**LOCAL MERCHANTS' SPRING OFFERINGS**

(Continued from page 1)

more time and better attention to their customers than is possible under the crowded conditions of shopping in larger cities. Then, too, there is better satisfaction in buying at home, where the merchants are neighbors and friends, citizens who pay taxes in the home community and take an interest in home affairs and home people.

In every line of merchandise Highland Park business houses are ready to serve Highland Park people. Their stocks were never better nor more complete, and values never better.

Take a walk about the business district one of these bright spring days and note how the merchants have prepared to afford their fellow citizens good goods and efficient service. Everywhere the stores and shops are filled with fresh, new attractive offerings in all classes of merchandise.

**In All Lines**

Drygoods stores are brilliant with color and their stocks were never more pleasing. Shoe stores are filled with the latest styles in quality footwear; florists, nurserymen and hardware dealers are all ready for spring with every kind of material needed about the home or garden; ready-to-wear stores have all the finest in new goods and modes; groceries are offering the finest of domestic and imported foods; meat markets offer choicest meats in finest condition; bakeries with fresh products ready every day; bookstores with an unending choice of new and delightful stocks; automobile dealers have all the best cars in all varieties of models for inspection and sale; radio dealers are supplied with the best sets obtainable; tailors and cleaners can take care of any want, no matter how particular; drug stores have an unlimited supply of goods in wide variety; clothing stores have stocks replete with the finest spring offerings; furniture stores are ready to provide for every spring want of the housewife; painters and decorators have a wide range of supplies to select from; notion stores, candy stores, restaurants all are ready to serve the public with the best in their respective lines. It is impossible in the space available here to give more than a hint of the good things in the local stores and shops. The entire business district is a veritable spring style show well worth inspection. The best thing for Highland Park folks is to visit the stores and see for themselves. They will be impressed with the splendid stocks and the attractiveness of prices at which they are offered.

**Patronize Local Merchants**

All of this should be an incentive for home folks to trade at home. Here can be found as good merchandise as offered anywhere in the land and at as economic prices, value for value. Trade with the home merchant; it pays. And do not forget to patronize the Highland Park Press, the home newspaper, which is always a booster for home merchants, home institutions, home people and the things best for the welfare of the whole community.

**OLDE TYME PROGRAMME TO BE GIVEN MAY 5**

Three Act Performance Promises Delightful Entertainment; O. E. S. In Charge

On Wednesday evening, May 5th, members of Campbell Chapter, O. E. S., assisted by some of the Masons, will present a three-act program of old time music and dances in the auditorium of the Masonic Temple.

The first act will take you back to the days of slavery and colonial dames and gentlemen and you will see aunt Dinah and uncle Joe and hear their account of doings at the "Big House." Then young folks in their gorgeous gowns and powdered wigs will dance the stately measures of the minuet and Topsy will give a negro version of the Charleston.

The second act displays a farm sitting-room with the family singing in celebration of the wedding anniversary of the mother and father. Tildy, the daughter, accompanies on the old melodeon. They are surprised by a group of relatives and friends who bring refreshments and a trio of musicians and all join in a Virginia Reel, square dance and some good old songs. Oh yes—and Mahala recites a piece.

The third act discloses a radio broadcasting studio—microphones, announcer and everything—Hi Nichols at the organ, Sally Monkeys at the piano; solos, duets, quartettes, some dialect readings, violin numbers and last but not least—at ten o'clock—Sam and Henry.

You certainly do not want to miss this program—Wednesday, May 5, 8:15 p. m. at the Masonic temple.

**THREE ARE SLIGHTLY INJURED IN ACCIDENT**

William Hoermann and his two little sons received scratches and bruises in an automobile accident last week-end, when a taxi-cab in which they were riding and an oil truck collided. None of them was seriously hurt. Apparently nobody was to blame for the accident.

There is one thing to be said for radio static. It drowns out a lot of unnecessary conversation made by the radio announcers.

Political crises in France are about as common as senate investigations in the United States.

The new one dollar bill will wear twice as long as the old ones but they won't buy twice as much.
