MISS KERN DELIGHTS AUDIENCE WEDNESDAY

Head of National Kindergarten College Addresses P.T.A.; Nominate Officers

A very interesting meeting was enjoyed yesterday afternoon by the P. T. A. of the Elm Place School, when Miss Frances Kern of the National Kindergarten and Elementary college addressed the association on "Newer Trends in Kindergarten and Primary Education."

She reviewed the advance made by scientists in the development of the child from birth to eight years of age and showed how an understanding of each individual child was being applied to the kindergarten classes and elementary grades.

One of the features of her talk was the suggesting that both mothers and teachers fill the daily life of the children with the joyous rhythm of poetry. Every child should hear good and humorous poetry every day and they should be encouraged in the writing of poetry, no matter how crude it may be. She suggested that the works of Christina Rossetti, Rose Fyleman and Laura Richards be used with the children.

The annual nominations of officers was also held, Mrs. David Danly being re-nominated as president, and Mrs. T. H. Decker being re-nominated as treasurer.

DEERFIELD MEN'S CLUB MEETING APRIL 27TH

Talk on Street Paving and Other Improvements by Mr. Amos Watts

Last month's meeting of the Deerfield Men's club which was featured by three speakers on the subject of types and widths of street paving, together with motion pictures showing various scenes enroute to and in Washington, D.C., was considered one of the most instructive and profitable meetings of the year, but the program for the forthcoming meeting next Tuesday evening promises to out-rival it.

At next Tuesday's meeting, April 27, Mr. Amos Watts of the law firm of Chapman, Cutler and Parker, of Chicago, specialists in municipal tax and special improvement assessments, will address the club on the subject of street paving and other special improvement assessments, explaining in detail the application of the law covering the proper method of apportioning such assessments. This information will better enable everyone to understand the basis upon which their property may be properly assessed for prospective street paving and other special improvements, and is especially appropriate at this time.

The Deerfield boy scouts will put on four or five boxing bouts, demonstrating their knowledge of the manly art of self-defense. These bouts will be between the older boys and we are assured they will furnish a lively exhibition.

Through the courtesy of the Chicago, Milwaukee and St. Paul railway we will be entertained with motion pictures showing the famous mountain scenery along the line of the railroad, including the electrified portion of the line through the Rocky mountains. Those who have seen this picture tell us the picture alone should bring out every member of the club to this meeting.

On account of the limited seating facilities, this meeting must be restricted to club members, but any male resident of Deerfield who is not now a member of the club may join and become eligible for attending this and subsequent meetings by handing in his name to any officer of the club prior to or at next Tuesday's meeting on payment of one dollar, covering dues for the remainder of the current club year.

GOOD PROGRESS ON CO. LINE RD. BRIDGE

Good progress is being made on the new bridge which the state department of highways is building on County Line road, near the Lake Shore Country club, and it is expected that this important bridge will be completed before the end of the season. It is also of interest that Cook county is planning to pave this road between Green Bay road and Sheridan when the bridge is finished. This will be a great convenience to traffic on those thoroughfares.

WOMAN IS DEFEATED IN HIGHWOOD VOTING

Miss Weinacht Beaten by Elmer Buckreis for Alderman; Bond Issues Carry

In the city election at Highwood Tuesday, Miss Elsie Weinacht, the first woman to run for public office in that city, was defeated for alderman in the first ward by Elmer J. Buckreis; she received 37 votes and Mr. Buckreis 41; Mr. Elmer Igo, in the third candidate received 22 votes. In the second ward Alderman Herman Swanson was re-elected without opposition, and in the third ward Alderman Rudolph also was unopposed.

The bond issues to finance purchase of a fire truck, and to pay public benefits also was approved by large majorities.

At Mundelein the proposition to permit boxing was successful, and at Libertyville the proposition to establish a park district was defeated by a large majority.

ELKS BASEBALL TEAM FIRST GAME MAY 2ND

Good Games In Prospect During Season and Strong Line-up Is Assured

The Highland Park Elks baseball team will get started Sunday, May 2, at Sunset Park Athletic field. Manager Greenlade has already signed up Stallman, a star catcher and good hitter, Tierney and McCormick of the Sincerities, and Fred and George Glader, Hessler, last year's pitcher, will handle the pitching job. Greenlade will present a strong semi-pro team to the fans of Highland Park, and good games will be played every Sunday.

The Elks baseball committee, under the head of Martin Ringdahl, is making final arrangements to get the Sunset Park Athletic field in good shape for the season's games.

DO NOT START FIRES DURING HIGH WINDS

Fire Chief Warns Against This Practice; Firemen Have Numerous Calls

In the last few days the fire department has been called out numerous times on account of grass fires spreading before high winds and menacing nearby buildings. Fortunately no damage was done, but the danger of a serious fire from this cause is ever present, and Fire Chief Hoskin issues warning to the public to avoid starting rubbish or grass fires during windy periods, as there is always danger of damage to either their own buildings or those of others, and even if no damage is done, the firemen may be called out to extinguish such a fire and while they are absent a more serious fire may get a long start. Citizens are urged to bear this in mind. It is dangerous to start fires when strong winds are blowing, and it should not be done at such times.

RUMMAGE SALE LAST WEEK A BIG SUCCESS

Semi-Annual Affair Benefits Building Fund; Many Useful Articles Obtained

A rummage sale at the Highland Park Woman's club has become a well established semi-annual affair and always a success. It is recognized as an activity well worth the effort put

into the work, not alone from the remuneration in dollars and cents to the building fund of the club, but also in the opportunities given to purchase anything from a pocket handkerchief to a cook stove at prices which enable anyone to purchase what is necessary for their personal need and home comfort.

The sale conducted on the 14th, 15th and 16th of this month is recognized as a great success from these view points. Novelties which are brought into the sale are priced so that those caring for them will purchase them and many interesting things that someone no longer cares for, find a

purchaser who is happy to have them. Already things are being put aside and labeled for the November rummage sale at the Highland Park Woman's club. The interest in this civic work undertaken by the club in meeting the continual demand to help others is widespread and cannot help but be conducive to a still greater sale in November.
