MME. BUTTERFLY IS CENSORED BY PRESS

Article in Chicago Tribune Suggests Rewriting of Well-Known Opera

The following article appeared in a recent issue of the Chicago Tribune and because of the intense interest in Grand Opera in Highland Park it was thought that many might be interested in reading this censor of "Mme. Butterfly."

Chicago, Oct. 27.—In a few weeks at our Chicago Auditorium we will celebrate the opening of a great civic opera season, and the citizens of this city will assemble to be thrilled by the music of European masters. On several evenings during this season of opera there will be presented "Mme. Butterfly," written by John Luther Long, David Belasco, and Giacomo Puccini. In this opera the principal male character is Lieut. Pinkerton, a United States naval officer, the natural father of a Japanese child. During the course of the opera constant references are made to the United States and American flags are used.

I would respectfully suggest to Mr. Samuel Insull, who has always been interested in naval affairs and has given largely of his time and money for their furtherance, that he take into consideration the fine traditions of the United States navy and the fine loyalty that has always illuminated this service, and that he censor this opera so that the lieutenant in question becomes a nondescript and the flags of the United States be eliminated.

Mr. Insull was born in England, and has made a distinguished record in this country as an industrial organizer for public service. I respectfully suggest that he have this opera rewritten so that it will suffer not at all and at the same time remove a blot which would not be tolerated in his mother country were the character of Lieut. Pinkerton costumed as a British naval lieutenant and the Union Jack is evidence.

TWO STOLEN AUTOS ARE RECOVERED HERE

One Belonging to Waukegan Merchant, and Other From Milwaukee

A Ford sedan, reported stolen from Edward F. Durst of Waukegan, was picked up here by the police the latter part of last week. Two boys, Floyd Gibbs and Harold Bahling, about 16 years of age, and from Waukegan, were found with the car and returned to Waukegan. It was reported there that they were wanted on charge of previous appropriation of machines and had run off with this one. The Waukegan police took charge of them and the sedan was returned to its owner.

A Nash car, reported stolen from a parking area in Milwaukee, was found abandoned here Friday by the police. A lad had driven it to Highland Park and left it on First street, after first removing the distributor head, which he took with him. He was arrested in Milwaukee in the act of attempting to rob a jewelry store, and the police there gave him a quiz, eliciting the information regarding where he had left the car from which the part he had was taken. The owner of the car, Charles Murphy, came here and secured his property.

"FRESHMAN" COMING TO ALCYON THEATRE

Red Grange will have to look to his gridiron laurels this fall, for there is another football star about to shoot over the horizon. You never would guess it, perhaps, but it is Harold Lloyd, glasses and all, for in his newest contribution to the screen, "The Freshman" which comes to the Alcyon theatre November 17, 18, 19 and 20, the king of mirth jumps from scapgoat to hero in probably the most unusual football contest ever seen on the screen.

There is one strange fact about the gridiron episode—one which clearly establishes the fact that Lloyd's horned rims have become as much a part of him as his name. During Lloyd's presence in the game not once does he remove his glasses.

Football coaches should be able to get some tips from "The Freshman." Lloyd executes some new shifts that might prove of value. "The Freshman" gives to the public the funniest ninety-five yard run, if not the most spectacular, any football fan ever witnessed.

Football, however, is only a contributing factor to the hilarity in "The Freshman," which relates the story of a college youth who learns, after many bitter experiences, that "being yourself" is the best way to popularity.

SUGGESTS RUBBISH RECEPTACLES, CLOCK

In connection with suggestions for improvement of Highland Park facilities, one subscriber offers the idea that suitable receptacles for waste paper and rubbish be placed at street corners or elsewhere in the business district, as an aid in keeping the streets clean. Another suggestion by this party is that a large clock be placed on the city building with a gong loud enough to be heard throughout the city.

In view of the prevalence of chicken thieves, the fly girls would better look out.

TEACHERS EXPLAIN COLLEGE REQUIREMENTS

P. T. A. Listens to Interesting Discussion; Urge College Preparation

Register your child for one or more colleges, even though you are not sure you can send him.

Find out the specific requirements of each college.

Begin the preparation for college in the first year of high school.

Make sure your child's record does not fall below C.

And above all, remember that the general record your child makes in high school is given great consideration by the colleges.

These important facts were given emphasis at the meeting of the Parent-Teacher association of the Deerfield-Shields high school which was held in the English club room last Thursday. The program was devoted to a consideration of college entrance requirements, and the preparation of pupils for the examinations of the college board.

Six of the teachers, led by Mr. Platt of the Latin department, presented various phases of the question. Mr. Platt outlined the various points which a parent ought to know about in regard to entrance to college.

"The high school graduate may secure admission either by certification or by taking the college board examination," said Mr. Platt. "This school sends its graduates by certification to those schools which do not require special examinations. As a member of the North Central Association of Colleges and High Schools, we can issue an entrance certificate. But do not think that your child can enter any college just because his work entitles him to a certificate. Different colleges have different requirements, and it is best to know these requirements, and plan the pupil's work from the first year of high school in accordance with these requirements."

Mr. Platt suggested registering the child in several colleges, to avoid disappointment, when the final decision must be made at the end of the high school course.

Miss Griswold gave a most interesting report on the work done in college by public school graduates as compared with the graduate from the private preparatory schools. The statistics brought out the fact that public high school graduates make good records in college. Deerfield-Shields' records of its graduates who went to college showed that almost all did satisfactory work.

COUNCIL AND BOARD IN REGULAR SESSION

Continued from page 1

er Williams avenue be accepted, and that the corporation counsel be instructed to prepare a contract with reference to the payment of \$10,000 by the city as its share of the cost. Commissioner Gourley also moved that property owners be informed that the city regrets inability to build temporary roads on unimproved streets.

Commissioner Preston moved that the Chicago, North Shore & Milwaukee railroad be granted a permit to build a sub-station on its right of way between Deerfield and Clavey roads.

Board Walk

At this point Commissioner Card moved that the council take a recess and convene as the board of local improvements. This was done and the board took up several matters, first of which was the awarding of the contract for paving Lakewood drive, special assessment No. 291, to the E. A. Meyer Construction Co., the lowest bidders, whose offer was \$20,240.10.

A resolution was adopted providing for a supplemental assessment to cover deficiency in the original for the paving of St. Johns avenue, Kincaid street, Comstock place, Briarwood place, Woodland avenue, Oakland avenue and Lambert Tree avenue. The estimated deficiency, including the cost of making and collecting the supplemental levy is placed at \$6639.50. The resolution also provided for the presentation of an ordinance authorizing the levy.

A similar resolution in the case of paving St. Johns avenue from Elm place to Central avenue and East Park avenue from Sheridan road to St. Johns, providing for a supplemental assessment to cover deficiency estimated to total \$2181.00 with all costs, and also for an ordinance authorizing the levy.

Council Reconvenes

After the council had reconvened, following the board meeting the board submitted an ordinance providing for supplemental assessments to cover the deficiencies in the two instances above explained, and on motion these ordinances were left on file with the city clerk for public inspection until their final passage.

Following the consideration of the matters submitted by the board council adjourned.

NOTICE

PUBLIC NOTICE is hereby given that the Y. W. C. A. of Highland Park, Ill., will receive bids for a club room 20x40 feet, to be added to the building known as the Dr. Bergen property at 374 Laurel avenue. Any person interested in providing bids call H. P. 675 before Saturday evening November 14. 37adv

OFFICERS ADDRESS ARTISTS' MEETING

The North Shore Art League, first winter meeting with an informal showing of summer work at the Winnetka Community house last Thursday evening, Nov. 5. Mr. Ingerle and officers of the organization made short speeches following a dinner with 200 artists and their friends.

The encouraging quality of the out of doors sketches from advanced painters and many who have promising ability lead to hopes for an important exhibition in mid-winter.

Mrs. John Vennema of Winnetka is vice president, Allen E. Philbrick of Winnetka is secretary, and Mrs. Edward A. Brion is treasurer. The directors are W. T. Jones, Wilmette; Percy Eckhart, Kenilworth; Mrs. Peter Johansen, Indian Hill; Mrs. Maria Gallagher and Mrs. J. W. F. Davies, Winnetka; Hugo von Hofsten and Mrs. Anita W. Burnham, Hubbard Woods; A. C. Babize, Glencoe; James Cady Ewell, Ravinia; William R. Watson and Frank C. Peyraud, Highland Park. The object of the organization is "to cultivate a higher appreciation of art by means of exhibits, lectures and social activities, within North Shore towns."

Among the active members on committees are Miss Lucile Wood, Mrs. Dorothy K. Ross, Mrs. Alonzo C. Curn, W. T. Jones, H. L. Timmins and Mrs. J. W. F. Davies.
