beneficial to all of us. North of Vine the Northwestern railroad would, no doubt, fight being assessed as it is of no benefit to them. We believe, however, that these obstacles can be, and should be, overcome at the earliest possible moment. Why not a bond issue for these two stretches?

Now that the city council has appointed a committee to recommend a plan of ornamental street lighting in the business district (and we understand that that committee is working hard) why not get a good live committee busy on working out ways and means of carrying out the above improvement which is going to mean so much to the future of Highland Park? We shouldn't wait an instant. Winter is coming on and the preliminary work can all be done during the cold months and in the spring the steam shovels can start work. Come on, all together; let's go!

Now that we are going to widen and repave Green Bay road, if the Association of North Shore Municipalities would get busy, they could probably get Green Bay road widened, straightened and repaved all the way through Glencoe and Hubbard Woods, or no doubt make another through street all the way to Chicago on the west side of the track. The north shore cities are napping, they are not traveling fast enough to keep up with the times. Let's all work together and see if another through route can't be made through our north shore towns, without going out in the country. We should like to have people driving through our north shore cities.

They are all beautiful, our residential sections are the show places of America, and people living in Chicago like to see our nice homes and pretty gardens, and we should not begrudge them the opportunity of doing so, but this cannot be done unless our streets are widened and paved as they should be.

### AUTUMN BEAUTY ON NORTH SHORE

Jack Frost's paint box seems to have been stocked largely with but one color this fall. Here and there browns and darker reds may be seen in the autumn foliage, but in the main the trees are a mass of soft yellow, due principally, probably, to the fact that in place of slight frosts of gradually increasing severity, there came late and suddenly a hard freeze, searing the green leaves yellow with none of the brilliant crimson so common in normal falls. Yet the woods are beautiful in their wonderfully soft garb of yellow this autumn. Different, yet charming to the eye, and last Sunday this condition was most pronounced. The flaming reds of past autumns were missing, and while there was a sameness of the clothing of the woods, yet it was rarely beautiful and pleasing, giving another striking demonstration of the varied beauties which autumn brings from year to year to north shore landscapes.

### CHRISTIAN SCIENCE

First Church of Christ, Scientist, Highland Park, Ill., 387 Hazel avenue, a branch of The Mother Church, The First Church of Christ, Scientist, in Boston, Mass., holds services every Sunday morning at 10:45 and on Wednesday evening at 8 p. m., when testimonies of Christian Science healing are given. Sunday school meets at 9:30 a. m. and is open to pupils under the age of twenty.

Subject for next Sunday's lesson: "Adam and Fallen Man." You are cordially invited to make use of the reading room, 387 Central avenue, which is open every week day from nine in the morning until six in the evening and on Sunday afternoon, from two-thirty to six.

### GRACE M. E. CHURCH

North avenue and Lauretta place. Wm. B. Noble, minister. 9:30 a. m. Sunday School. 10:45 a. m. Morning worship. 3:00 p. m. Junior and Intermediate leagues. 6:30 p. m. Epworth league. 7:45 p. m. Evening service. Wednesday 7:45 p. m. Mid-week service. November 12 and 13 Annual bazaar.

### FIRST UNITED EVANGELICAL CHURCH

9:30 a. m. Bible school. There is a place for you if you have no other Sunday School for Bible study. 10:45 a. m. Morning worship. Sermon by the pastor. 7:00 p. m. Christian Endeavor. Topic, "What Can Young People Do for International Friendship?" Leader, Robert Dresike.

7:45 p. m. This evening service will be given over to the Woman's Missionary society for their annual public service. Mrs. S. B. Strachan, a missionary from Central America will be the speaker of the evening. This woman of God has been associated with her husband in the Latin American Evangelization campaign and is interested in a school for the training of evangelists located in San Jose, Costa Rica, C. A. The public is urged to be present and hear her message and information she has to give.

### BETHANY EVANGELICAL CHURCH

Bethany Evangelical Church Second Street near Laurel Avenue J. G. Finkbeiner, pastor. 9:45—Sunday school session. Dr. E. D. Fritsch superintendent. Classes for all ages. 11:00—Sermon and communion services by Rev. J. G. Eller, presiding elder. Reception of members. 7:45—Evening services. Rev. Eller will preach. Special music at both services.

Preparatory services and quarterly conference on Friday evening of this week.

Religious education every Wednesday afternoon at the Masonic Hall beginning at 3:30.

The Woman's Missionary society will hold its monthly meeting on Thursday afternoon, November 12 at the home of Mrs. R. C. Bleimel, 577 W. Central avenue.

The Evangelical ministers of Chicago and vicinity had an all-day session on last Monday at the Austin Blvd. Evangelical church. Important matters were considered and the fellowship of the 35 who were present, was blessed.

### PRESBYTERIAN CHURCH

Friday—4 p. m. Lewa Camp Fire will meet at the home of Eunice Hall, S. Sheridan road, to celebrate her birthday.

Saturday—10 a. m. Blue Bird meeting.

Sunday—9:45 a. m. Church School. 11 a. m. morning worship. Dr. Wm. P. Schell, secretary of the board of foreign missions, will preach. 4 p. m. Memorial vesper service. 7 p. m. Young People's Fellowship. A meeting of "reports." Allan Porter, presiding.

Monday—2:30 p. m. Woman's Missionary Union will meet in the parish house. Miss Florence Stephenson, principal emeritus of the Asheville (North Carolina) Home School for Mountain Girls, who has given the best years of her life to our work among the mountaineers, will tell of that work, and what the Asheville schools, to which we send scholarships, mean to the neglected children of the southern mountains. All the women of the congregation are cordially invited.

Tuesday—2:30 p. m. The Presbyterian Guild will meet at the home of Mrs. L. R. Rigdon, 423 Glencoe avenue. Mrs. S. T. Dexter will assist. 4 p. m. Meeting of Black Foot Tribe, Boy Rangers of America.

Wednesday—3:30 p. m. Week day religious education class at the Masonic Temple. 8 p. m. Study of the Book of Isaiah. The subject of the evening will be, "Isaiah, Preacher of Salvation." "If ye have not faith, verily ye shall not endure."

## KEEP HEADLIGHTS CLEAN IS ADVICE

### HELPS TO LESSEN GLAZE

Dust on Glass Causes Diffusion of Light and Intensifies Effect; Windshield Also Factor

Another method of combating glaring headlights is suggested by the accident prevention department of the Chicago Motor club, which cautions motorists to keep the headlight lenses clean.

According to this department of the club, much glare is a direct result of the diffusing effect of thousands of particles of dust which collect on the lenses, each particle acting as a miniature lens.

Proper Adjustment Proper headlight adjustment and the use of legal lenses is not the whole story in minimizing headlight glare. Few car owners appreciate that the headlight lenses themselves have to be kept in condition. The dust on the hood of the average car is an illustration of the condition of the lamp's lenses. Clean headlights would be a material help in the work of safe-guarding the highways at night.

This suggestion to local car owners follows a warning issued from the national headquarters of the American Automobile association, to the effect that much glare in night driving also can be traced directly to failure to keep windshields clean.

### Windshield Glare

The existence of what the A. A. A. calls "windshield glare" is evidence of the existence of unnecessary lens glare. Dust is the factor to be considered in either case. Many drivers have acted upon the advice of the American Automobile association, and have made it a point to clean the windshield before attempting to proceed with their night driving, but safety is not complete until they have the co-operation of their fellow motorists. So long as headlight lenses are dust-coated there will be glare no matter how effectively legal lenses and lamps are adjusted. The first rule in night driving for any car operator should be to dust off, and clean off, windshield and lenses. The driver who does not do this is just as much of a public nuisance as the man who drives with his brakes out of adjustment.

### PRISONERS ATTEMPT ESCAPE FROM JAIL

Three Are Seized by Sheriff's Force and Tools are Confiscated

Three inmates of the county jail Saturday night were grabbed by Sheriff Ed Ahlstrom and deprived of half a dozen hack-saws and a knife with which they had cut through a cell bar and a soil pipe in an attempt at a jail delivery.

Two confessions have been obtained, the plan that was to be followed, the sheriff believes, is that, soil pipe sawed through, a loose iron plating could have been removed from a cell allowing a man to get out in the corridor. One night turnkey is employed, and he would have been hit over the head with a two-foot iron pipe that had been secreted in a cell, he believes. The key could have been taken away then, and all the prisoners would have to do would be to walk out.

### HIGH SCHOOL PAPER MAGAZINE EDITION

This week's issue of The Shore Line, the Deerfield-Shields high school paper contains a magazine section in addition to a large amount of school news in the regular edition. The magazine section contains an interesting travelogue by Miss Emada Griswold, French instructor, about her summer tour of France, with picturesque illustrations, and also a number of good stories on various subjects by students. The magazine edition of the school paper is a creditable one and its editors and contributors merit praise for its excellence.

### ZION LUTHERAN CHURCH

West Central avenue. W. F. Suhr, pastor. Sunday School at 9:30. German service at 10:30. English service at 11:00. The Ladies' Aid meets this afternoon, being entertained by Mrs. Fred Grossmann.

Next Thursday evening the regular meeting of the Luther League will take place.

### TRINITY EPISCOPAL CHURCH

The Rev. P. C. Wolcott, D. D., rector. The Rev. Robert Holmes, assistant. The Holy Communion—7:30 a. m. The Church School—9:30 a. m. Matins—11:00 a. m. (The first Sunday in the month, Holy Communion.) Evensong—5:00 p. m. Thursday and holy days, the Holy Communion.
