**Weary Willies Welcome—
"If" They Will Work**

Well, well—the millennium has arrived for hobodom! Look at that sign pictured above—a sign that aroused the curiosity of tourists near a certain western city. Instead of hastening the dusty knights of the road on their way with a vicious dog warning, it invites them in. But—here's the catch. See that shovel, hoe and rake? They spell "WORK!" And that's something the average side-door Pullman passenger doesn't want to know anything about. So we doubt whether the rancher who put up the sign got the help he sought. Anyhow, his invitation was interesting.
