A. Baehr, C. A. Dostal and Fred A. Sager spoke of the new Parish House. The response to this project has been gratifying, it was stated. So far more than \$39,000 has been subscribed leaving about \$8,000 to be raised. The church, the speakers said, wishes to thank especially, the merchants in town who have so generously donated to the building fund.

PLAN NORTH SHORE HIGHWAY AT MEET

FIVE COMMUNITIES UNITED

Representatives In Session Last Week at Wilmette to Push a New Road West Paralleling N. W. Railway

Representatives of five north shore communities and of Cook county and the Chicago Regional Planning association met at the Wilmette Village hall last week.

This meeting of municipal executives was called by the Planning association for the purpose of bringing all the communities affected into a concerted effort to bring to an early completion the proposed through highway which is to parallel the Chicago and Northwestern railroad tracks on the west.

Reports Encouraging

Reports from representatives of the various villages through which the proposed road will run indicated that all are making an effort to do their share and that the preliminary work is being carried on. All agreed that the new road when completed should be called Green Bay road.

The largest amount of paving to be done in any community will be done in Winnetka, where 11,500 feet of lineal paving must be laid, in widths varying from 40 to 80 feet, and at a cost of \$437,172. Glencoe is next, with 11,040 lineal feet of paving in widths from 40 to 110 feet, at a cost of \$414,020. Wilmette is third with 6,850 feet of a width of 40 feet throughout. The cost will be \$254,000. Evanston will pave 4,200 feet, all 40 feet wide, at a cost of \$175,000 and Kenilworth will have 2,750 feet in width varying from 40 to 100 feet, costing \$96,250. The county will pay for a 20 foot strip throughout all this system. The total cost will be \$1,386,442.

Delay in Winnetka

In Winnetka there is a delay occasioned by grade separation problems and the problem of sharp turns, which are objectionable to state and county highway departments. In Kenilworth condemnation proceedings are going forward. The road will be 100 feet west of the railroad there. Wilmette showed the most progress, having plans for the new road, running through the village adjacent to the railroad, ready to submit to the county officials. Condemnation proceedings in this village have already been put through.

WINNETKA MAN HEADS GREAT WESTERN ROAD

Nathaniel L. Howard Last Week Elected President of Railway Co.

Nathaniel L. Howard of Foxdale avenue, formerly of 644 Walden road, Winnetka, was last week elected president of the Great Western railroad to succeed S. M. Felton, who has become chairman of the board of directors of the company.

Mr. Howard, who is 41 years of age, is said to be the youngest railroad president in the United States. He is married and has lived in Winnetka for three years. He is a member of the Sunset Ridge Country club.

ENTERTAIN SAILORS IN G. LAKES HOSPITAL

Members of the Winnetka Forget-me-not committee gave a birthday party at the Great Lakes hospital last week. The party was for all those soldiers whose birthdays fell in October. A special luncheon was served, with a huge cake, lighted with candles, occupying the center of the table, which was gay with Halloween decorations. Each of the disabled veterans received a present from the committee. Cigars and cigarettes were also distributed. Following the meal there was a program after which the committee inspected the workshop where the veterans are making various novelties for sale.

WOMEN VOTERS WILL ENJOY CARD PARTY

Thursday afternoon, November 12, cards, gay chatter and refreshments will temporarily take the place that the World Court and Child Labor problems usually hold in the minds of the members of the Winnetka League of Women Voters. For, in order to raise money to carry on the work of the league, that organization is giving a card party and all the north shore is invited to attend.

Probably not so many husbands would desert their wives if their wives would support them properly.

WINNETKA WOMAN'S LEAGUE IS GROWING

List is Twice as Long as That of Last Year's; Sustaining Members Many

The list of sustaining members of the Winnetka League of Women Voters is already nearly twice as long as last year's list. As the regular membership dues are kept at a minimum in order that the membership may be thoroughly democratic, the funds for carrying on the League's work must be obtained almost entirely from other sources. In order to reduce as low as possible the amount of money to be secured as benefits, a system of sustaining memberships has been adopted.

Mrs. Austin Jenner, chairman of the finance committee of the League, is at the head of a drive for sustaining members. She has been greatly assisted by Mrs. Harold DeLay, Mrs. Edwin E. Brown and Mrs. Morris Greeley.

Sustaining members new this year are Mrs. William S. Elliott, Mrs. Archibald Shaw, Mrs. Laird Bell, Mrs. William D. McKenzie, Mrs. Arthur Woodward, Mrs. Walter Strong, Mrs. Arthur Sterrett, Mrs. Edgar Crilly, Mrs. Frank Bursback, Mrs. Robert Gay, Mrs. John Montgomery, Miss Ruth Matz, Mrs. George Leacy and Mrs. August Magnus.

WINNETKA TO KEEP ITS OWN LIGHTING

Winnetka will continue to maintain its own lighting system entirely independent of any connection with an outside source of power, according to action taken at the village council meeting last week, when council members voted to go ahead with the program of installing additional emergency equipment at the lighting plant.

When considering this proposed improvement there had been a counter proposition to effect an emergency breakdown connection with the Public Service Company of Northern Illinois. Under this plan the power lines of that company would be extended to the border of the village, where the village would make a connection to its power plant. There was to be a certain charge per month regardless of whether or not power was used, and in addition, a certain rate agreed on for power that was used.

ATTEMPT TO WRECK NORTH SHORE TRAIN

PLACE WAGON ON TRACKS

Miscreants Try to Derail Limited Last Week; Near Zion; Second Instance of Same Kind

Miscreants evidently intent upon causing a serious train wreck on the night of Nov. 4, placed a lumber wagon on the North Shore Line tracks in Zion where it was struck by a speeding southbound limited train shortly before midnight. Passengers on the train were thrown into a panic when the crash occurred. The near tragedy occurred at a point about forty feet south of the Twenty-first street crossing. The wagon was smashed into kindling wood, and the front of the train was damaged quite badly.

Arrest Expected

The Zion police department was notified and Lieut. Ben Fisher hurried to the scene and launched an investigation. From evidence he was able to pick up it was believed that an arrest might be made soon.

That the attempted wrecking of the limited train was the effort of men rather than boys, was indicated by the size of the footprints found in the mud.

The fact that a drizzling rain was falling tended to obscure the vision of the motorman until it was too late to avoid a collision. Wreckage was strewn down the track for quite a distance. The train was stopped and the crew hurried back, their first belief being that a tragedy had occurred. When they failed to find any trace of a horse or the driver they called the police.

Previous Attempt

The vandalism of Wednesday night recalls a similar incident that occurred on Halloween night when a similar wagon was placed on the North Western tracks where it was hit by a fast train and smashed into pieces. The Zion police are inclined to think that both pieces of vandalism were the work of the same parties. Just what motive is back of it they have not yet been able to determine.
