HOME

Home has come to represent all that is worth while in life. It is the haven of peace and rest in which we all seek to forget the hustle and bustle of the work-a-day world. It is only natural then that we should strive to separate from the home all things of a jarring nature. And not the least of those things which interfere with the peace and quiet are steaming wash tubs and a yard full of drying clothes.

OUR PRIM-PRESS SERVICE

is designed to remove these unpleasant factors from your home life. We will call for your laundry and return it promptly. All clothing will be washed, ironed, and starched where necessary — in fact, ready to wear. Table linen is retouched by hand. We use only soft water, which eliminates the use of injurious chemicals and insures your laundry being returned in the best of condition. You can take advantage of this service by phoning Highland Park 1051.
