THANK THE ATMOSPHERE.
BIRTH CONTROL? GO SLOWLY.
WEAR A MUSTACHE? NO.
A NEW ELEMENT.

Ethel Bunnel, a young girl in the University of Illinois, beat fifty-eight men in a cattle-judging competition, and that isn't surprising.

Women had to be good judges of animals to exercise discretion in picking out their husbands. Nature has given them power to see clearly and form sound judgment at a glance. Many a husband, who thinks he did the picking was in reality the one picked by a natural born judge of live stock.

A new comet is discovered in the constellation of the Hunting Dog, a small comet. Fortunately we have learned not to be afraid, even of big ones. We no longer ring church bells to frighten the comet away, as our ancestors did. We measure, and catalogue it.

We ought to get on our knees and thank Heaven for that wonderful, greatest of all shock absorbers, our atmosphere.

Scientists are surprised by a shower of meteors, unusual at this time of year. They are supposed to be connected with the "Leide" showers that bombard the earth once in thirty-three years. If it were not for our atmosphere's function, which melts the meteors, great blocks of stone would bombard our earth, and soon nobody would be left alive to make observations or records.

The important thing in the creation of children is affection—not money. A child's start in life depends not on the father's bank account but on the mother's love and respect for her children's father. A man sincerely devoted to his wife gives his children the right start if he gives them health and character, without money.

As to numbers, you never can tell. Alexander the Great was a one and only. Caruso followed after eighteen younger brothers and sisters. Nature is wiser than birth control or eugenics. The mother that WANTS children has the BEST children.

The good and learned Bishop Collins Denny, speaking in North Carolina, advises men to wear mustaches as "their badge of masculinity."

We hesitate to disagree with any bishop. It's like a hoptoad arguing with a locomotive, but there are many signs of "masculinity" without a mustache.

Alexander the Great, who made the smooth face fashionable, was masculine enough; also Caesar and Napoleon. They were three fairly masculine "he-man" types, with no mustache. On the other hand, the marmoset, feeblest and most timid of the monkeys, has a mustache and so has the sea lion, VERY masculine. You can't tell.

Everything in the visible universe from the egg of an oyster to the big star Aldebaran is made up of fewer than one hundred different "elements" or substances.

A few are missing, and two scientists, Jaroslav Heyrovsky and Professor Dolejsk, announce the discovery of an emore, which they call "divimagau."

That new word, "divimagau," will live millions of years after every language now spoken shall have completely vanished from use and memory.

Knowledge and intellectual power are INTERNATIONAL, independent of race. It is well to remind the world, nursing its racial hatred, that the six greatest minds in mathematics and astronomy were born of six different races—Copernicus, a Pole; Tycho Brahe, a Dane of Swedish ancestry; Kepler, German; Galileo, Italian; Descartes, French; Newton, greatest of them all in pure mathematics, British.

MORE RURAL FREE DELIVERY ROUTES

Four Hundred and Ninety-Eight Added During the Last Fiscal Year

Four hundred and ninety-eight new rural free delivery routes have been established during the fiscal year just ended. Extensions were made in the scope of 228 existing routes. The total number of rural routes now crisscrossing the nation is 45,189, and in the territory covered by these rural carriers are served approximately 30,000,000 persons, and these deliverers of letters, packages, etc., cover each year 1,233,391 miles.

This is a type of service which deserves encouragement and it is one of the activities of the post office department which helps to make us all feel more lenient towards the annual deficiency.

The overwhelming popularity of the American farmer is evidenced by the fact that everybody is determined that he is and must be prosperous.

Germans declare France has violated the Washington naval treaty by selling submarines to Poland and Roumania, but so long as they don't sell any to Switzerland the situation will not become serious.

It is said that the Poles have about decided to scrap the republic in favor of a monarchy and are looking for a king. Well there is one up at Doorn, Holland, who is out of a job.

The prediction of a Hollywood astrologer that the world will come to an end in 1942 does not help solve the rent problem.—Omaha Bee.

ADJUDICATION NOTICE

PUBLIC NOTICE is hereby given that the Subscriber Administrator of the Estate of Marie Mahen deceased will attend the Probate Court of Lake County, at a term thereof to be held at the Court House in Waukegan, in said County, on the first Monday of February next, 1926, when and where all persons having claims against said estate are notified and requested to present the same to said court for adjudication.

FOX MAHEN,
Administrator of the estate of Marie Mahen, deceased.
Waukegan, Ill., Nov. 23, 1925.
E. S. Gail, Att'y.

NOTICE

Public notice is hereby given that there will be a special meeting of the stockholders of North Shore Trust Company at the banking office of said North Shore Trust Company on Tuesday, December 29, 1925, at 4:30 p. m., for the purpose of passing upon the question of increasing the num-

ber of directors of said North Shore Trust Company from five to seven.

Signed, A. W. VERCOE,
W. E. BLETSCH,
FRANK G. GARDNER,
Directors of
39-41 North Shore Trust Company.

NOTICE

Supplemental Special Assessment Notice No. 286.

Notice is hereby given to all persons interested that the City Council of the City of Highland Park, County of Lake, and State of Illinois, having ordered that a supplemental special assessment be levied to pay the deficiency of the cost of the work and interest for paving St. Johns Avenue, from Elm Place to Central Avenue and East Park Avenue from Sheridan Road to St. Johns Avenue, which improvement was provided for by an ordinance passed heretofore on the 1st day of August, A. D. 1924, and the lawful expenses of such proceeding, the ordinance for said supplemental special assessment being on file in the office of the City Clerk of said City, and having applied to the County Court of Lake County for an assessment of the costs of said improvement, according to benefits, and a supplemental special assessment thereof having been made and returned to said court, the final hearing thereon will be had on the 12th day of December A. D. 1925, or as soon thereafter as the business of the court will permit.

Said supplemental special assessment is payable in one installment. All persons desiring may file objections in said court before said day, and may appear on the hearing and make their defense.

V. C. MUSSER,
Officer appointed to make said assessment.
Dated at Highland Park, Ill.,
November 25th, A. D. 1925. 39-40

NOTICE

Supplemental Special Assessment Notice No. 274.

Notice is hereby given to all persons interested that the City Council of the City of Highland Park, County of Lake and State of Illinois, having ordered that a supplemental special assessment be levied to pay the deficiency of the cost of the work and interest for paving St. Johns Avenue, Kincaid Street, Comstock Place, Briarwood Place, Woodland Avenue, Oakland Avenue, Ashland Avenue, and Lambert Tree Avenue, which improvement was provided for by an ordinance passed heretofore on the 17th day of August, A. D. 1923, and the lawful expenses of such proceeding, the ordinance for said supplemental special assessment being on file in the office of the City Clerk of said City, and having applied to the County Court of Lake County for an assessment of the costs of said improvement, according to benefits, and a supplemental special assessment thereof having been made and returned to said court, the final hearing thereon will be had on the 12th day of December A. D. 1925 or as soon thereafter as the business of the court will permit.

Planert's "NORTHLIGHTS"
"The World's Best"

6 Big Reasons

- (1) **Tubes**—Made of cold-rolled Spring Steel, the hardest material giving maximum strength. No reinforcements needed. Rust proof.
- (2) **Sole Plates**—Hard Spring Steel—rust proof. Riveted and soldered to drawn cups, giving double strength.
- (3) **Cups**—Drawn seamless (like a bell) of one piece Steel. Also flanged over tube for added strength at this vital point.
- (4) **Runners**—Highly tempered Crucible Tool Steel. High carbon. Hockey runner and front brace of one-piece construction.
- (5) **Calf Shoe**—High grade leather with Solid Oak Leather Counter and Soles, stitched on shoe. 4 web Indestructible Reinforcement. Instead of lining which tears and corrodes. Wide padded tongue which prevents pinch in lacing.
- (6) **Guaranteed.**

HOCKEY! What an exciting game. First here! Then there! Sharp turns—short stops—a quick get-away—then speed. What a tremendous strain on the skates. Planert's "Northlight" Skates are *Monarchs of the Ice* when it comes to quality and construction.

They are preferred by Champions and Hockey players. They have stood the severe test of Claudius Lamy's (10 Barrel) Record Broad Jump—James Bourke's Human Top Spin—and are recognized as "The World's Best" and Safest Skate in the hearts of American skaters.

See for yourself the excellent quality built in every detail of "Northlight" Skates. Note their sturdy construction—the broad runner of highly tempered crucible steel, the bell-shaped seamless cups of one piece flanged over tube for added strength; the solid oak leather counters and soles stitched to reinforced gun-rose leather shoes attached to Planert's "Northlight". The human desire to own the Best Skates suggests Planert's "Northlights". Be sure they bear our trade-mark.

If your dealer does not have them, write to us and we will see that you are supplied.
