NATIVE OF INDIA TO GIVE LECTURE HERE

BEFORE WOMAN'S CLUB

Dhan Gopal Mukerji, Graduate of Leland Stanford and Widely Known Speaker; Meeting Next Tuesday

The next meeting of the Highland Park Woman's club on Tuesday, Dec. 7, at 2:30 p.m., promises to be particularly interesting one. The speaker is Dhan Gopal Mukerji and his subject is "The India of Kipling and the India of Gandhi."

Mr. Mukerji is born of Brahmin parentage, the priest cast of India, and as a boy only eleven years old, took charge of the rituals of his religion, performing marriage ceremonies and even burning the dead.

Mother Love Strong was his great love and reverence for his mother. He tells of her in his book "Caste Outcast" and of her last request of him: "Keep the doors of your mind open, so that not one of God's truths will have to go away because the door is shut."

The jungle was his nearest neighbor, his home being right at the edge of the forest, and his three books for children, "Kari, the Elephant," and "Hari, the Jungle Lad," and "Jungle Beasts and Men," are fascinating loved by every child that reads them.

Enters Priesthood At fourteen he was initiated into the priesthood, after this awe-inspiring ceremony he took his begging bowl and staff and begged his way from city to city for two years, for the Aryan says: "What better way to know people than to beg from them?" He then took up studies at the University of Calcutta, later studying industrial machinery and western methods of production in Japan, finally finishing his education in California, where he spent his last borrowed dollar for entrance fees at the University of California.

He worked his way through college by dishwashing and working in the fields but always studying, reading, talking; and was graduated from Leland Stanford university in 1914, where he went in his senior year. Ever since then he has been sought as a lecturer in educational centers.

Has Friends Here It will be of interest to many to know that Mr. and Mrs. Ernest F. Nolting of Ravinia are friends of Mr. Mukerji, Mr. Nolting having been his classmate at the University of California and Mrs. Nolting is a sorority sister of Mrs. Mukerji. Mrs. A. O. Mason, Jr., Mrs. H. C. Kennicott and Mrs. Carl Pfanzstiel are also friends of Mr. and Mrs. Mukerji.

TRADE AT HOME IS TIMELY SUGGESTION

SPEND TAX MONEY HERE

Local Merchants Entitled to First Consideration; Do Not Always Get It; Urged Now

During the holiday season and at all other times local buyers should patronize local merchants and producers wherever possible. Why go out of Highland Park for goods and service which can be obtained as cheaply and as well performed right here at home?

This is the season of Christmas buying. It is just commencing, and local business houses in all lines of merchandise have ample stocks and a wide variety in all departments to choose from. Their prices are as reasonable as can be obtained anywhere for the same grade of goods. They help pay local taxes and are always called on to aid in every civic movement. They spend their money freely to help boost the things that local people want boosted. They deserve consideration when local people are a-buying bent.

Spend Tax Money This is especially true when it is a matter of spending money raised by taxing bodies. Public money is money which the taxpayers of the city pay for the privilege of having good city government, good streets, good lighting facilities, good sidewalks, good schools, etc. The people pay all the school expenses through the medium of taxes, and schools, wherever possible, should buy their supplies from local concerns. Of course there are supplies which cannot always be secured locally, but it is felt by those who have interested themselves in this matter that those things which are obtainable here should be bought here, other things being equal.

Milk and Photographs There has been some complaint recently regarding purchase of milk for school uses from outside sources. There is no reason for this, those who report the cases declare. There are several local dairies, and they help pay local taxes; they should be considered first, in the opinion of public spirited citizens who believe in the "Trade-at-Home" slogan.

Their drivers all live in Highland Park and most of them own their own milk cans.

December Program Contains Interesting Events; Formal Dinner-Dance Dec. 2

The officers of Fort Sheridan and Great Lakes Naval Training station have been invited as guests of the club for this event and undoubtedly a very good attendance of the club members will be had.

The December program of the club is out and contains many interesting events. A formal dinner dance will be held on December 4 and on December 2, the first Thursday evening informal dinner of the month will be held. Following this dinner, Mr. George E. Moore, one of the club members will show some interesting movies which he took on a recent trip through the Orient. Other events will be announced later.
