## PART 2 2 PARTS

### BRIEF NEWS ITEMS FROM LAKE COUNTY

#### NEIGHBORHOOD JOTTINGS

**Interesting Happenings About This Part of North Shore and Vicinity; County Seat Doings**

During the month of June \$421,300 was expended for buildings in Waukegan, it was reported by Walter Nibelink, head of the city building department. This is almost double the amount for last year which reached \$268,637.

Steps for the organization of a civic orchestra to be composed of musicians of Waukegan and North Chicago were taken at a meeting of leaders in civic affairs in the two cities held in the Chamber of Commerce rooms, Waukegan, last week.

June brides for 1926 outdistanced those of other years, it was discovered today when the licenses for the month were tabulated in the office of county clerk, Lew A. Hendee. It was found that 583 men had led brides to the altar this year while in 1925 only 495 couples had agreed to the marriage contract.

Ignatz Potz, convicted in Lake county circuit court for the murder of a motorcycle policeman and serving a life term in Joliet penitentiary, will be a free man on October 11, 1930, according to an order filed with the secretary of state today by Governor Small.

Steve Rynksel, Waukegan coal and building supply dealer, was elected secretary of the Illinois-Wisconsin Coal Dealers association last week, at the annual convention held at Delevan Lake in the Highland hotel. He is also a member of the board.

Dr. Howard C. Hoag of Waukegan, was elected president of the Lake County Medical society in the annual meeting of that organization, held in the Victory Memorial hospital, Waukegan, last week. Dr. Hugo Branyan was named as vice president of the organization while Dr. S. L. Keller was re-elected as secretary and treasurer of the group.

B. F. Hendee, a resident of Lake county for almost all of his 77 years of life and a brother of the late Al Hendee, county clerk of Lake county for many years and father of the present county clerk, died in Moline, Ill., last week, at the age of 77 years, according to word received by relatives in this county. Death was due to heart disease.

William Salisbury, 53 years old, a resident of Trafton, Can., who has been living at Libertyville while working on the Budd memorial in that village, dropped dead last week on the streets of Libertyville as he listened to street musicians play.

### PAGEANT OF 1776 TO BE BIG SHOW

What is said to be the world's greatest outdoor production and fireworks spectacle will be seen in the new Lincoln Park arena at Sheridan road and Waveland avenue on July 12. The arena is being built with permission of the Lincoln Park commissioners especially for the production.

It is "The Pageant of 1776," held in commemoration of the one hundred and fiftieth anniversary of American independence. The spectacle is being held particularly for the thousands of visiting Elks who will be here in convention at that time.

The American people abhor the dictatorships of Europe, and yet they seem to do about what the political bosses tell them to.

### MANY BOXHOLDERS AT TENNIS MEET

During the annual tennis matches at Skokie club last week, when tennis enthusiasts from Chicago and the entire north shore, as well as distant visitors thronged the stand and grounds as spectators at the Illinois state tournament, which always brings a galaxy of tennis stars, even from far countries, the boxes were always the scenes of many small parties throughout all matches.

This season, the boxholders have been Herman Bartholomay, H. H. Taylor, Maurice S. Miller, Harry C. Holloway, John W. Scott, Frederick H. Scott, Vincent E. Healy, Harry S. Knox, James Simpson, Gordon L. Pirie, James M. Sheldon, Frank E. Compton.

### RAVINA ARTISTS IN NORTH SHORE HOMES

Practically All of Them Now Comfortably Domiciled Near Here

The Ravinia opera singers are now comfortably domiciled in homes adjoining the park or in nearby north shore towns and everything is swinging along harmoniously in a most successful season. Mme. Lucrezia Bori has taken the house of Mr. and Mrs. H. P. Harmon, 315 Laurel avenue, Highland Park, while the Harmonos are in the east. Giovanni Martelli is occupying a residence in a quiet spot in Hubbard Woods. Giuseppe Danise is in Glencoe, Alice Gentile is occupying Dr. Grady's home on Forest avenue, Luella Melius has taken a house on Ridgewood drive, Ina Bourskaya is occupying the C. G. Wright home on South Linden avenue, and Desire Deferre is living on Central avenue, the four latter being in Highland Park which is the nearest residential district to Ravinia.

The splendidly brilliant opening of the Ravinia opera season June 26 and the fifteenth anniversary performance of Tuesday evening are now things of the past, and the season may be said to be well on its way with an enthusiastic response from its patrons which exceeds any heretofore known.

One of the problems of past summers, that of mosquitoes, is being well met this season at the park, for although the weather has been cool, there have been many mosquitoes about the private home lawns and country clubs, while the pavilion at Ravinia Park has been comparatively free of them.

### LAKE LEVEL LOWER THAN IN MANY YEARS

People who have visited the lake front during the past few weeks have been struck by the low levels of the water in the lake, the lowest levels having hundreds of feet of beach that in former years were covered by from a few inches to a foot or more of water.

Lack of snow and rainfall in the extreme north during the winter and summer is responsible for the unusually low lake levels this year in the opinion of Col. Robert Isham Randolph of Chicago, engineer of the Mississippi Valley association who stated today that the level for the lake in 1925 approached by .85 foot the lowest ever recorded. The level for last year was 578.21 feet. In 1819, the level was 577.7 feet, the lowest on record. The highest level of the lake according to records was in 1838 when it rose to 584.34.

It is thought by lake front habitues that the level of the lake is now below that of 1819. The beach at the lake front is steadily widening and the city is adding to its land holdings as the water recedes.

That the condition will persist throughout the year is certain. It is expected, however, that the levels of the lake will rise steadily in succeeding years.

### Little Pen-o-grams

### GLENCOE MEN'S CLUB NAMES COMMITTEES

The officers and directors of the Glencoe Men's club held a meeting at the Chicago real estate board offices, 57 West Monroe street, Friday, at which time chairmen were appointed for the coming year and September 15 was chosen as the date of the annual golf tournament of the club.

The tournament will be held at the Glencoe golf club. It is usually held in July or August, but it was decided to choose a later date this year owing to the fact that there are so many members out of town on vacations and it is usually after Labor Day before all return.

A committee comprising H. H. Sherer, Fred J. Luettig, Bert M. Kohler and President Ray Garrett will have charge of the tournament. The chairmen of the various standing committees who were appointed follow:

Auditing—Frank D. Loomis.  
Entertainment—Henry Patterson Pope.  
Civics—Forest B. Siefkin.  
Membership and Publicity—Major John D. Austin.  
House—Omer B. Farr.  
Additional members of the foregoing committee will be appointed at a later date.

### N. S. METHODISTS TO ATTEND CAMP MEET

Looking Forward With Keenest Anticipation to Sixty-Seventh Session

Methodists of the north shore are looking forward with keen anticipation to the annual camp meetings of the denomination to be held at the DesPlaines camp grounds, July 16 to 25. This year marks the 67th anniversary of the establishment of the camp grounds at Des Plaines.

Leaders of Methodism from all parts of the world will participate in the meetings this year, the roster of speakers including several bishops and outstanding lay workers. Every branch of the denomination is to have its innings during the week.

The favored month for weddings has passed, but many of our maiden ladies would be perfectly willing to take chances on July or August.

While the hard boiled bachelors have passed safely through a dangerous period of sentiment, the summer moonlight nights are still a source of peril.

### LONG-TIME RESIDENT OF GLENCOE IS DEAD

Mrs. Katherine Eisenberger, a lifelong resident of Glencoe, died last week at her home, 674 Bluff road, following an illness of three months' duration. Mrs. Eisenberger was a daughter of the late Mrs. Mary Dietrich. She was 61 years old. The husband, Hugo Eisenberger, one son, Richard, and a daughter, Mrs. Margaret Clavey, survive. Burial was at Sacred heart cemetery following services at Sacred Heart church.

The active pallbearers were August Bienlich, Julius Beinlich, George Dietrich, Frank Dietrich, Joe Schindler and Emil Moore. Honorary pallbearers were Mrs. Dora Schweiger, Mrs. Mary Hammer, Mrs. Margaret Ryan, Mrs. Cathryn Schramm, Mrs. Tom Carney and Mrs. Philip Bauman.

### URGE PAVING ROAD ROCKFORD TO ZION

Business Organizations, North Part of State, Uniting In Demand For It

Business organizations in the northern part of the state are uniting in a concerted drive for immediate action by the highway commission for the paving of Route 173, which extends from Rockford to Zion City.

An enthusiastic meeting for good roads was held at Rockford last week for the purpose of concerting the strength of the cities along the route and bringing pressure to bear upon the state. Representatives from Zion were Mayor Ernest Harwood and Theodore Forby. John Dolan was the Channel Lake representative and Frank King the Antioch delegate.

Every address was a plea for the early building of Route 173 out of the \$100,000,000 bond issue, chief of the department of public works, was read. It stated that cooperation among the cities and towns along the route has been lacking and that the quarrels as to locations were allowed to subordinate the building of the road.

The construction of Route 173 is earnestly hoped for by Lake county residents, for it will give a direct outlet to Rockford and the territory around it.

### GLENCOE WOMAN ON FRENCH COMMITTEE

Mrs. Harold G. Sperling of 125 Crescent drive, Glencoe, is chairman of the social committee of the Alliance Francaise for the year. She has as her assistants, Miss Marion Dixon, Miss Mary Taber, Miss Dorothea Felt, Miss Harriet Prentiss, Miss Eleanor Holden, Miss Genevieve Scully and Miss Olive Hulbert. The two vice-chairmen are Mrs. Dorr E. Felt and Mrs. Edward J. Brundage.

### TOWN BANK GUARDS WILL GET TRAINING

To Have Marksmanship Practice at Camp Logan Week of August Ninth

Bank bandits are going to have a tough time of it in Illinois after town bank guards organized in all counties in the state and affiliated with the state bankers get their shooting eyes and trigger fingers limbered up in the series of shooting contests to be held at Camp Logan in this county, during the week of August 9.

That the state will be made undesirable as a health resort for either winter or summer for bank bandits is further attested by the fact that beginning this month elimination shoots will be held in each county in the state, including Lake county, in which the best of the sharpshooters in the ranks of the town guards will be selected to represent the county in the big Camp Logan shoot.

Adjutant General Carlos Black has

### TWO LAKE FOREST RESIDENTS KILLED

EUROPEAN PLANE CRASH

Mr. and Mrs. J. C. Dawson Among Six Victims of Aviation Accident in Czecho-Slovakia; Meager Details

John C. Dawson of Chicago and Lake Forest and his wife, Emily, according to Associated Press dispatches from Berlin, were killed in the crash of a Paris-Prague airplane near Tachau, Czecho-Slovakia, Friday. A pilot and five passengers met death in the accident.

Lived in Lake Forest  
The Dawsons, formerly lived in Philadelphia, but their home for some time has been at 516 Westminister avenue, Lake Forest. Mrs. Dawson was a daughter of Mr. and Mrs. E. A. Russell of Lake Forest. An aunt of Mrs. Dawson, Mrs. H. N. Hill, was caring for the Dawson home during the couple's absence.

The Dawsons had been married eight years and have three children. First reports had said an American couple on their honeymoon had been killed. Private cablegrams confirm the report of the Dawsons' deaths.

Niece of C. R. Crane  
E. A. Russell, Mrs. Dawson's father, is vice president of the Otis Elevator company and she is a niece of Charles R. Crane.

The plane, according to dispatches, was not in the regular Paris-Prague service, but was on a special flight. The accident occurred when a defect developed in the machinery and the pilot attempted to make an emergency landing upon rough ground.

The plane circled over the town several times and then fell from a low altitude.

Dawson was killed instantly, while his wife died as she was being taken to a hospital.

They were making a flight from Paris to Prague to visit Mrs. Dawson's cousin, John O. Crane, secretary to President Masaryk of Czecho-Slovakia.

### Served in War

Lieut. Dawson served as an aviator in France during the World war and also as a government agent in the United States. Before her marriage Mrs. Dawson served in the office of the chief of staff in Washington and also in an official capacity at Fort Sheridan during the war. She was 11 years old and a graduate of Bryn Mawr college.

The couple planned to sail for home July 15 with Mr. and Mrs. R. M. Curtis of Chicago, with whom they had been on a tour of southern France.

It is understood that the bodies will be brought to Chicago for burial.

### JUDGE DECKER HAS GERMAN TIMEPIECE

Probate Judge Martin C. Decker of Lake county, is the proud possessor of a 400-day glock of German make having received the timepiece last week, a gift from an uncle who is travelling through Europe. There is only one city in the world in which this type of clock is made, according to the jurist.

assured officials of the Illinois bankers' association of his willingness to assist in training of the town guardsmen in efficient handling of firearms and experts in firearms attached to the Illinois National guard will be assigned to teaching the vigilantes and in overseeing their marksmanship on that day.

It is believed by those in command of the town guard system in the state that an organization of quick and accurate shooting marksmen will be created by the holding of the county and state tests that will eventually bring terror to the hearts of bank bandits and greatly discourage them in following their pursuit in Illinois.

## The Family Next Door
