WAR MEMORIAL FUND

Campaign Successful and Committee Deserves Great Credit for Work

Mrs. John F. Mackenzie and the Highland Park Memorial committee are much gratified at the success of the most recent effort to raise funds with which to complete the memorial work. As a result of the campaign about \$5,600 was raised and the net proceeds, the committee reports, with the pledges already received, it is believed, will be enough to finish the memorial, but may not be enough to provide for landscaping which was planned. However, this will be taken care of later, and it is hoped that public spirited citizens will help in this regard.

The handsome Nash sport mode roadster given away by the committee Monday evening was awarded William Spengler of Highland Park. who was much pleased at his good

fortune. Much credit is due Mrs. Mackenzie and all the members of the committee for their interest and efficient work in behalf of the memorial project, as a result of which Highland Park will have a memorial worthy of the heroes living and dead who so faithfully served in the world war.
