## LEGION POSTS OF COUNTY IN MEET PLAN TEST ON SENTIMENT

Want to Show What Feeling of People Is Regarding Military Training; Plan for Dedication

Plans for a poll that will be extended to all sections of Lake county with the object of determining the sentiment on continuance of military training in the schools of the district were framed at the meeting of representatives of all legion posts in the county, forming the eighth district, held in Waukegan last Friday night.

Judge Landis to Speak  
Announcement that Judge Kenesaw Mountain Landis will be the principal speaker in the dedication of the new U. S. Veterans' hospital at Great Lakes on May 8 or 15, program of which will be broadcast by radio station WGN and appearance of officials of the state department of the legion at the meeting were high spots of the event.

Principal address of the evening was given by Brig. Gen. Charles Barnes of Chicago, who appeared in place of Scott Lucas, state commander of the legion who was ill. He, with Ford Heckel, state adjutant told of the work of the legion in the various districts and commended the Lake county district for its progress.

A. G. Benston of Chicago, state service officer, told of the work being done in Chicago and the rest of the state by the legion among disabled veterans and in behalf of ex-service men who are entitled to compensation. He also urged all posts to lend their full support in carrying on this important work.

Many Posts Represented  
Representatives of the nine posts now functioning in the county and two others in process of organization were in attendance at the gathering. More than 200 veterans took part in the meeting. Posts represented in the gathering were: Libertyville, Grayslake, North Chicago, Lake Forest, Fort Sheridan, Highland Park, Great Lakes and Highwood. The posts being organized will be located in Antioch and Deerfield.

Forrest Owens of Libertyville, chairman of the eighth district of the legion, who presided at the meeting was instructed to name a committee of members of various posts in the county to conduct the poll on sentiment on military training in schools of the district. This action was taken pursuant to the spreading of much propaganda throughout the county that the majority of students and their parents were not in favor of this form of training.

Plans for Dedication  
Members of the committee of the Lake Forest post in charge of arranging the program for the dedication of the new Veterans' hospital at Great Lakes stated that the date for the event has not been definitely set but that the affair will be held on either May 8th or 15th.

It was also announced that Vice-President, Charles G. Dawes would be unable to attend.

He has spoken at Winnetka before and has been enthusiastically received by audiences there.

## OWN YOUR HOME SHOW TO OPEN MARCH 27TH

Exhibition of Interest to Prospective Builders to Be at Coliseum

Hundreds of skilled workmen, housing experts, artists and decorators are working double shifts night and day in the Coliseum here building the great sixth annual "Own Your Home" exposition that will open on March 27, at eight o'clock p. m., and continue until the third of April under the auspices of the Chicago Real Estate board.

Carpenters, brick layers, plasterers, roofers, plumbers, glaziers, electricians, mechanics, scenic artists, interior decorators, landscape gardeners and many others of various classifications began work early Monday morning under the direction of a corps of superintendents of construction and today are on schedule in the gigantic task of building the big show.

Ways and means of cutting down on the ultimate cost of our homes and how houses that are economically dead can be renovated so they will hold their own on the real estate market, is the motif of the exposition and will be featured in the architectural, building materials and other divisions.

Educational exhibits showing how each phase of house construction should be handled and how enormous losses result from flimsy and faulty building, have been arranged by the participating building and allied interests.

Displays showing the number of heat units used to heat a properly insulated house compared to the number used to heat a house without insulation will be one of the features designed to show the visiting public the heat losses in dollars and cents suffered by the owner of a poorly built dwelling.

## PIRATE PLAY GIVEN AT GOODMAN THEATRE

The pirate play called "Wapping Wharf," has been definitely scheduled to open at Goodman theatre, Art Institute, on Saturday, April 3, at 2:30 p. m. This play was written by Charles S. Brooks of Cleveland, who is identified with the Cleveland Playhouse and was, originally, intended for adults, but is being put on at the Goodman as one of the cycle of plays for children. The scenes are laid in and around an old cabin on the seacoast and the characters represent a rough lot of semi-retired pirates, who, however, with the connivance of a lighthouse keeper, manage to plunder an occasional ship which the keeper lures to destruction on the rocky coast. Of course, there is a beautiful girl, a captive, who is compelled to drudge at household duties for the pirates, and there is a hero "Red Joe," who makes it interesting for all concerned. The play will run every Saturday at 2:30 throughout April.

He rendered a favorable report to the council Tuesday evening of last week and a resolution instructing the village clerk to put the proposal on the ballot was passed. Under state law a small tax must be levied for this purpose.

## WINNETKA WOMAN'S CLUB MEETS APRIL 6

Program to Be Given by Art and Literature Committee and Promises Well

The next regular club meeting of the Winnetka Woman's club will be held on Tuesday, April 6. This program will be given by the art and literature committee, Mrs. S. George Levy, chairman. This committee will present Senorita Elena Landorzi, a Mexican, born and reared in Mexico City. She is, however, a graduate from the University of Chicago. Senorita Landorzi will speak on "Mexican Folk Lore and Music." She is a skilled musician and interprets her lecture.

The music committee of the Winnetka Woman's club on March 16, gave another of its always popular programs. Mrs. Dennis Gent sang a long and varied selection in a number of different languages. Mrs. Gent possesses so much that is lovely and artistic aside from her sweet voice that her very presence charmed her audience. Miss Hadassah McGriffin, pianist, added much to the joy of the afternoon by her perfect co-operation.

Mrs. Everett Harris the chairman of the music committee, has been untiring in her efforts, and has brought to our club and village, largely through her acquaintance with the musical fraternity, the very cream of Chicago. Such devotion to art is much appreciated by the club.

## CO. BOARD APPROVES BOND ISSUE PROJECT

State Gives O. K. on Preliminary Presentation, But Another Must Follow

The Lake county board of supervisors, by a vote of 21 to 7, last Friday approved the state highway recommendations on the road bond issue for the county. This resolution must now go back to Springfield for a second O.K. by the highway department, and then come before the board a second time.

The first vote that passed the bond issue, bringing up for vote of the people, was 18 to 11. Several Waukegan supervisors had a change in heart, seeing that the issue could not be beaten before the board, so they swung over with the other faction.

The highway department cut out the quarter mile strip of connecting road in Lake Bluff, which had been inserted as an amendment, bringing the issue down from \$750,000 to \$730,000.

The second O.K. of the state will be but a formality, according to Supervisor George Baird, of Waukegan, who is one of the sponsors of the improvement. The Lake Bluff strip was set out because it was held that it wasn't a proper connection.

## NEWSBOYS HOSTS TO PUBLISHER AT DINNER

Four hundred newsboys, members of the Chicago newsboys' union, were hosts at a testimonial dinner given to Walter A. Strong of Tower road, Winnetka, publisher of the Chicago Daily News, in the Hotel Sherman, Monday, March 15. Many of the men associated with Mr. Strong on the Daily News were present as honorary guests. The dinner was tendered by the publisher, the newsboys said, in appreciation of the interest he has displayed in the welfare of the carriers. A large engraved silver vase was presented to Mr. Strong at the close of the dinner. Dave Parrell, treasurer of the newsboys' union, was toastmaster.

Good idea for the chaplains to pray for the legislative assemblies, but after looking some of them over, it might be more appropriate to pray for the country.
