

# Remember Mother Next Sunday

## The Whole Nation is Going to Celebrate Mothers Day Next Sunday. A Day Set Aside to Honor Mother

...It is by far the greatest Holiday of the year and Flowers are among, if not the most appropriate, of Gifts to express your Love and devotion to the best Mother on Earth—YOUR OWN.

*I bring as a tribute, Dear Mother, to thee,  
The fairest of blossoms that nature can yield;  
Yet, far sweeter flowers have you given to me,  
Whose cost, paid in heartaches, will ne'er be revealed.*

Think of Mother next Sunday, have your children think of her, remind your friends to think of their Mother. What

greater satisfaction could you hope for, then, having done just a little to make some Mother Happy?

We are ready to serve you with choice flowers and plants or can telegraph your order to any part of the U. S. A. or Canada, and while we are pretty certain that Flowers are the thing, if you prefer a Box of Sweets or something else, well and good—anything—just so you don't overlook the Great Day; and be sure and have your Mother among the millions of others which will be honored.

Cut flowers are past their best in a couple of days, while 12 hardy plants for \$3.00 will flower in the Garden all Summer. Worth while to consider, isn't it? 1 doz. of the finest Gladiolus Bulbs for planting out, only \$1.00. Lovely Pansy plants in bloom, \$1.00 per doz. Hardy Roses for planting out, \$1. each.  
Telephone 85

We have small flowering plants for the kiddies to give to Mother from 25c on up. What about an assortment of 6 or 12 flowering shrubs, all labeled and neatly tied up, as a lasting reminder of the Day? — or a plant basket, the contents of which can be planted out, later on? Telephone 85.

# Timely Suggestions

Let us remind you once more that we have on hand many thousands of flowering shrubs for planting out. Just a few more days, and it will be too late to move them. Why not plant now and thereby gain a whole season's growth?

Are you going to plant a few hardy Perennials? They will bloom this summer—Peonias, Iris, Larkspur, Phlox, Sweet-William, Canterbury Bells, Foxglove, Coreopsis, Gaillardia, and many, many more. We have them, splendid stock, all home grown.

Hybrid Tea Roses in pots for bedding out, heavy stock, Clematis and Climbing Roses, and other Vines and the Greenhouses, full of Geraniums, Petunias, Heliotropes, Cannas, Salvias, Vincas—in fact everything you could think of for bedding out.

Maybe you will be interested in some of the newer creations, or plants out of the ordinary, often hard to obtain. Let us name a few of them—the new hardy Viola "Jersey Gem," a splendid hardy Violet; Elizabeth Campbell Phlox, the finest of all Salmon-pink sorts; Aconitum or Monkshood, a late blue flowering hardy plant of great value; Buddleia or Summer Lilac, new English hybrid; light blue Delphiniums, the latest in giant flowering French Iris; the dwarf pink Spiraea "Froebeli," the new Rose "Pernet." We have heavy stock

of this gorgeous new yellow Hybrid. Then there are the hardy Lilies, Auratum and Speciosum Rubrum, plants in pots, ready to be set out.

Have you heard of the new hardy Plums, introduced through Prof. Hansen of the Dakota University, delicious in flavor, great size and perfectly hardy, early bearers, nothing greater has come out in new fruits during the past 25 years. We have a splendid stock of heavy trees. Let us tell you more about them.

Still fine Apple Trees, Pears and Cherries, small Fruit Currants and Gooseberries, Raspberries, Rhubarb, Strawberry Plants, Asparagus. Let's send you our latest Catalogue.

When you buy 25 or 30 cents per lb. Grass Seed, you buy that quality. The best seed, however, and by the way, the only kind to use is 50 cents per lb. If you are not sure about it, let the big seed houses in Chicago inform you. We carry the best and that is the cheapest in the end.

Fertilizers of all kinds, including Swift's "Vigoro," Bone-meal, Nitrate of Soda, Bone-phosphate, Lawn Lime. We handle these fertilizers by the lb., ton, or car-load lots. Prices on these fertilizers and grass seed change every few days, but we shall be glad to quote you the latest over Phone 85.
