ARMISTICE

Armistice Day is an occasion when every American can well have a feeling of hearty pride in his country. Without exaggerating what our country did in the war, it can be said that a peaceful nation which had given little attention to war problems went to work in earnest when the demand came and in nineteen months produced and equipped a vast armed force which was capable of meeting the best soldiers in lands where militarism had been a profession from time immemorial.

Such a demonstration should give us here in Illinois a great faith in the future of our country and its ability to meet all emergencies. Americans can do almost anything they set out to do. But to accomplish these great results they must learn to throw themselves into community efforts with something of the same enthusiasm which they manifested during the war. During the war the people worked and gave and sacrificed instead of just talking about it. We can win results in the causes of peace time only in the same way.

SPLENDID PROGRESS DEERFIELD LIBRARY

Proposition Gets Large Support and Operation Begun Soon; Says Letter

That splendid progress is being made in the work of establishing a public library at Deerfield is evidenced by the following informative open letter to the people of Deerfield written by William W. Geary, president of the Deerfield Public Library association: Deerfield, Ill.

An Open Letter to the People of Deerfield: The Public Library association's share of the receipts of Deerfield day was received by the writer Saturday, Nov. 6.

The people of Deerfield are to be congratulated on the public spirit in which they show by patronizing these Deerfield days, the funds of which are used for the exclusive benefit of enterprises that enter to the welfare of the people at large. Last year the carnival fund paid the debt of the fire truck. This year they made a nice contribution to the Public Library association and, I understand, the Chamber of Commerce is contemplating using the balance of the funds in some other public spirited way.

We hope to have the library in running order by December 15. We are somewhat delayed on account of the slowness of completing the new school building. We want to have a public reception the night of the opening to everybody in Deerfield township.

The writer has received several telephone messages asking where contributions for the new library could be made. Inasmuch as there is no concentrated drive being made to raise funds, checks or money can be sent to the writer, Mrs. Walter B. Metcalf, Mr. Jesse Strong, Mayor James J. Hood, Mrs. Frank Russo or to Paul Dietz at the Deerfield State bank.

We feel that some are hesitating about giving because they did not feel they could give a large sum. We need about \$700 more to finance the library so that it will be self sustaining for about a year and one-half so no one need hesitate about giving \$1, \$2, or \$5 to any of the above named people.

Yours truly, William W. Geary, President.

MARK SOCCER TEAM IS DEFEATED SUNDAY

The Highland Park soccer football team won a hard fought game Sunday afternoon at the Sunset Wood Athletic field defeating the team at Mark, Ill. The visitors were a team of more experience in playing together, but Highland Park put up a tight defense and gradually assumed the offensive. It looked as though there would be no scoring till in the last two minutes, the guard fumbled and a Highland Park forward kicked the ball between the goal posts.

It was a good game, marked by team work and strong defense. Highland Park showed improvement and next season should have a winning team. Next Sunday they play a return game at Mark, Ill.
