

# Time for Planting Is Here!

## Spring Flowering Bulbs, Shrubs, Hardy Plants and Evergreens

We would like to serve you with Homegrown "Preferred Stock" at reasonable prices. We like to offer you free suggestions to help lay out your flower beds, perennial borders, or shrub planting.

Whether you wish only to consult us, purchase a pound of Grass Seed, a few Narcissi Bulbs, or whether you wish to make extensive plantings — a call over Phone 85 will get you in touch with us. For over 30 years we have been growing Flowers and Plants here, and are busier than ever. Our new Greenhouses located at the corner of Park Avenue and Ridge road, our twenty-four acre Nursery on Telegraph road adjoining the north Village of Deerfield limits, contain many thousands of Shrubs and Evergreens. — You can't buy better stock than we have nor any giving you better results.

### DARWIN TULIPS AND OTHER SPRING FLOWERING BULBS

Of all bulb stock to be planted during fall, to give us a mass of color during Spring, none compare with the beauty of the Darwin Tulip.

Of the many showy sorts there are three which are the leaders: Pride of Haarlem as a glorious American Beauty shade, large flower; Clara Butt, a delicate soft pink of fine habit; and the Yellow Darwin, growing not quite as tall as the other two, but fully as desirable.

We import these tulips direct from Holland and on these, quote the following special prices:

Extra heavy bulbs all first size.  
60c per doz. \$4.00 per 100. \$35 per 1,000.

All other bulbs such as Hyacinth Cottage, early single and double Tulips, Jonquils, Daffodils, Crocus, etc., we carry a full assortment of the best of everything and fully as reasonable as you can purchase elsewhere.

**PAPERWHITE NARCISSI.** To be grown in dishes to bloom in the house, select bulbs:

13 centimeter sizes \$ .75 per doz.  
Fancy select, 14 cm. size 1.00 per doz.  
Mammoth size 1.50 per doz.  
The latter usually produce two or more flower heads.

### FLOWERING AND ORNAMENTAL SHRUBS

Isn't there a satisfaction in seeing what you purchase in the way of shrubs and when comparing prices, isn't it only fair you should compare the stock you buy? We grow shrubs by the thousands — stock which will give you immediate results. For the small home grounds our assortments are especially to be recommended.

Plant a few shrubs this fall, even when in a dormant state during winter, they are beautiful and especially when properly grouped and we shall be pleased to assist you in doing that. Of late years landscape gardeners have advocated the planting of native shrubs and such as are considered "out of the ordinary." We have no objection to that, but for those developing new home grounds let us say that such stock requires even more care and attention to become established and a longer time than the old standbys, nor should this prevent any one to be deprived of, for instance, the showy Hydrangea, Bridal Wreath Spiraea, Goldenbell Forsythia, Snowball, Lilac or Weigelia, the Sweet Flowering Honeysuckle Bush, followed by its branches covered with red berries, the Japanese Quince, the Sweet Scented Mock Orange, the red berried Barberry, and the Snow Berry, the Red and Golden Twiggled Dogwood — don't all of these and many more belong to every home ground? Start out with them and later on if you wish add the Native Thorn, Sumach, Wild Rose, and others.

The general line of shrubs with the exception of Li-

lacs, Hydrangeas, Japanese Quince, and a few others, (heavy 3-4 ft. stock) run in price as follows:  
65c each \$6.75 per doz. \$50 per 100.

Besides these, we carry a still lighter grade at 20% less, but do not recommend them, but like to call attention to our extra select stock of such sorts as Bush Honeysuckle.

Syringa, Snowberry and others, ranging from 4 1/2 to 6 feet and bushy all specimens, three and more times transplanted, we offer at: \$1 each; \$12 doz.; \$75 per 100.

### EVERGREENS

The severe winter of 1925-26 has ruined many thousands of fine Evergreens, and particularly varieties, while among the most beautiful, not hardy with us. In view of this fact, one can't help but appreciate more and more the Norway Spruce, Austrian Pine, Red Cedar and a few others which all of them, are perfectly hardy at the same time, are so desirable for the creation of a charming Winter Landscape effect and are so much more reasonable in price.

We quote of our own growing the following:

NORWAY SPRUCE. 2-3 feet	\$3.75
3-4 feet	5.00
4-5 feet	7.50
WHITE SPRUCE. 2-3 feet	4.00
3-4 feet	5.50
RED CEDAR, a splendid Pyramidal Evergreen.	
2 feet	2.75
3 feet	4.00
4 feet	6.50
AUSTRIAN PINE, a most desirable fast growing Evergreen. 3 feet	4.75
4 feet	6.50
5 feet	9.00
ARBOR VITAE. (The stock we offer has all been grown on our own grounds and came through the past winter in fine shape. 2 feet	3.50
3 feet	4.75
4 feet	6.25
5 feet	8.00

### PERENIALS OR HARDY FLOWERING PLANTS

You are missing much, if you don't have at least a few Peonies, Phlox, Iris, Larkspur, and other hardy flowering plants in your garden or prepare a bed or border for them. More and more perennial plants being appreciated, more beautiful new sorts are being introduced and varieties giving us flowers from May on up to November.

We can't here, list all the sorts we carry, call up TEL. 85 for a copy of our Catalog or suggestions on what is best and how to plant—it is free and may help you much.

We make up the following assortments for the small homegrounds, consisting of varieties all good as cut flowers, and prices especially low:
