In the Wilmette Baptist church which was artistically decorated with ferns, palms, baskets of spring flowers and candles, with the Rev. Francis C. Stiffer officiating, Miss Virginia Copeland, daughter of Mr. and Mrs. Thomas Agar Copeland of the Orington hotel, Evanston, formerly of Wilmette, became the bride of Harold Halmar Anderson, son of Mr. and Mrs. A. Clarence Anderson of Princeton, Ill., Saturday evening, February 20.

The bride wore a gown of French georgette and silver lace, fashioned with a court train, and a Brussels lace veil and cap. She carried a shower bouquet of brides roses, sweet peas, valley lilies, and orchids. Her maid of honor, Miss Gertrude Copeland, was attired in apple green satin, and carried pale yellow roses, sweet peas, and freesia. The bridesmaids, Miss Marion Mannerud, Mrs. William W. White of Evanston, Miss Lillith Lidseen of Oak Park, and Miss Elaine Burgess of Kenilworth, were in cream color crepe satin and carried bouquets in graduating shades of pink roses, sweet peas, and freesia, tied with bows to match. The flower girl, Peggy Milnes, and the ring bearer, Adelaide Virginia Shrader, wore frocks of cream color crepe satin.

Gordon Anderson served as best man, and the ushers were James Paterson, William W. White, Eugene Conley, Dwight Mills, John Rogers Copeland, and Thomas Agar Copeland, Jr., all of Evanston.

A reception was held at the home of the bride's uncle and aunt, and Mrs. H. L. Beach, 1227 Ashland avenue, Wilmette, after the ceremony.

Upon returning from a honeymoon in the south, Mr. and Mrs. Anderson will reside at 828 Washington street, Evanston.

The bride attended Wellesley college two years, and graduated from Northwestern university in the class of 1925. She is a member of the Alpha Phi sorority. Her husband was graduated from Northwestern in the class of 1924, and was a member of Scribner, and Deru honorary society.

ANOTHER DEVELOPMENT FLORIDA REAL ESTATE Belleair Estates Near Clearwater Offer Notable Advantages For Home Building

Of the many worth-while real estate developments which have turned their attention to the beautification and improvement of Florida's West Coast, perhaps more deserving than any other of the praise of the community in which they are working, is Belleair Estates, Greater Clearwater's Master Development, which is located just "next door" to the famous Bellevue-Biltmore hotel in Belleair, and is but two miles over perfect highways from the heart of Clearwater's shopping center.

This lovely area of artistic homes possesses all of the advantages known to other Florida developments and some which are unique to Belleair Estates. One of these distinctive advantages is its location next to the Bellevue-Biltmore, which has been for a quarter of a century the winter gathering place for the elite of American social circles, as well as the golfing paradise of most of America's capitalists, and other great men of the times.

Belleair Estates enjoys, too, another unique advantage of location, situated as it is, atop a forty foot bluff on the shore of beautiful Clearwater Bay, with the great Gulf of Mexico the other side of the keys. This bluff, which is the setting for the development, is the highest shore elevation in the state of Florida. And it is through the property of Belleair Estates that Florida's only waterfall, the Cascada Cristal, breaks under a rustic bridge.

Such a location naturally spells healthfulness — and the American Medical association has actually declared Pineallas county to be "the most healthful section of the western hemisphere—even of the world." The fresh salt winds from Bay and Gulf, as well as the altitude of the bluff and the forests of tall southern pine trees, all combine to make a section the American Medical association has declared it to be. Add to this the bright sunlight which drenches the coast practically every day in the year, and the opportunity for indulging the year round in out of door sports, and one can readily understand why so many hundreds have been attracted year after year to Belleair.

PLAN TELEPHONES IN BANK VAULTS Chicago Clerk's Experience to Cause Innovation in the Banks of City

Telephones will soon be installed in every bank vault in the city of Chicago if an ordinance introduced into the city council is approved.

The action was motivated by a recent accident in the city hall building, when a clerk was locked in a basement vault for several hours and was released by a night watchman only after frantic pounding on the door of the vault. Had there been telephonic communication with the outside office, his release would have been immediate.

Are You Taking Care of Your Hair? How often have you heard a woman say, "I just hate my hair, it is so uneven and broken" or "I can't do a thing with it"? When I hear one of my friends say that I feel like telling her that "it serves her right—what can you expect?" For I know from experience that nothing is more willing to please than the hair of one's own head if you treat it right. Nothing in the world responds more quickly to care — and nothing more aggravating when neglected. Whether your hair is bobbed or long, you may have a full head of hair. The scalp must breathe and be exercised; and, if dry, a nourishing oil supplied; if oily, brushing and massaging will make the oil go to the oldheads where it should be, rather than to run over the hair itself. Consult your hair dresser before you lose your hair or have strategic locks. Highland Park Beauty Salon, 389 CENTRAL AVENUE, Tel. H. P. 383. Insurance Without Bad After Effects Does your liability cease with the payment of your premium? If you are insured in a mutual or reciprocal it does not. Failure of the mutual or reciprocal will make you liable for a portion of the unpaid claims. There have been 117 such failures in the last five years. Assessments against policy holders run into millions of dollars. Policy holders are being made to pay the price of cheap insurance by judgments against their homes and property. Can you afford to accept the risk by dealing with mutuals and reciprocals? We write nothing but stock company insurance and your liability ceases with the payment of your premium. We have not and will not establish connections with mutual or reciprocal insurance associations. When you think of your future you cannot consider mutual or reciprocal insurance without assuming the risk of having your savings swept away by the failure of cheap insurance associations. We furnish no radiator emblems, but only a policy of insurance that gives you the protection you pay for, with superior claim service and no bad after effects.
