three individuals ranking the highest will receive agricultural college scholarships of \$500, \$300 and \$200 offered by the Chicago Association of Commerce and the winning team will be awarded the handsome trophy symbolic of nation-wide supremacy.

Feeding Contest When the curtain rises the following day on the "27th Anniversary international", the future farmers will again be the center of attention as they lead out their highly-fitted baby beeves, lambs and pigs to compete in the classes of the Junior Feeding Contest. These animals were the outstanding individuals of the county and state fairs this fall and have been carefully groomed for the supreme struggle at Chicago. A special auction will be provided for their sale on Friday, December 3. While the junior live stock titles are being decided in the arena, farm boys and girls will also be exhibiting samples of corn in the junior classes of the International Grain and Hay Show for the honor of being crowned the Corn Prince or Princess of 1926.

Boys' and Girls' Congress The Fifth National Boys' and Girs' Club Congress, fostered by the National Committee on Boys' and Girls' Club Work in co-operation with the U.S. Department of Agriculture and the State Agricultural Colleges, will be held in connection with the International Live Stock Exposition and over 1200 state and county champion club members and their leaders will attend from 41 states, Canada and Hawaii. An entire building on the Exposition grounds has been dedicated to club work and this will be filled to overflowing with junior activities. National contests will be held between state champion exhibits of clothing, preserved foods, home beautification, cotton and potatoes and state champion teams will give continuous demonstrations of the various club projects. The girls will take part in clothing, canned goods and bread judging contests and will appear in a style show wearing outfits made by themselves. The National Health Contest and Moses Leadership winners will be selected and introduced during the Congress, Monday night an inspiring tribute to the farm youth of America will be staged in the Amphitheatre, featuring a parade of juniors and club products.

When Europe's day is done it is midday in America

THEREFORE, an American afternoon newspaper with an efficient foreign service can give the complete story of Europe's day the day before it is published in any morning newspaper.

Thirty years ago The Chicago Daily News established its own foreign news service, to obtain for its readers exclusive news from other countries in which they were particularly interested. Today The Chicago Daily News maintains resident special correspondents in the principal capitals of Europe and Asia, and a corps of special traveling correspondents covering all important news "fronts."

The superiority of The Chicago Daily News Foreign Service is evidenced by the fact that 70 leading newspapers in the United States and Canada buy and publish this service.

All the important news of the world-first, complete and accurate—is within the grasp of the correspondents who supply the material for this service.
