HANS HESS, CELLIST IN PROGRAM MARCH 7

Arts Committee of Woman's Civic Club of Ravinia Make Musical Announcement

One of the interesting announcements brought to public attention by the arts committee of the Woman's Civic club of Ravinia for the season is the engagement of Hans Hess, cellist, for a concert to be given Sunday afternoon, March 7, at 3:15 in Elm Place auditorium.

The acclivity of Hans Hess has been acclaimed by the public and press in terms of the highest praise for many years. Mr. Hess is an artist who combines the loftiest ideals of his art with a broad musical intelligence, and carries them into all his work. As a result of his numerous recitals and appearances as soloist with symphony orchestras, he is known far and wide as an exponent of the highest and best in violoncello playing. His success as an ensemble player is of long standing. Mr. Hess's efforts have always been directed toward the development of some phase of music that is particularly interesting.

A number of successful compositions have been dedicated to him by several contemporary composers who have received the inspiration for their works from his playing, one of them the Sonata in C Major by Clarence Loomis. The violoncello is truly the "King of Strings." The ample tonal possibilities of this noble instrument have attracted the greatest makers of music in all ages, and the violoncello sonatas contain some of the finest thoughts of the greatest composers.

DR. ROGERS SELLS FLORIDA PROPERTY

Dr. Daniel W. Rogers has recently sold seventy acres of land located on the east bank of the St. Johns river in the suburbs of Welaka, Florida. This property is in Putnam county, about eighteen miles south of Palatka, the county seat, and has a wide frontage on the river at a point said to be the highest spot in southern Florida.

Dr. Rogers purchased this tract about three years ago and has made a very profitable turnover. Hine & Hine, real estate brokers of this city, negotiated the sale.

"THE DUENNA" TO BE GIVEN HERE FEB. 15

North Shore Theatre Guild Second Production Is Operetta; Is Spanish Story

The North Shore Theatre Guild's second production of the fifth season, "The Duenna," is to be distinguished by gorgeous scenery, picturesque costumes and superb music.

"The Duenna" is a Spanish story written by Richard Brinsley Sheridan as an operetta and is characteristic of the period in its libretto. It tells two stories of two pairs of lovers who are being forced apart by fond but misguided parents and provides for many situations, both dramatic and amusing, before the lovers are united with the customary parental blessings.

When first produced in London at the Drury Lane theatre in 1775 the operetta enjoyed a record run of seventy-five nights. On this occasion it was presented by Sheridan himself in the leading role.

The music which the guild is using is the score which was used in the London revival at Lyric theatre, Hammersmith, a year ago. This was arranged from the original score by Thomas Reynolds who also added several songs and the overtures to a number of operas by Handel. These are little known and, aside from their beauty, have an added interest for music lovers.

Isaac Van Grove, former conductor of the Chicago Civic Opera, has been engaged by the guild to take charge of the music. He will conduct the Symphonic Octette of Chicago and in addition will have charge of training the soloists, trios, duets, etc.

The production will pay in Winnetka on February 12, Highland Park on February 15, Lake Forest on February 16, Evanston on February 17 and 18, and Winnetka on February 19 and 20.

WOMAN'S CLUB HEARS FINE TALK ON INDIA

At the last meeting of the Highland Park Woman's club on Tuesday, Feb. 2, Dr. Charles W. Gilkey spoke on "India from an American Point of View and America from an Indian Point of View."

Dr. Gilkey said that we had now reached a time when we must know what others are thinking about, not only those "back of the yards," those on the Atlantic and Pacific coasts and of Europe, but what is in the minds of the thinking people of the Orient. He said that India was the most heterogeneous of nations, all kinds of religions, races and points of view and that the Indian loves to talk over big questions. He learned that the Indian feels, that the freedom of thought and speech leading to tolerance, and the good will between class and class and faith and faith that has been typical of this country for 125 years, is fading out.

Indians coming to this country, a great many as students, meet a prejudice that very often makes them treated cruelly, due to provincialism and ignorance on our part. Among the last words, of a very finely educated Indian gentleman, to him was a plea, that the people of this country show a little more the spirit of Jesus Christ to those coming here, that has been taken by us over to them and taught them there.

It was a very stirring lecture and greatly enjoyed by everyone there.
