Published weekly by The Udell Printing Co. at Highland Park, Lake County, Illinois

Entered as Second Class matter March 1, 1911, at the post office at Highland Park, Illinois, under the Act of March 3, 1879.

THURSDAY, AUGUST 26, 1926 NUMBER 26

## WOMEN IN OFFICE

A recent survey of the number of positions which women occupy as town, county, state and federal officeholders, has some elements of astonishment for those who do not keep their eyes on other sections of the country. We have now more than 11,200 postmistresses, and women serve as superintendents of schools in eight commonwealths. In Montana 50 of the 56 county superintendents of schools are women, in Colorado 52 of the 63, in Idaho 36 of the 44, in Wisconsin 29 of the 71, in Wyoming 19 of the 23, in Washington 21 of the 36, in North Dakota 64 per cent, in Oregon 44 per cent, in New Mexico 58 per cent, in Minnesota 50 per cent. The women are strong, too, as county recorders, county treasurers, clerks of court and auditors. In Utah, Iowa, Ohio, and Indiana, the percentages of county recorder offices filed by women are respectively 80, 56, and 25, the figures for Ohio and Indiana being about the same.

Two of our 48 states have elected women governors, Mrs. Ross in Wyoming and Mrs. Ferguson in Texas, each a beneficiary of a preceding husband, and Mrs. Ferguson being really governor in name only. Half a dozen women have been secretaries of state. Ohio has a supreme court judge. We have had women mayors recently in seven states.

## PATIENCE A VIRTUE

Now that the number of automobiles on the streets has doubled within a few years, the jams of many congested spots have become very irritating to many people who use cars. Some folk of an impatient disposition seem to lose all self-control. Their lack of a spirit of good-natured acceptance of these conditions causes many accidents.

If they fall in behind a line of cars on some highway, they can not wait for a good chance to pass ahead, but they will do so on curves or at various unsuitable places. Then some car unexpectedly appears and there may be a smash. People are not fit to drive automobiles through crowded towns and on congested roads unless they have a certain calm spirit of philosophy that is willing to wait for its proper turn, and which is not irritated by delays of some seconds or minutes, says the Newcastle Courier. The old proverb said that the "patient waiter is no lover," and it never applied more closely to anything than to automobile driving.

## CHRISTIAN SCIENCE

First Church of Christ, Scientist, Highland Park, Ill., 381 Hazel avenue, a branch of The Mother Church, The First Church of Christ, Scientist, in Boston, Mass., holds services every Sunday morning at 10:45 and on Wednesday evening at 8 p. m., when testimonies of Christian Science healing are given. Sunday school meets at 9:30 a. m. and is open to pupils under the age of twenty.

Subject for next Sunday's lesson: "Christ Jesus."

You are cordially invited to make use of the reading room, 361 Central avenue, which is open every week day from nine in the morning until six in the evening and on Sunday afternoon from 2:30 to 5:30. The reading room is also open for one-half hour following the Wednesday evening meeting.

## ST. JOHN'S EVANGELICAL CHURCH

Green Bay road and Homewood avenue

K. A. Roth, pastor

Sunday school at 9:30 a. m. To be regular and on time is a virtue. To come with a prepared lesson and a mind to learn is no less important. Make both your habit.

Morning Worship at 10:30. Sermon by the pastor. The general public is cordially invited. If you have no church-home make it St. John's.

By the way—do you believe in depriving others from the benefits they derive from regular attendance at Sunday services? Of course not. You would hardly think that quite fair, or even altogether decent, would you?

Do you then think it altogether right and fair to have company keep you and your family from the privilege you would not take from them? Would you miss an important business engagement because of company, or would you manage to excuse yourself for a while or to arrange the visit for a bit later? Would you miss your Sunday dinner just because your company either was not hungry or had already eaten? You would somehow manage to keep your appointment with mealtime and so keep from going hungry, would you not? Certainly you would!

Why not invite your company to church with you? If they are lovers of the better things of life they will appreciate it. If not they may become interested. And incidentally they will respect you for your loyalty to your church and to what you profess to believe. Help build your church by attending regularly.

On Wednesday evening, September 1 at 8 o'clock there will be a musical program "Singing Mothers of the World" given at St. John's church by Mrs. Frank McKibben of Evanston. Members and friends of the congregation are invited to attend. A silver offering will be taken.

## GRACE M. E. CHURCH

Topic, "How Can We Make Business Thoroughly Christian?" Leader, Joseph Redine.

7:45 p. m. Evening Gospel service.

Wednesday, 8:00 p. m. Prayer meeting.

Welcome to all.

## CHRISTIAN SCIENCE

"Mind" was the subject of the Lesson-Sermon in all Churches of Christ, Scientist, Sunday, August 22.

The Golden Text was from Isaiah 26:3, "Thou wilt keep him in perfect peace, whose mind is stayed on thee: because he trusteth in thee."

Among the citations which comprised the Lesson-Sermon was the following from the Bible: "O the depth of the riches both of the wisdom and knowledge of God! how unsearchable are his judgments, and his ways past finding out! For who

hath known the mind of the Lord? or who hath been his counsellor? For of him, and through him, and to him, are all things: to whom be glory for ever" (Romans 11:33, 34, 36).

The Lesson-Sermon also included the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Divine metaphysics, as revealed to spiritual understanding, shows clearly that all is Mind, and that Mind is God, omnipotence, omnipresence, omniscience—that is, all power, all presence, all Science. Hence all is in reality the manifestation of Mind" (p. 275).

## ZION LUTHERAN CHURCH

West Central avenue

W. F. Suhr, pastor

On Sunday there will be but one service and that in English at 10 o'clock.

Let us not fail to worship God on the Lord's day even if it is hot and sultry.

## H. P. PRESBYTERIAN CHURCH

Sunday, August 26—

9:45 Church school.

11:00 Morning Worship. The Rev. James G. K. McClure, D.D., president of the McCormick Theological Seminary, Chicago, will preach. Soloist, Mr. Louis M. Kreidler.

## GOVERNMENT CAN'T MIX WITH BUSINESS

One of Governor General Wood's many tasks in the Philippines is to take the "government out of business," says a writer in the Nation's Business. The Filipino statesmen, as is usually the case under similar circumstances, have confused "public ownership" with "politician ownership." A few years ago the island politicians decided to operate a coal mine under public ownership. It costs the government 36 pesos a ton

to mine the coal and its selling price is 19 pesos.

Nearer to Washington is another experiment of the government in business, the Alaskan railroad. Seventeen million dollars was appropriated to build it, but there seems to have been a miscalculation in the estimates, for it actually cost a little less than 60 million dollars. Five thousand people are served by this railway at an annual cost of \$400 for

each man, woman and child. Representative A. M. Frees, of California, just returned from a trip to Alaska, recommends that the railway be torn up and converted into a highway. The 60 million dollars can be charged to experience.

Claimed congress not doing much, but they are preparing some very fine speeches for the congressional record.
