Next Week Clean-up Week
 Next week the school children will co-operate with the village in cleaning up the school grounds, their own yards and aiding the community generally toward an appearance of cleanliness. Three hundred arm bands have been received from the American Red Cross and each child will be provided with one to show that he is helping to make this a "spotless town."

This is health week, therefore a good time to check up on teeth, physical examinations, and safe milk and water. It is also recommended that children get plenty of sleep, which, due to daylight saving, has a tendency to diminish the actual sleeping time of the children.
