MAN FOUND SLAIN MAY BE KNOWN HERE

Kansas Police Say Body Taken Edward Loewenstein First From From River at Winfield Gave H. P. Address

Has a Highland Park man been question which is puzzling the local by Chief Edward Maroney from the chief of police of Winfield, Kan.

body was taken from the Walnut river ervision, on the Fort Sheridan, Illi- mileage. And as for potatoes, its ing been a victim of foul play. There Roosevelt is the only summer camp were no marks of identification, so of its kind in the country. The camp the Dept. of Justice, at Washington, tion was returned that this man had, of age and over are eligible for atbeen arrested last February in El tendance. The diversified program Paso, Tex., on a charge of vagrancy, of physical education, athletics, recreaand finger prints taken.

gave, the report said, were Harry through the co-operation of the U. S. Sonders, or Saunders, according to War department, the Chicago First the statement of the man to El Paso | Aid chapter of the American Red police. He was described as white, Cross and the Central Y. M. C. A. of with dark brown hair, brown eyes; Chicago, and the Camp Roosevelt asheight six feet and one-half inch; sociation. weight 166 pounds. Two photographs were enclosed in the letter, but so HOLLINS ALUMNAE far the police have been unable to obtain any information indicating that such a man had lived here. It is thought possible he may have been employed at some time at one of the construction camps in this vicinity under another name.

NEW SUBDIVISION

not least among them are the increas- having been established in 1842 and ed activities in real estate circles. was one of the very few schools in the Deerfield is among the first to have a south to keep open during the Civil new subdivision this spring, in the war. There are three Highland Park laying out of the John Willman farm, girls there now: the Misses Gladys near that village, with 62 lots of 60 Gillen, Ruth Schonthal and Mary Lou feet frontage each, and 66 feet streets. Mayo. The tract includes 20 acres, and buildings are restricted to a minimum of \$8,000. Improvements are included, and the subdividers maintain a permanent interest in the property, with facilities to finance building operations for purchasers. . The lots are arranged to form an exclusive residence section of Deerfield. Barker & Stone, 160 LaSalle street, Chicago, are the realtors.

Illinois has twenty-nine universities for every fish this spring, but the and colleges and five normal schools. fish say there is safety in numbers.

Clearness of tone when speaking over the telephone insures that the person at the distant telephone will hear and understand your message.

The telephone service is sometimes unjustly blamed for poor transmission when the fault is really with the user.

To obtain the best result speak directly into the telephone, with lips close to but not touching the mouthpiece. Speak in a moderate tone of voice and not too rapidly.

Compliance with these suggestions will improve the service to all users.

Phone H. P. 1608 Clearly-defined superiority over all other cars in its class in quality and in value -that's why sales of this Special Six 4-Door Sedan are overstepping all former high marks.

The scientifically refined Special Six motor is endowed with mechanical features of the most advanced and highly efficient type. Conspicuous among these is the full force-feed lubrication system.

Full force-feed lubrication adds immeasurably to the car's smoothness by continuously immersing in a bath of oil all main bearings, connecting rod

oearings and camshaft bearings. In addition it permits long periods of sustained high speed without the slightest strain or injury to the motor.

Furthermore, an oil purifier, a gasoline filter and an air cleaner increase the efficiency and long life of the engine by keeping out dust and other abrasives so harmful to smooth operation.

Finally, Nash-designed four-wheel brakes, full balloon tires and five disc wheels-all at no extra cost-typify the exceptional equipment Nash offers in this car.
