Boswell was released under bond of \$200 for appearance, the police reported.

TELEPHONE CO. HAS NEW BILLING PLAN

Subscribers Are Asked to Read Notices to Be Sent Them With March 1 Bills

The Illinois Bell Telephone company, through E. A. Judd, commercial manager, has announced that a new billing plan will be introduced in the suburban territory, beginning on April 1.

The new plan is known as "rotation billing" and means that instead of all suburban subscribers' bills going out on the first of the month, the billing will be divided into six equal groups, each group of bills being mailed shortly after their date.

The dates of the bills in the six groups will be the first, sixth, eleventh, sixteenth, twenty-first and twenty-sixth.

Mr. Judd stated that because the new billing plan permits of spreading the work of preparing bills throughout the month, it will be possible for the telephone company to give to their patrons better billing and counter service. The new billing plan also gives the subscriber a more up-to-date bill. The toll charges on each bill will include items up to the date of the bill, instead of such items appearing on bills only up to the 15th of the preceding month, as has been the practice.

According to the new plan, telephone subscribers in the Highland Park and Deerfield exchanges will receive their bills dated the sixth of each month.

In starting the new plan, it will be necessary for the telephone company to send two bills during the month of March to those patrons whose bills will be dated in the future, the sixteenth and twenty-first. Likewise, it will also be necessary, during the transition from the present method of billing to the new plan of billing, to include toll and service charges for periods varying from fifteen to fifty-five days in length. However, after this transition has been completed, which will be about the 15th of April, bills will cover the regular periods, namely: the month preceding the date of the bill for toll items, and the month period beginning with the date of the bill for service charges.

Mr. Judd said each patron will receive a notice with their March 1st bill and also with their next subsequent bill. This notice explains the plan and indicates the period covered by the charges on their bills in the future.

The employees of the telephone company have been schooled as to all details, and will be ready to answer questions regarding the new plan.

SMITH IN CAMPAIGN OPPOSES WORLD COURT

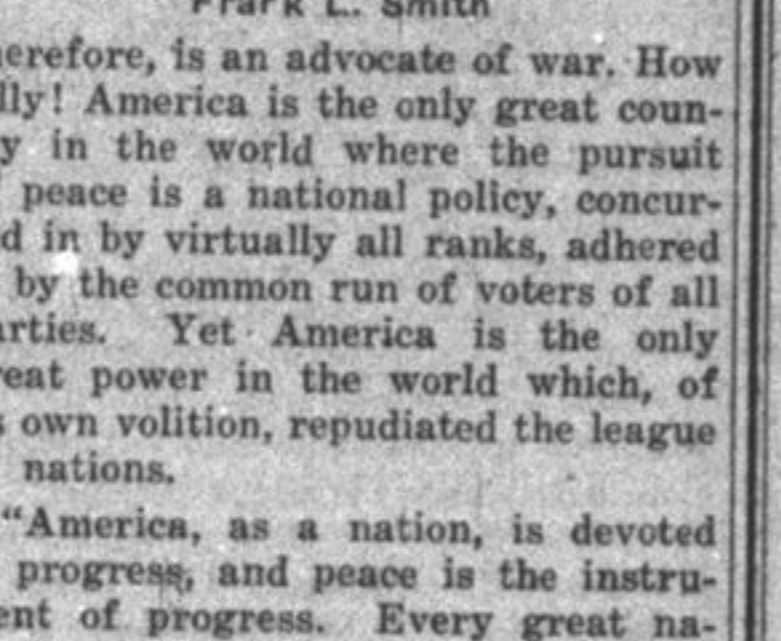

Candidate for U. S. Senatorial Nomination Says Court is Door to League

Hon. Frank L. Smith, of Pontiac, candidate for the republican nomination for United States senator in the April primaries against the present incumbent, Senator William B. McKinley, is making a whirlwind campaign throughout Illinois. So far his attention has been chiefly directed to downstate cities, and he has spoken in numerous cities. Later he will visit the northern part of the state and Cook county. Recently in a talk at Galesburg he said regarding his strenuous opposition to the world court plan:

"The arguments of others in behalf of the court and league as the alleged instruments of peace have their roots in hypocrisy and cant. The pet hypocrisy of all is the sly pretense that anyone who has opposed our joining either the league or the court, or who refuses to regard one or both as God's chosen instruments of peace, is opposed to peace and, therefore, is an advocate of war. How silly! America is the only great country in the world where the pursuit of peace is a national policy, concurred in by virtually all ranks, adhered to by the common run of voters of all parties. Yet America is the only great power in the world which, of its own volition, repudiated the league of nations.

"America, as a nation, is devoted to progress, and peace is the instrument of progress. Every great nation within the league is devoted to power, and war is an instrument of power.

"As I conceive America's mission, it is to teach peace by example. It seems to be the league of nations' practice to declare peace by proclamation, then tear up the proclamation. What the league of nations does, its court will legalize, be sure of that."

POLICE COURT ITEMS CAR STOLEN; BOY LOST

Arneodo Santi Reports Loss of His Ford Touring; Chicago Lad Is Picked Up Here

A Ford touring car belonging to Arneodo Santi, 301 McDaniels avenue was stolen from the street near the Witten building Sunday night. Santi reported to the local police. It was a 1925 model, he explained, but he was unable to give the motor number, etc. The police are investigating.

Dan Slattery, a boy of 13 years, was picked up by the police a couple of days ago. It was learned that he was a run-away from Chicago, and Chief Moroney finally got into communication with his father. The latter said that an official from the juvenile school would come after the boy on Tuesday, but late Wednesday nobody had arrived, and the police were puzzled as to what to do with the lad.

MAN FOUND INJURED TAKEN TO WAUKEGAN

Gives Name of Frank Martin But Refuses More Information; Hit by Auto

Frank Martin, 40, who said he was from Montana and elsewhere, but refused further information, was found with his left leg fractured near the ankle, lying in the Deerfield road west of Highland Park, last Friday morning. He refused at first to say what happened to him, but later, after some questioning by Chief of Police Moroney, the man admitted that he might have been hit by an auto. He was taken to the Highland Park hospital and later removed to the county hospital at Waukegan. He had about \$25 in his pockets but no letters which would identify him, in case the name he gave was assumed.

SNOW-DROPS ANNOUNCE APPROACH OF SPRING

The appearance of snow-drops on the William C. Egan estate on Monday announced the coming of spring. For the past twenty years Mr. Egan has found snow-drops in his yard on Washington's birthday, and this February 22nd was no exception to previous years.
