## HIGH SCHOOL HOME COMING, NOV. 13TH

### NEW TRIER TO PLAY HERE

**Big Crowd Expected; Athletic Field to Be Dedicated; Alumni Dinner and Dance, Evening**

Preparations are under way at Deerfield-Shields high school for the seventh annual Home-coming celebration to take place on Saturday, Nov. 13. Features will be a football game with the New Trier team in the afternoon, dinner in the evening for alumni, faculty, seniors and members of the team. Dancing will follow.

It is expected that fully three thousand persons will attend the football game between Deerfield and New Trier in the afternoon. So far this season New Trier has given a good account of itself, holding some good teams to small scores.

**Expect Record Crowd**  
Undoubtedly this year's attendance at the Home-coming game will be the largest in the local school's history. Every year the attendance has grown larger, and many more are expected to witness the game with New Trier than attended the game with La-Grange at the local homecoming celebration last year.

The game will start at two o'clock and because of the good showing made by the New Trier team so far this season, a desperate battle is in prospect. Last year Deerfield-Shields defeated New Trier 20 to 7, and undoubtedly this season their old rivals will come determined to even the score.

## Public Library Is Plan at Deerfield; Form Association

In Deerfield village a movement has been started for the establishment of a public library, and an open letter has been sent out by the Deerfield Public Library association, recently organized, of which William W. Geary is president, and Mrs. Walter B. Metcalf, secretary.

The letter follows:  
Deerfield, Oct. 23, 1926.  
An open letter to the people of Deerfield:

The rapid growth of the Village of Deerfield and of the school has developed an urgent need for a public library. Recently the heads of all the different civic organizations met, and organized the Deerfield Library Association. It is incorporated under the laws of the State of Illinois and the charter is recorded in Waukegan.

The 4-room addition to the school should take care of the growth of the village for the next five or six years, according to the opinion of the school board, but, just at the present time, the school does not need the entire four rooms. So, inasmuch as the children will be the greatest users of the library, the school board gave the library association permission to use one of the rooms as their temporary quarters until such time as the school will require that room and the library is able to secure permanent quarters. The library will pay a nominal charge for the use of this room.

Deerfield is fortunate in counting among its residents, Mrs. Frank Russo. Mrs. Russo is a trained and experienced librarian and she has devoted the last three months of her time compiling a list of books to be purchased for our library. After many consultations with the librarian of the Highland Park public library and the Chicago public library a most complete list has been selected. A foundation has been laid for a library that will be a credit to Deerfield when it has a population of twenty thousand. This foundation can be built upon or added to, as the years go by.

There will be no drive or campaign in the Village of Deerfield to raise funds but the Association will be glad to receive donations of books or of cash, regardless of the amount. The association thinks that a donation of one dollar each is much more desirable than one hundred dollars from one person.

The library association is a permanent organization—it belongs to the people of Deerfield—and it is hoped the people will make use of it.

Yours truly,  
Deerfield Library association,  
Wm. W. Geary, Pres.

## TWO MEN KILLED IN CROSSING CRASH

### BUS DRIVER DIES AT POST

**Lyman Dean, Pilot, and E. Bornhoeft, Passenger, Victims; Students Injured, But All Will Recover**

Lyman Dean of Highland Park, driver, and Emil Bornhoeft, of Northbrook, passenger of a North Shore Line motor coach were victims of a fatal accident which occurred early Monday morning when the coach, in which were a number of Deerfield-Shields high school students, was struck by a fast train on the Chicago, Milwaukee & St. Paul railroad at Northbrook. Dean was killed instantly and Bornhoeft died before reaching the Highland Park hospital. Several students in the bus en route to school were injured and others had narrow escapes from injury when the bus was hurled from the tracks.

**Sacrificed His Life**  
Dean, who was regarded as a very careful driver, had made the usual stop before attempting to cross the railroad. A store building obstructed the driver's view, it is claimed, and he failed to see the train approaching and started to cross the tracks. Then he saw the train when the front end of the bus was already on the crossing. Immediately he jammed his gear into reverse and tried to avert the crash. That Dean sacrificed his life to save his passengers (Continued on page 7)

## HIGHLAND PARK HAS SOCCER FOOTBALL

**Local Team Plays Dalzell at Elks Field, Sunday; Interesting Game**

If you have been following the sporting pages of late years you will have noticed that soccer football is played in Chicago. You may have noticed that there have been invasions by championship teams of European countries, such as the Sparta team of Prague, Czechoslovakia, which is still in this country. For soccer football has a place in the sports of Europe similar to baseball in this country. However, it is on the upgrade in popularity for it is a fast game.

Highland Park has a newly organized team with many players of experience. They are playing Dalzell Sunday, Oct. 31, at Elks field. Dalzell is a strong team undefeated the past season, but were able to win over Highland Park by only a narrow margin in the first game played at Dalzell. This should be a chance to see a novel and interesting game.

## CASE AGAINST CITY IN CIRCUIT COURT

**Arguments Heard in Wallen-Cowie Suits; Written Briefs Asked**

Arguments before Judge Edwards in the Wallen-Cowie cases for an accounting of \$13,948.00 paid to Corporate Counsel Sam Holmes of Highland Park, in addition to his fixed salary of \$2,400.00 per annum in the years 1924 and 1925, have been up for argument upon the pleadings. The court has asked that written briefs be filed by the parties within two weeks, setting forth their respective contentions. The defendants contend that the constitutional and statutory prohibitions against an officer contracting with the city or receiving extra compensation above his fixed salary does not obtain under the commission form of government under which Highland Park is operating.

## START FUND FOR FAMILY OF HERO

### OSSOLI CLUB TAKES LEAD

**Action at Opening Session of Season Tuesday; Public Is Asked to Aid; Program of Meeting**

Interest should be general in this community over the plan of the Ossoli club to raise a fund for the widow and children of Lyman Dean, driver of the Deerfield-Shields high school bus, who sacrificed his life to save the lives of his passengers on Monday morning. The plan is explained in the following account of the opening meeting of the club:

Tuesday marked the opening meeting of the Ossoli club, for the season 1926-27, the president, Mrs. Hopkins, presiding. The rooms of the club house were all decorated with beautiful baskets of dahlias, and cosmos, while the stage arranged for the musical which was the feature of the afternoon, was banked with palms, and autumn foliage.

The curtains at the windows of the ballroom were open and the sunlight streaming in, with the view of the beautifully colored trees outside, made a picture that many spoke of.

**Sings in Costume**  
After a word of welcome to the members and guests from the president, the usual business meeting was deferred until the second Tuesday of November, the next meeting day, and Mrs. Hopkins presented the artist of the afternoon, Ida Mae Cameron, in three groups of songs, each group exquisitely costumed. Miss Cameron, wearing in the first group a colonial gown of white satin and lace, and white wig. The second group of Irish songs was appropriately costumed, while the third group brought a wonderful Spanish gown, with its accompanying mantilla and fan.

Beautiful as Miss Cameron's voice was last year when she appeared before the club, it seemed even lovelier this year, with an added richness that held her audience and thrilled them.

At the conclusion of the program, the president announced the privilege extended them, by the board of the Highland Park club, of a new form of associate membership, which would permit the club to take in new members under this classification, and some of their former ones, who had been forced to give up their memberships because of changes in residence of their families.

**Fund for Hero's Family**  
Mrs. Hopkins also asked that the club vote, from its philanthropy fund a sum to be given to the widow of Lyman Dean, the driver of the Deerfield-Shields bus, whose heroism on Monday saved the lives of the school children entrusted to his care, at the expense of his own. This plea met with instant response from the members, and not only was a sum voted from the philanthropy fund but the members gave individually and more was pledged. It is hoped that this fund may reach a very substantial amount, and any citizen who cares to contribute to this cause, may do so, money so collected being sent as a separate fund, and not as coming from the Ossoli club. Anyone desiring to join this worthy cause may send cheques to Mrs. Hopkins or Mrs. Charles Gifford of the Moraine hotel, or to the Highland Park Press. All contributions will be duly credited and the money forwarded.

It is hoped that Highland Park citizens will respond to this appeal generously.

Tea was served at the conclusion of the meeting, Mrs. Marshall Sampson and Mrs. Bevinon pouring at the beautifully appointed tea table, centered with yellow chrysanthemums.

## Loyalty Campaign Progressing Well; Coming Features

The six weeks "loyalty campaign" opened very auspiciously last Sunday at the Highland Park Presbyterian church. The services held throughout the day showed a decided increase in attendance.

Definite goals have been set in all departments of work. The church school last Sunday came within 17 of its goal of 400. The Young People's Society are within twenty of their goal of seventy-five. The Dorcas Society, meeting next Wednesday, also have 75 as a goal.

The Woman's Missionary Union, meeting Nov. 8, are already at work for the largest, most interesting meeting of the year. The next day Nov. 9, the Presbyterian Guild will meet at the church and will entertain the Guild from the Community church at Gurnee. The Guild is following an outline of study this year dealing with the rural church and its problems.

The lectures on "The Portraits of Christ" as found in the New Testament by Rev. Frank Pitt, are proving most helpful and an increasing number of people are enjoying them at the Wednesday night services. The motion pictures of life in Palestine make these meetings doubly worthwhile. Palestine is rapidly becoming like the rest of the world with its modern railroads and the introduction of new methods for making life more comfortable and efficient, but less picturesque. It was with the idea of preserving for posterity a true pictorial record of Palestine as it was in the days of the Patriarchs, the Prophets and of Christ and His disciples, that a pilgrimage to Palestine was made.

A cordial invitation is extended to the public to attend these meetings. "Be loyal" is the Presbyterian watchword for the next six weeks; loyal to every service of the church, and loyal to Christ and His Kingdom.

## WILLIAM TILLMAN, OLD RESIDENT, DIES

### PIONEER CALLED SUDDEN

**Heart Attack Takes Him While Seated in Car Monday; Long and Useful Career; the Funeral**

William Tillman, whose residence in Highland Park and vicinity has been as long if not longer in point of years than that of any other living citizen, died suddenly about 10 o'clock Monday morning at his home.

He had gone out to his garage and was in the seat of his car behind the wheel when the heart attack came which ended his life. He had been suffering from heart trouble for six months and had been under the care of a physician, so that an inquest was not deemed necessary.

William Tillman was born in Waukegan August 1, 1856, and when he was 12 years of age he moved with his parents, Mr. and Mrs. Frederick W. Tillman, to the vicinity of Highland Park, where they settled on what for years has been known as the old Tillman homestead, one and one-half miles west of this city.

Those were pioneer days in this locality and the family knew the difficulties and hardships of that period. Thick woods covered the land and it was necessary to chop down the trees and clear the land before crops could be planted. The first year they raised some potatoes and wheat and built a cabin of logs from the trees felled. Clearing of the farm was continued by Mr. Tillman and the wood was sold to the railroad for fuel. It was no unusual thing in those days. Mr. Tillman used to relate when in a reminiscent mood, for him to load a wagon with several sheep, two or three hogs (Continued on page 7)

A feature of the afternoon session which begins at 2:30 o'clock will be an address by Mrs. Walter Seymour, president of the Illinois Federation of Women's clubs, who will speak on "Our Federation." Mrs. W. F. Farrell, president of the Tenth District federation, also will speak. In the evening Mrs. J. Paul Goode, Illinois legislator, will speak in the armory on "Let Women Mind Their Own Business." The evening meeting opens at eight o'clock and music will be provided by the high school band.

The following evening the opening formal dance will be held which will also be a Halloween party.

Monday, Nov. 1, the opening stag of the season will be given. It is understood that several interesting wrestling and boxing bouts have been arranged, also suitable musical entertainments. This will be followed by refreshments.

On Thursday, Nov. 11, the first informal dinner will be served. This is a new feature being tried this year, and will be held every Thursday evening. Dinner will be served at a very nominal charge at 6:30 and will be followed by some form of entertainment lasting until nine o'clock.

## WAYSIDE SERMONS NO. 11

"Oh, what but afar the fire gleams on the rare blue hills." Ingelow

Indian Summer seems to be with us for a day or two, if not longer. I have always been inclined to believe that Indian Summer was as "rare as a day in June." It comes so seldom that it is almost like a myth. It is summer's final adieu to the old earth. It is like the after-glow which follows sundown. It is as sweet and fragrant as the last rose in the garden. Under its wooing the songbirds stay their flight and even seem to permit themselves to be called back from more southern latitudes.

The purple haze rests on the far horizon suggestive of the council fires of Indian tribes in days long gone. There is a drowsy sweetness in the air as the season strikes its delicate balance between the passing of fall and the coming of winter. I love to think that the Indian, whose name this brief season bears, held sweet communion with the Great Spirit as only the child of nature can. We ourselves have not wholly outgrown the primitive. God makes His appeal to us still through the ancient ritual of nature. Dead is the spirit of the man who can not find the rich beauty and tenderness of God revealed in the priceless hours through which Indian Summer dreams itself away.
