SPECIAL CHEMICAL WORK

Colby of Illinois Chamber of Commerce Visits Highland Park: Writes of Notable Industry Here

Highland Park and its noted chemist and inventor, Carl Pfanstiehl, have been given a place in that notable Colby of the Illinois Chamber of Commerce, a number of which have been Caroni but no one can find it. printed in the Press heretofore. The ment of the Special Chemicals laboratory here and something of the career is the story:

Colby Visits Highland Park Manna did fall from the sky to feed the starving Israelites just as the Bible says. This was a natural phenomenon, easily explainable. Its possibility has been proven by a little group of Illinois scientists. I have seen manna, fingered it, eaten it.

Visit with me today a laboratory big tournament of the year. in Highland Park, Ill., where chemically pure products, amazing in their properties, products not manufactured in any other spot on earth, are being made for ultra-scientific circles. It is called the Special Chemicals laboratory. Romance is here.

Carl Pfanstiehl, not yet forty years old, scientist extraordinary, whose life-long motto has been "Start where remarkable things.

Began With War attainable. Army scientists had grave der way went forward briskly. need for them. Carl Pfanstiehl was
