# The Great Masonic Monument in North Shore Cemetery

Is Now Complete and will be dedicated by a Program of Music, Addresses and Scripture Reading on Sunday, June 20, 1926, at 2:30 P. M. See news columns for brief description of this superb and beautiful Doric Memorial to the Memory of Masons "Who have passed the unseen Portals."

## Hundreds Now Know That NORTH SHORE CEMETERY

is the Finest Landscape Garden place of interment in America. It is unequalled in the following features:

- (a) The surface is pleasingly undulating—not a level half-acre. It is on the divide between the Mississippi and the St. Lawrence river basins and 125 feet above Lake Michigan.
- (b) Best drainage system possible.
- (c) Upwards of 70 varieties of TREES and as many varieties of BLOOMING SHRUBS, a veritable ARBORETUM,—nothing equal to it elsewhere in the U. S.
- (d) No GRAVE MARKERS above ground and in three sections no monuments—the garden effect complete. No repulsive stone-yard scenes.
- (e) The most imposing CEMETERY ENTRANCE in the country,—massive light granite.
- (f) Finest CENTRAL MONUMENT in MASONIC SECTION, worth driving 100 miles to see.
- (g) Greater display of ROSES—from June to October—than in any other place of interment in U. S.
- (h) Its architecturally beautiful stone ADMINISTRATION BUILDING inaugurates a new era in American cemetery architecture. In beauty—of both exterior and interior—and in practicability and permanency it surpasses all other American cemetery office buildings.
- (i) Its summer and winter SPECIAL CARE of graves is admired by all visitors, the only place of interment in Lake County with this feature.
- (j) The only cemetery in Lake County or the North Shore which has a complete GREENHOUSE range growing a fine line of plants and flowers for the accommodation of its lot owners and the public generally.
- (k) Its NURSERY contains the best lot of evergreens in the U. S., also more than 60,000 young deciduous trees and shrubs, grown primarily for use in landscaping the Cemetery, but open to purchase at reasonable prices by lot-owners and the general public.
- (l) NORTH SHORE is one of the few cemeteries in the country protected by an ample PERPETUAL CARE FUND placed with a trust company as a TRUST FUND beginning with the first lot sold and filing name of each purchaser with periodical deposits on the basis of \$17,000 per acre, absolutely beyond the reach of the management for all time, the income only to be used for the care and protection of the Cemetery.
- (m) North Shore Cemetery is for white people only.

NORTH SHORE CEMETERY is for people who care for BEAUTY and PERMANENCY.

PRICES OF LOTS WILL BE ADVANCED ON JUNE 1ST, AS THEY ARE VERY MUCH LOWER THAN PRICES OF LOTS OF SIMILAR AREAS IN THE LEADING CHICAGO CEMETERY.

Wouldst marry that girl—  
Young Man?  
Take this Advice!

Get on speaking terms  
With her father.  
Engage him in a game of  
Checkers and let him  
Beat you.  
Or—if poker is his  
Favorite pastime, see that  
He collects all the chips  
No matter what it costs you.

If he smokes, see that  
He gets all the cigars he  
Can burn up. Even if you  
Have to hold out an  
Occasional box of candy  
On your girl.

Take him out for a game  
Of golf. If he makes the  
First hole in 70, see  
That you make it in 75.  
Be sure to remind him of  
"What a whale of a player"  
He is!

Flatter his car even if  
It is ready for the junk heap.  
Tell him it "runs smoother'n  
Silk" though it shakes the  
Daylights out of you while  
Saying so.

Never argue with him or make  
The mistake of calling  
Him "a liar." If he says—  
"The World Court is where the  
International tennis matches  
are held and that Florence,  
Italy is the maiden name of  
a famous actress"—  
Remember—he's right, you're  
Wrong!

Keep telling him how you  
Admire his brilliance and just  
When you've got both his head  
And chest swelling with pride  
And he's smiling, say:  
"Dad—May I marry  
your daughter?"

Then—  
Boy! She's Yours!  
She's Yours!

See where a scientist claims the  
"world never began and never will  
end." Huh. If it didn't begin how  
can it finish? Everything that's start-  
ed must have an end and everything  
that ends must have a start and—and  
—oh, h—! Who started this argu-  
ment, anyhow?

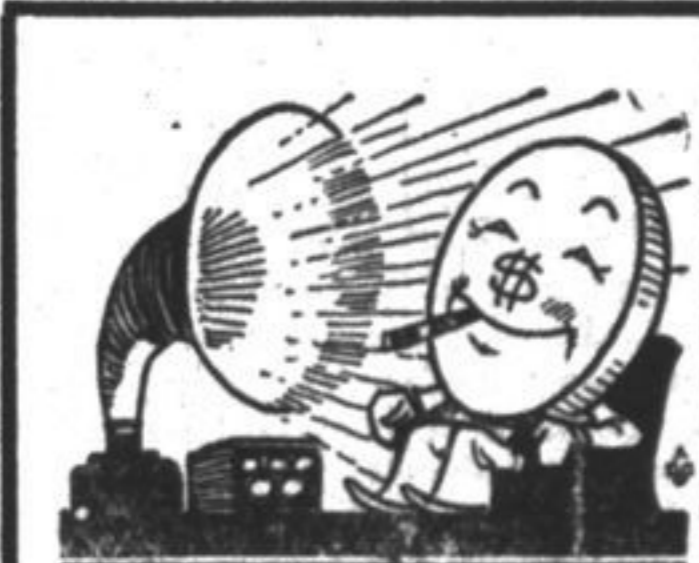

I'M A PATRIOTIC  
PLUMBER MAAM—  
REAL LIVE  
NEPHEW OF  
MY UNCLE  
SAM!

Well, let's see what the papers got  
for us. Here's one. Massachusetts  
farmer has a duck that barks like a  
dog. And he's crown' about it!

Berlin scientist has discovered that  
ants can talk over the telephone. Can  
they? Should say so. We have for  
a couple of "ants" who get more for  
their nickel than anyone we know.

Famous last lines  
"Calm yourself, dad. Go take the  
gold fish for a walk."

It is said that potatoes grow wild  
in Chile. And the price of them makes  
people wild in the United States.

A survey shows that there are only  
147 workers in Paris who are out of  
a job. And these are doubtless all  
ex-cabinet members.

Moscow says that the British strike  
was a mere curtain raiser, and doubt-  
less the soviets would like to provide  
the show with a red fire tableau.

The freshmen at Harvard recently  
spattered the seniors with tomatoes  
and eggs, showing again how the  
spirit of revolt is growing in our col-  
leges.
