and Estes Park, Colo., touring in an automobile that was given them as a wedding gift.
 They plan to live in Evanston upon returning.

The marriage of S. C. Evans, who is connected in business with Thomas J. Lynch, village forester, to Miss Margaret Keimig of Chicago took place May 15, in Chicago. Mr. and Mrs. Evans will make their home at 1005 Willow road, Winnetka.

On Wednesday evening, June 30, the marriage of Miss Florence Helen Nelson, 897 Vernon avenue, Glencoe, daughter of Mr. and Mrs. Wilbur A. Nelson, to Frank Christopher Morrison, was solemnized at the North Shore Methodist Episcopal church.

The engagement of Miss Dorothy Clyde of the Orrington hotel, Evanston, to Edgar Meyer of Gremen, Ohio, was announced at a bridge party given by Miss Harriet Childs, daughter of Dr. and Mrs. R. S. Childs, 906 Oak street, Winnetka, Monday evening, June 21, at 8:00 o'clock. Sixteen guests were present.

Just before the refreshments were served, two of the guests brought in a dainty white bag containing a tiny kitten. Around "kitty's" neck was tied a card with Miss Clyde's and Mr. Meyer's name, so the "cat was let out of the bag."

Miss Clyde attended New Trier high school in 1923. She studied music

in New York City, and spent the past winter in Arizona with her mother and brother.

Mr. and Mrs. Thomas Mathieson of Kenilworth announce the engagement of their daughter, Annie, to Daniel McNaughton, also of Kenilworth.

John S. Miller, Kenilworth, village president, and his wife and small daughter will sail next Thursday, July 1, on the S. S. Montclair for Scotland. They will spend about four weeks there after which they will return to Winnetka.

Arthur Fisher, 1060 Sheridan road, Winnetka, and Roland Williams, son of Dr. and Mrs. Aubrey Williams, 163 Bertling lane, Winnetka, will spend the summer on a 2,500 mile canoe trip through Canada, headed for Hudson bay.

Williams graduated from New Trier high school this June, leaving before the graduation exercises in order to take the trip. Mr. Fisher and Mr. Williams will leave from Prince Albert, Canada, pick up their equipment, and start the trip as soon as possible.

The 2,500 miles they plan to cover has not been entirely mapped, and the government will use data they record to perfect records.

While attending New Trier, Williams interested himself in bird banding, which consists of catching birds, slipping a light band around one foot and letting them go. Records are sent to the government of the time, plumage, etc., and later when the bird is found in another part of the country, further data is added to the record.

By this method of bird banding the habits of birds are discovered, and their yearly migrations recorded. Williams will return to Winnetka on completing the trip and attend Worcester college next year.

They do not wish to have any official debut, just two or three small informal parties, with a small dance at Christmas time. At present they are visiting school friends in Louisville and will return the latter part of this week.

Mrs. Alfred Manierre and her daughters Barbara and Jeannette of Winnetka are leaving this week for their summer home at Ephraim, Wis. Mr. Manierre will pass the week-ends with his family.

Mrs. Emmons Blaine left last week for her farm at Lake Mills, Wis. She will return to Hubbard Woods the latter part of July, after which it is quite likely she will go east for the remainder of the season.

9 Reasons for World Leadership

Prove These 9 Points of MAYTAG Supremacy at Home

Wash with a **MAYTAG FREE**

Do a week's washing with a Maytag at our expense and without obligation of any kind. Let it prove that it washes a tubful of clothes in 3 to 7 minutes. That it washes 50 pounds of dry clothes in one hour. That it washes the most delicate fabrics—the finest silks and laces as gently as by hand. That it washes the heavy, bulky things—even greasy work-clothes and grimy play-clothes clean as new. That it washes collar and cuff edges without hand-rubbing.

Let it prove that the satin-smooth, cast aluminum tub keeps water piping

hot throughout an entire washing—for tubful after tubful. That water stays clean because the dirt settles with the sediment trap beneath the gyrotator. That the tub cleans itself in 30 seconds after the washing is done.

Let it prove that the conveniently placed, low-set wringer instantly adjusts itself to a handkerchief or a blanket, and wrings both dry.

Wash with a Maytag at home. You will be convinced of its unusual washability by the time your washing is done. Remember, if the Maytag doesn't sell itself, don't keep it.

Mrs. C. A. Forberg of Hubbard Woods announces the engagement of her daughter, Serena Elizabeth, to Glenn L. Jenkins of Sparta, Wis. The wedding will take place in the autumn.

The marriage of Miss Dorothy Lamont, daughter of Mr. and Mrs. Robert P. Lamont of Lake Forest to Chauncey Belknap of New York took place on Saturday afternoon. The service was read at 4:30 o'clock at the Church of the Holy Spirit, and was followed by a reception at Ridge-mont, the Lake Forest home of the bride's parents.

The church was girded in great bunches of white peonies for the event, and there were many flickering candlelights. Miss Lamont wore white satin trimmed with heirloom rosepoint, a court train and a capped veil of rosepoint and filmy tulle. She carried a shower bouquet of lilies of the valley. The attendants' gowns and floral pieces were most elaborate in color and texture. The maid

of honor, Miss Gertrude Lamont, wore cream colored lace with a wash of peach color, and a transparent straw picture hat with a crown of lace and a bow of peach satin. Her bouquet was of pink roses and larkspur.

The bridesmaids, Mrs. Robert P. Lamont Jr., Mrs. Frederick Belknap, Miss Alice Lee, Miss Marie Smith, Miss Betty Little, Miss Grace and Ronald Boardman, wore frocks similar to that of the maid of honor, trimmed with pale green satin, and the ribbon on their hats was in delicate rainbow tints. Their great bouquets were overwhelming creations of yellow roses and lavender sweet peas.
