ARDEN SHORE PLANS ITS SUMMER SEASON

Winter Camp Closing and Preparations Under Way for Big Attendance

With the winter camp closing of Arden Shore this week and graduating exercises to be held soon, impetus is being lent to the preparations for the opening of the 26th annual season at the camp.

The day following the close of Chicago city schools in June, the first contingent of staff workers and mothers and youngsters will arrive at Lake Bluff. The first group includes beside the staff of directors and helpers of various sorts, about 150 young girls who spend two weeks each there as waitresses, about 30 undernourished girls who have been refused working certificates by the Chicago board of education, more than a score each of convalescent little girls and boys removed from city hospitals to the bracing and beautiful open air surroundings of the camp, mothers and children from crowded tenement districts and little girls who occupy "Cinderella Lodge."

When these regular staff members are assigned and those needful of spending the entire season at the camp are placed, another contingent is brought out to Arden Shore and the capacity program is actually on for the summer.

A forerunner of the summer program is the annual campaign for subscriptions now on in Chicago and along the North Shore, committees seeking this season to raise \$50,000. The expense of another well, made necessary by enlarging the camp capacity to accommodate an additional 100, is to be met this season over and above the regular disbursements.

WINNETKA LEGION SHOW BIG SUCCESS

Minstrel Entertainment Given Two Days Last Week Has Large Attendance

The minstrel show given by Winnetka Post No. 10, American Legion, opened to a good house May 12 and again on the following evening, when they repeated the performance, with dancing after the show each evening.

The show was given at Matz hall Community House. It wasn't packed, but the attendance, especially at this season of the year, was very satisfactory and the post anticipates some profit worth while for its relief work.

From the opening melody by the entire company to the finale by the "Alexander Jazz Band," it was a "wow." All minstrels are. The programs are designed for fun and this one was no exception.

SANITARY DISTRICT AIDS "SKEETER WAR"

The Chicago Sanitary District plans to remove obstructions in the Skokie from the Cook county line to the point where the creek merges with the northern branch of the Chicago river so that the sewage polluted water will flow off, instead of being allowed to become stagnant, it was announced this week by Arthur Stringer.

CAMP ROOSEVELT AT FORT SHERIDAN

SECOND YEAR IN LOCATION

Several Hundred Boys of Chicago and Middle West Will Again Spend Weeks There

That Camp Roosevelt, the summer educational training camp of the Chicago public school system, at Fort Sheridan this year enjoys the confidence of officers of the army is indicated by the number of sons of officers who are enrolling. Officers of the general staff in Washington, officers from headquarters of the 6th Corps Area, and even officers at Fort Sheridan will have their sons become members.

Major F. L. Beals, in charge of the R. O. T. C. in Chicago schools and in command of the camp, says, "This interest of army officers in Camp Roosevelt shows that the camp stands well in the estimation of those men who are most competent to judge."

Invitation Extended
While the camp is primarily for boys of the Chicago schools, William McAndrew, superintendent of schools, has extended an invitation to boys throughout the middle west to attend.

There are three separate and distinct divisions of the camp. First, the summer high school, a real tent school, is housed in a large circus tent, seating 600; the classes are held in smaller tents arranged about the assembly tent. This unique summer school is part of the Chicago system and credits are transferable. The second, or R. O. T. C. division is for boys 14 years of age or over and the program is one of greater physical activity than that in the summer school, although boys in both divisions participate in all of the athletic and swimming programs. Camp Roosevelt also makes provision for boys 12 to 14 years of age in the Junior camp, in which attendance is limited to 120 boys. Their program is one of camp craft, scout craft, athletics, swimming and similar outdoor occupations. In the last two named divisions boys may attend for seven weeks, three weeks, or two weeks.

Nominal Cost
While this camp offers everything that the more exclusive and higher priced camps have to offer it is in the nature of a public institution and the cost of attendance is reduced to a merely nominal fee.

The camp opens on June 28. Information about it may be obtained from the Chicago board of education, 460 S. State street.
