PLAN TO PUT WIRES UNDERGROUND SOON

Glencoe Discussing This Proposition for Sheridan Road There

The matter of placing all public utility wires along Sheridan road through Glencoe, underground and the installation of a new ornamental post lighting system on this highway from one end of the village to the other, was considered by the village board of local improvements at its regular meeting last week.

The matter was brought to the attention of the board by C. W. McGuire, of 760 Sheridan road, Glencoe, who appeared before that body Monday for the success of his client, who in this case happens to be the treasury of the United States and a great body of American taxpayers.

Mr. Winston is still a young man; but when he came to the treasury he had already reached the top in the legal profession. After graduating from Yale, he began the practice of law in Chicago, and in a few years became a member of the firm of Winston, Strawn & Shaw, one of the greatest Chicago firms in Chicago and well known throughout the country.

During the war, Mr. Winston left his law practice and in August, 1917, was commissioned major of artillery, O.R.C. He later saw service overseas and has a fine war record for his work in commanding an artillery battalion. After the war was over, he went back to his law practice in Chicago. He remained there until the summer of 1923, when Secretary Mellon as his chief assistant in carrying out the work of the treasury.

Possibly the two outstanding achievements of the present administration of the Treasury has been the reform of the tax system and the funding of the foreign debts. In helping to carry out these policies of Secretary Mellon, Mr. Winston has had a very important part.

Life is just one thing after another. We won't any more than get rid of the primary elections this summer until it will be time for the League of Nations to meet again.

Speaking of extreme cruelty, a Los Angeles jury had to attend a showing of "Desire Under the Elms" and they didn't even give the jurors a chance to escape at the end of the first act.

ORGANIZE BRANCH OF TRUE KINDRED ORDER

Meeting Held at Wilmette and Name Chosen, Lake Shore Conclave

Nothing can make a girl more unpopular than winning a popularity contest. A New York man went to a lawyer the other day and said that his wife had called him names, beat him with a poker, sold the parlor furniture and eloped with a vaudeville actor. "I wanted to ask you," said the husband, "if you can't think up some grounds for divorce."

Recently a meeting was held at the home of Mrs. Fred M. Coker, 1538 Central avenue, Wilmette, to organize a True Kindred Conclave. A large number of residents of Wilmette, Winnetka and north Evanston were present. The meeting was in charge of Mrs. Nellie G. Walker, grand commander of the True Kindred of Illinois. It was decided that the name shall be Lake Shore Conclave and the place of meeting, the new Wilmette Masonic temple, and the time of meeting to be the second and fourth Tuesdays of each month.

The True Kindred order has been in existence about twenty-five years and its membership is composed of Master Masons, their wives, widows, sisters, and daughters. It is a charity organization, directing its activities principally in connection with children's welfare. Among other things, it has furnished and supplied the nursery at the Illinois Masonic hospital.

There will be a card and bunco party, sponsored by the conclave, at the home of Mrs. August Meyers, 1721 Highland avenue, Wilmette, Saturday evening, October 23.

HAWTHORN SCHOOL MOTHERS' MEETING

Hawthorn school held its first meeting of the Mothers' association last week, a representative group attending. The following officers were elected for the school year:

Mrs. E. R. Reichmann, president; Mrs. Andrews Allen, vice-president; Mrs. G. H. Matthews, secretary-treasurer.

Miss Ruth Paterson, charge of the first and second grades, presented the charts that are being used in the school. These are in the form of weekly records and are used to compare the progress of each child.

Miss Isabel Pone, in charge of the kindergarten, spoke of the work in her department.

Refreshments were served by some of the mothers.

SCHOOL DAYS ARE HERE

And fall is here with its demand for a slow, even fire every now and then.

You will want some coal for those first chill days, your bin full of a good quality coal, a coal that will carry a slow, even fire now, and stand up under a hot, quick fire later on.

If you are looking for coal that gives satisfaction at all times, we have it.
