FROM LAKE COUNTY

NEIGHBORHOOD JOTTINGS

Interesting Happenings About This Part of North Shore and Vicinity; County Seat Doings

Commencement exercises were held last week in the seven public schools of Waukegan. Three hundred sixty-five children received certificates entitling them to entrance to high school.

Under a resolution presented to the board of supervisors Waukegan township will be given 18 polling precincts for elections. For a number of years there have been 14 precincts in the town.

James Connolly, aged 80 years, and a resident of Lake county for many years, died at the home of his daughter, Mrs. Mark Redline, at 241 Ash street, Waukegan, last week after an illness of three weeks. Death was due to pneumonia.

The new home for the aged erected at Gurnee by the Independent Order of Vikings, was dedicated recently in a fitting program in which more than 7,000 members of the organization took part. The gathering was one of the largest of members of one lodge that has ever taken place in this section of Illinois.

Death of William McCready, prominently known farmer who resided one mile south of Milburn and who fell dead while conversing with county veterinarians while they were examining his herd of cattle last week, was due to heart disease an inquest disclosed.

When the University of Illinois conferred its 1900 odd degrees last week two of them were awarded students who have been blind since childhood. One of these students is L. T. Leonard of Lake Villa in Lake county, who received the graduate degree of Master of Arts, while the other, C. A. Innis of Bellflower, Ill., who has just completed his four-year course, received the degree of Bachelor of Arts.

The board of supervisors last week adopted a resolution to advertise for bids for the paving of the stretch of highway on Green Bay road, from York House church to the Wisconsin state line. This paving is to be paid for out of the bond issue voted by the people of the county last spring. The finance committee of the board held a meeting to arrange for the marketing of the bonds, to the amount of \$750,000, as no work can start until the bonds are sold.

RELIGIOUS SCHOOL BEGINS AT GLENCOE

Summer Session For Instruction Starts This Week; Nature Study

Monday morning, June 21, at 9, the summer school of religious education, conducted by the Glencoe Union church, was opened with an unusually large enrollment, and the program for the five weeks of the course promises to be exceedingly interesting. Emphasis is to be laid on nature work this year as the basis of the program, and the moving pictures, handiwork, games and stories will be based, in part, on this. Some interesting work will be done in group singing, also, it is explained.

GLENCOE PLANNING BIG CIVIC HOLIDAY

To Be Celebrated August 12; Elaborate Preparations; Committees

Plans for a bigger and better Glencoe day, August 12, even than last year, when such a great success was achieved, were formulated at a meeting of the Glencoe Chamber of Commerce last week. Glencoe day was sponsored by the Chamber of Commerce last year, and was the first community celebration of that nature ever held by the village. In spite of that fact, it was considered to have been one of the best events of its kind held on the north shore last year.

Committees to work on the arrangements for this year are now being formed, and the chairmen have been appointed by Leo J. Hillman, president of the organization. The committee chairmen are as follows: L. J. Hillman, finance; A. Simon, Cleo Campbell, publicity; Peter Tallman, refreshments; Elmer Engles, concessions; William Edwards, registration; George Conrad, field and track events; F. G. Hunt, parade; James Kent, building; Frank Baumann, music and dancing; H. H. Sherer, public welfare; K. C. Bennett, automobile prize committee.

LARGE ENROLLMENT IN CITIZEN CAMPS

Nearly 5,000 Reported in Sixth Area, According to Report

The adjutant general, Washington, D. C., has released the information that on June 11 36582 formal applications for the Citizens' Military Training camps had been received at the headquarters of the nine corps areas in the United States.

Applications for attendance at the Citizens' Military Training camps from the states of Illinois, Michigan and Wisconsin, which comprises the Sixth Corps Area, with headquarters at 1819 West Pershing road, Chicago, Illinois, have reached 4,900 today, with applications still coming in. Major General William S. Graves, the commanding general of the Sixth Corps Area, in commenting on the enrollment situation, pointed out that there are still vacancies in the C. M. T. camps in the Sixth Corps Area and that applicants for the camps that open on July 8 at Camp Custer, Camp Sparta and Jefferson Barracks should submit formal applications immediately.

GLENCOE PASTORS AT CONVOCATION

The Rev. Douglas H. Cornell of the Glencoe Union church gave the invocation and Prof. Albert O. Olson of Glencoe delivered the charge to the graduates at the convocation program for the senior class at the Chicago Law school Tuesday of last week. The ceremonies took place in the Oriental Consistory auditorium, 979 N. Dearborn street, Chicago.

GIRLS ATHLETICS IN NEW TRIER GROWING

Last Year Activities in This Line Greater Than Before, Report Says

The girls' athletic department at New Trier high school has just completed the most successful year of its history, it was announced this week. Statistics show that of the 600 girls in the school one-third have taken part in the various sports offered at New Trier.

It is the aim of the department to increase this number to one-half, and finally to reach the point where every girl is participating in some game at least one night a week. Their plan is to have everyone enjoy the games and take part in them, because of the pleasure they derive from the sport.

It is very interesting to note how many girls have received recognition in the past year for their part in athletics and approximately how many have participated in each sport.

KENILWORTH PLANS TO CELEBRATE 4TH

Kenilworth will hold a big Fourth of July celebration, it is announced. The morning will be devoted to a parade, with prizes for the best decorated car, and a ball game between fathers and sons of the village at 11 o'clock. There will be a program of sports in the afternoon in which all are invited to participate. Further details will be announced later.

The Scopes case is now in the Supreme court and we hope you have not forgotten what it was all about.

Oil has been discovered near Syracuse, but up to this time the New York City papers have not hailed this as another achievement of Governor Al Smith.

NEW TRIER GIRLS WILL TOUR EUROPE

IS NEW TRAVEL SYSTEM

Go Under Guidance of Teacher of French Department of the School; Visit All Countries

A new idea in European travel has been instituted for this summer by a group of girls from New Trier high school. Under the chaperonage of Miss Jessie M. Semney, a teacher of the French department at New Trier who has traveled extensively in Europe, they are undertaking a two months tour of several foreign countries. The girls are sailing from New York on June 30 on the S. S. "Andania" and before their return to the United States on September 1, they will have seen many of the most interesting sections of France, Switzerland, Italy, Belgium, Holland, and England.

In Paris and France they expect to see such world-famous places as the Louvre, the Cathedral of Notre Dame, the Tomb of Napoleon, and the Tomb of the Unknown Soldier. They will also go on a motor excursion to the battlefields of the World War—Chaumont Thierry, Belleau Wood, and Rheims.

To Visit Geneva

No trip to Switzerland would be complete without a visit to Geneva, the seat of the League of Nations, and the girls expect to compass this during their journey and also to visit Interlaken, which will include excursions to the slopes of the Jungfrau and the Grindelwald Valley.

In Italy they will visit Milan, Venice, Florence, Naples, and Rome, and last but not least Genoa, the birthplace of Columbus. While at Naples they will undertake a trip to the ruins of Pompeii, beautiful Capri and the fascinating Blue Grotto.

England and Belgium

Belgium and its capital, Brussels, with a visit to the spot where Edith Cavell was shot, and a trip to the battlefield of Waterloo; Holland, with trips to the Hague and Amsterdam; England, where they are looking forward with pleasure to a three day motor trip to such historic places as Stratford-on-Avon, Warwick and Kenilworth Castles, and Oxford and Cambridge universities; all these places and more will be covered before the party finally sails for home from Liverpool on the last day of August, arriving in Montreal for the last days of their enjoyable trip.

Members of Party

The girls who are enrolled for this trip are all daughters of prominent residents of the North Shore. The group includes Miss Lila Ulrich, daughter of Mr. and Mrs. Perry Ulrich of Glencoe; Miss Virginia Marshall, the only daughter of Mr. and Mrs. Edward Marshall of Wilmette; Mr. Marshall being one of Chicago's most prominent lawyers; Miss Mary Lutz, of Winnetka, whose father, Mr. John Lutz, is in the advertising business for a number of important newspapers; and the Misses Marjorie and Fay Reiner, daughters of Mr. and Mrs. M. G. Reiner of Winnetka. Mr. Reiner is a real estate operator in Chicago.

N. S. STUDENTS ARE CORNELL GRADUATES

It will be of interest to many to learn that New Trier high school was well represented at Cornell university, during the past four years. The graduating class at that school this week included Brownell T. Bradstreet, and Francis K. Cooke, of Winnetka, and two former Kenilworth boys, Norman Miller of Evanston, and Arthur Poole of New York City. These four boys were New Trier's full quota to the Cornell class of 1926.

The closing day of congress seems about as slow in coming as Christmas usually is.
